

Collaboration at your fingertips in 4K

Dell 55 4K Interactive Touch Monitor | P5524QT

The world's # 1 monitor company*

* Dell monitors are #1 Worldwide for 9 years! Source: IDC Worldwide Quarterly PC Monitor Tracker, Q1 2023. From 2014 to 2022.

Collaboration at your fingertips in 4K

Foster collaboration with this 55" 4K interactive touch monitor.

Bringing teams together

Actively engage with your teammates whether they are in the room or at a remote location with this brilliant 4K 55" monitor with 20-point touch, built-in dual 10W speakers and dual-tip stylus.

Convenient connectivity, setup and management

Comprehensive connectivity options including USB-C®, easy installation and network manageability.

Exclusive to Dell. Inclusive for all.

Exclusive Dell Screen Drop feature, designed to improve reachability for users working from different heights.

Connect. Present. Collaborate.

All-in-one convenience

Seamlessly integrate an optional Dell OptiPlex Micro and allow IT to select the best option for varying business needs.

Manage your meeting spaces

With RS232, RJ45 and HDMI CEC ports, you can use remote management tools to maintain and control your Large Format monitor with a network control system.

Connect to productivity

Make your monitor a productivity hub with extensive connectivity options including HDMI, DP and USB-C (with up to 90W of power delivery) that delivers power, audio and video — all in one clutter-free setup.

Striking presentations

No matter where you stand or sit, see consistent colors across the screen thanks to the wide viewing angle enabled by In-Plane Switching (IPS) technology.

Clearly captivating

Experience exceptionally sharp 4K images and text with monitor scaling technology. ComfortView and anti-glare, anti-smudge coatings deliver greater legibility and a better extended viewing experience.

Instant engagement

With InGlass™ 20-point touch capability, multiple users can interact with the screen at the same time.

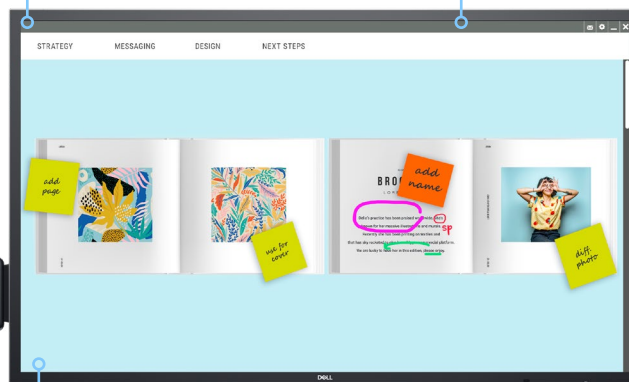

Write in style

Mimicking a more natural writing tool, the dual-tip stylus has an ergonomic, easy-grip design, a fine writing tip and a precise eraser. It also magnetically attaches to the side of the display, so it's never misplaced.

Collaboration at your fingertips

Annotate with your fingers and erase with the palm of your hand. Palm rejection allows users to rest their hands naturally onscreen without unwanted marks.

Exclusive Dell Screen Drop
Improve reachability for users of different heights using Dell Screen Drop.¹

Exclusive Dell Screen Drop

Improve reachability for users working from different heights.

Environmental standards

ENERGY STAR® and EPEAT® (Silver).

Seamless integration with Dell Meeting Space Solutions

This interactive touch monitor has been tested and validated to work with complete conference room ecosystems that include high quality audio, video and room control, powered by OptiPlex Micro.

Dell Display Manager

Improved multitasking

Organize your screen with Easy Arrange and save profiles with Easy Arrange Memory.

Easy navigation

Share a single keyboard, mouse and monitor between multiple PCs with USB KVM wizard.¹ Quickly switch between PCs with the quick-access menu or hot keys.

Smooth deployment

Manage your fleet of monitors with features that are automatic, comprehensive and compatible with several tools.²

Convenient customization

Quickly access your favorite features and functions with the menu launcher and hot keys.

[Download Dell Display Manager](#)

¹ KVM (keyboard, video, mouse) is available on select monitors only. For monitors that don't support USB KVM, the input source feature is an alternative. You can share multiple input sources to one monitor, but you cannot share one keyboard and mouse.

² Tools including SCCM/Intune and Command Line Interface scripts.

Sustainability on Dell Monitors

Environmental standards

This monitor uses 85% PCR (Post-consumer Recyclable) plastic in the design¹, 90% recycled aluminum, and meets the latest environmental standards such as ENERGY STAR[®] and is EPEAT[®] Silver² registered.

Eco-conscious packaging

Dell commercial monitors ship in select packaging components made with up to 90% recycled materials.³

Energy conservation

Save energy when your monitor is not in use with PowerNap⁴, a feature that dims or puts your monitor to sleep when it's not in use.

1 By weight of the total weight of plastic parts in product. Excludes printed circuit boards, labels, cables, connectors, electronic components, optical components, ESD components, EMI components adhesives, and coatings.
 2 EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country.
 3 Applies to outer box and paper cushion packaging materials, based on internal analysis, October 2022.
 4 Enabled by Dell Display Manager

Recommended Accessories

Dell OptiPlex Micro

Dell OptiPlex Micro Form Factor enables an all-in-one like experience when combined with conferencing software. It allows video conferencing, whiteboarding, presentations and other applications to be run directly on the monitor or a very easy-to-use meeting experience.

Chief Large Fusion LSA1U Fixed Wall Display Mount

This robust mount with quick installation features secures heavy displays to protect user investments. Plumb adjustment helps vertically align the display.

Logitech MeetUp Conference Camera

This all-in-one HD conference camera features a compact design, extra-wide field of view, motorized wide-angle lens and integrated beamforming audio specifically designed for small rooms. RightSight technology automatically adjusts camera position and zoom so everyone can be seen.

Ports & Slots

- 1** HDMI
- 2** DisplayPort
- 3** USB Type-C / DisplayPort
- 4** RS232
- 5** Audio line-out¹
- 6** USB 3.1 upstream
- 7** USB 3.1 downstream

- 8** USB charging port
- 9** RJ45
- 10** OptiPlex holder
- 11** Security lock slot
- 12** Speakers
- 13** Power on/off button

¹ The audio line-out port does not support headphones.
