

# Maximize Value for Your Business in 5 Easy Steps

Asset Recovery Services

## 1 Get an Appraisal and Associated Fees

Your aging assets may have more value than you think. Get a real-time appraisal, an assessment of their value and estimate of service fees – all through our online portal.

1

2

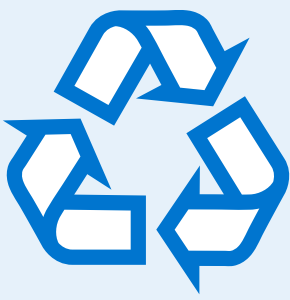

## Schedule Asset Removal

Once you purchase service credits, let us handle all the logistics and transportation of your IT equipment, regardless of brand, from pick-up to final reporting. Our centralized online portal makes it easy to stay in control and download customizable status reports throughout the entire chain of custody.

## 3 Keep Your Data Safe

Our number one priority is keeping your data safe. We sanitize devices onsite or offsite, in strict alignment with the NIST SP 800-88r1 standard to ensure data doesn't fall into the wrong hands.

3

4

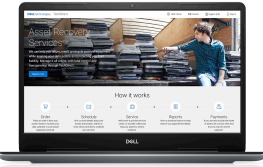

## Resell and Recycle

We'll prioritize reuse where possible, reselling what we can to maximize your value return. Anything we're not able to reuse, we'll responsibly recycle adhering to strict standards for environmental compliance worldwide.

## 5 Fund New Innovation

Streamline the IT lifecycle while maximizing residual value in your old IT equipment to fund new innovation.

5

Conveniently manage the entire process through our centralized online portal.

## A PARTNER YOU CAN TRUST

Dell has offered secure asset recovery services for businesses around the world for more than 25 years. We have the scope, scale and proven compliance expertise to manage the entire process, saving you from multi-vendor headaches and ensuring protocols are met.
