

OPTIMIZE YOUR ORACLE DATA INFRASTRUCTURE WITH DELL APEX DATA STORAGE SERVICES BLOCK

Transform your Oracle data into powerful outcomes

43% of data managers indicate the amount of resources spent on ongoing database management severely limits their business competitiveness.¹

Common roadblocks preventing Oracle data infrastructure modernization

Unpredictable data growth

Limited IT staff time and resources

Risk of business continuity

Reduced performance and security

Dell APEX Data Storage Services Block addresses these challenges, delivering Oracle storage infrastructure as-a-Service.

- Supports a wide range of structured, traditional and modern Oracle workloads.
- Simple configuration, monitoring and management from a single Console.
- Robust security options with Data at Rest Encryption (D@RE) via self-encrypting drives.
- Respond dynamically to changes in workload requirements.
- Designed for 99.9999% availability.²

Scalable, on-demand storage resources combined with the enterprise-class features, control and security of infrastructure located on-premises or in a Dell-managed interconnected colocation facility.³

Simplify your storage consumption

Dell APEX simplifies the process of purchasing, deploying and maintaining infrastructure for Oracle applications.

With the flexibility to deploy block storage through an as-a-Service model, you can **spend less time on:**

Procurement and deployment

Testing and provisioning

Administration and management

and more time on:

Application development

Business agility

Customer experience

Scale on demand

Pay for what you use.

To meet the dynamic demands of Oracle applications and data, Dell APEX provides reliable, elastic storage resources, available on-demand, with the ability to scale capacity utilization up and down.

Single rate transparency with no overage penalties for on demand usage above your base commitment.

Gain flexibility and control over your Oracle storage

Eliminate data center planning activities

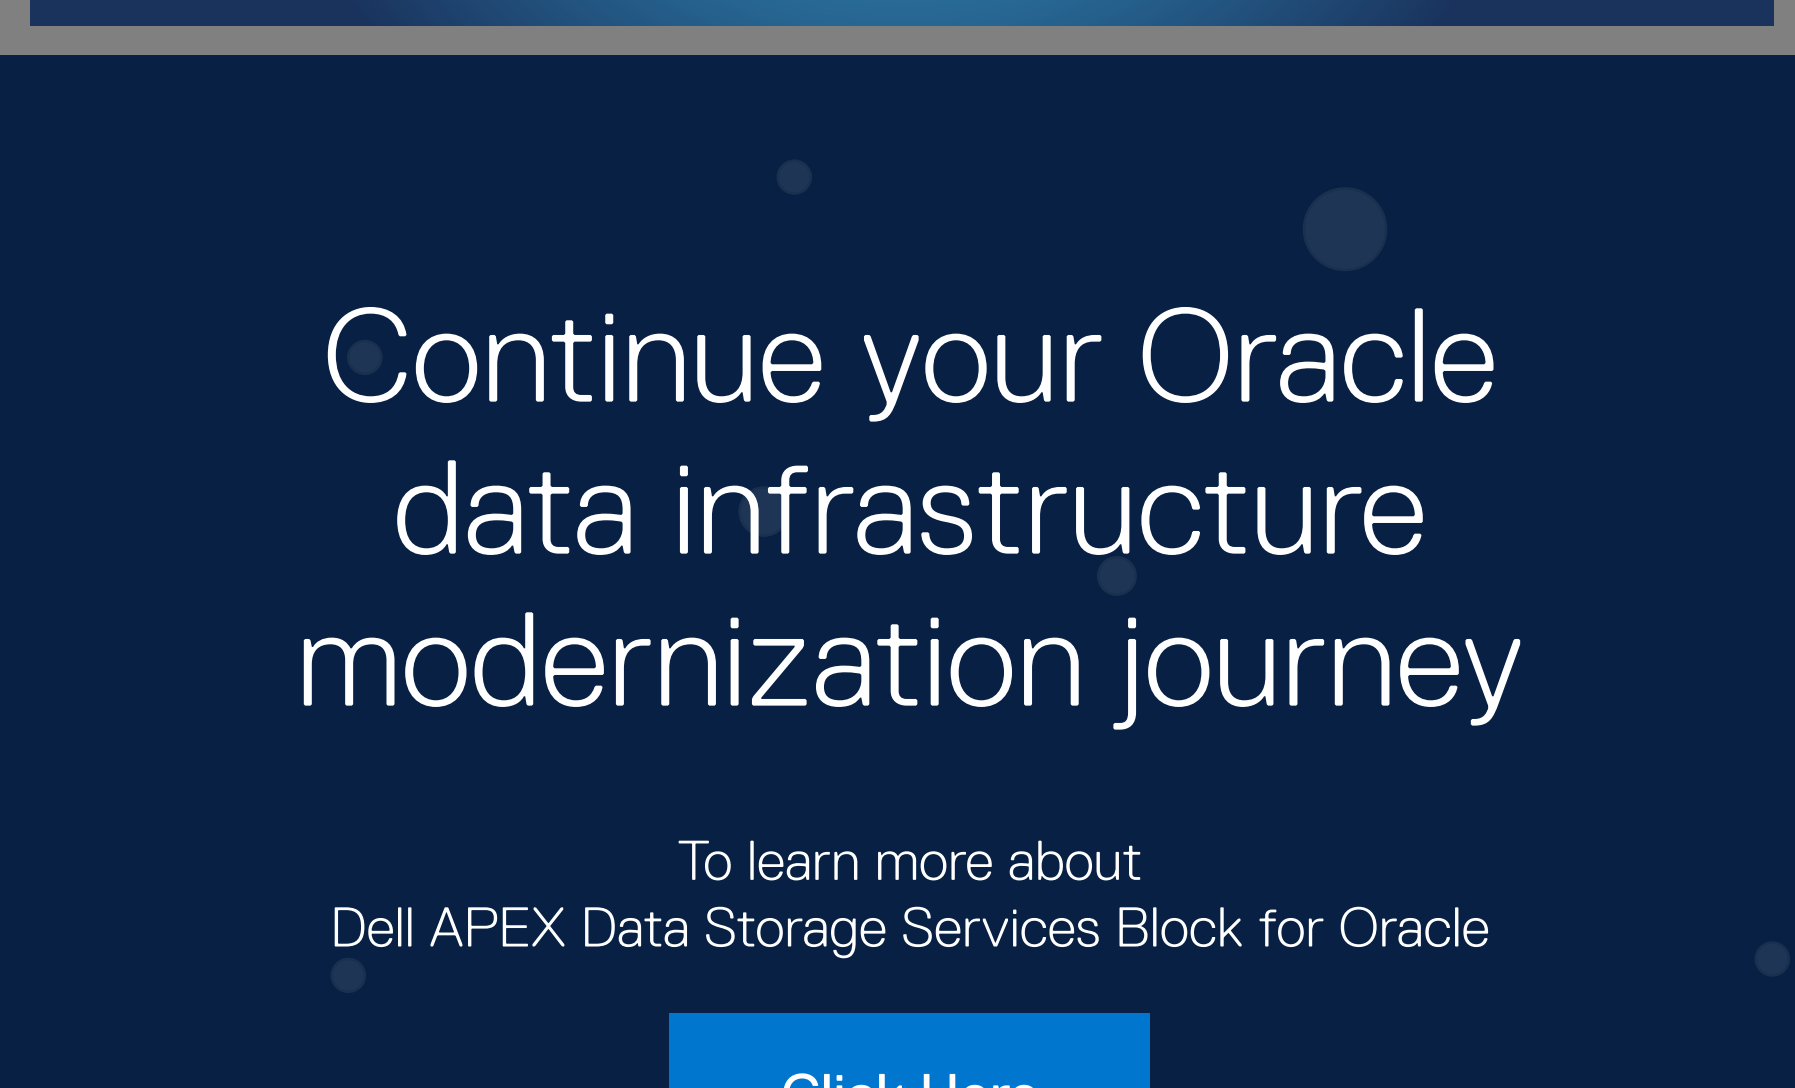

Accelerate your multicloud strategy

Put your data as close as possible to your applications

Manage your entire as-a-Service journey on demand

Single place for you to subscribe, provision, operate and monitor all Dell APEX Data Storage Services Block workloads.

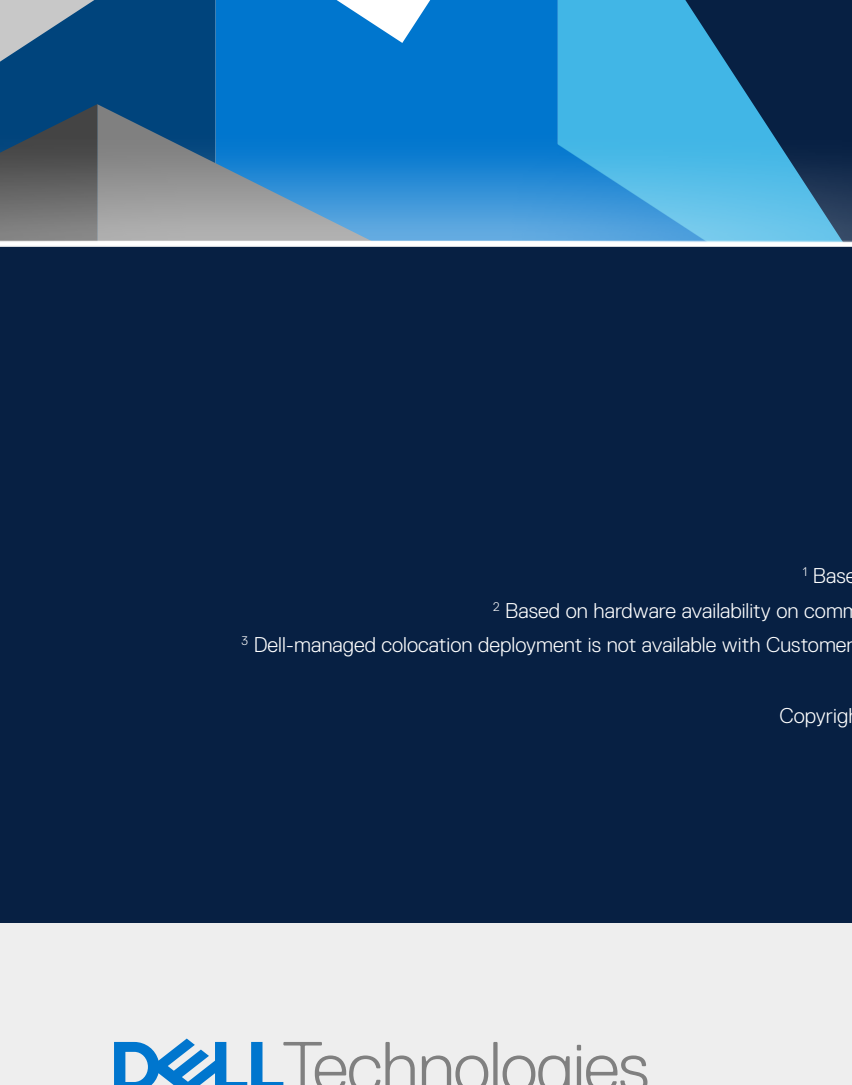

Continue your Oracle data infrastructure modernization journey
