

Sustainably made.
Packed with protection.

Dell Pro 14-16 Plus EcoLoop Slim Backpack

MODEL: CP5724S

An eco-conscious slim-fit backpack designed for on-the-go protection for your Dell laptops.

EcoLoop™

Designed with the environment in mind

Dell EcoLoop™ labeled backpack is produced with select materials and/or methods that reduce the environmental impact compared to traditional industry techniques. The backpack's exterior main fabric is made with 100% recycled plastic, reusing approximately 12 plastic bottles.¹

Complete protection

Built with 360° foam cushion surrounding the laptop sleeve, keeping your computing devices protected from bumps and knocks.

This backpack is made from heavy duty fabric that makes it water and dirt-resistant.

Capable carrier

It's thoughtfully designed to comfortably carry everything you need in your daily commute or business travel. Easily access your tech and essentials with the purpose-built organizers and dedicated laptop/tablet sleeves, and the reflective accents increase visibility in low light.

¹ Plastic bottle estimate assumes a 500ml plastic water bottle.

Sustainably made. Packed with protection.

Slim-fit backpack that's sustainable and packed with protection. Made with durable, weather-resistant and recycled materials and 360° protection. Our carrying cases are put through rigorous quality tests, including water resistance, strap and zipper strength and fabric abrasion, proving their sturdiness and long-lasting durability for the protection of your belongings.

Adjustable shoulder straps and padded back panel

Exterior main fabric made with 100% recycled plastic¹

Purpose-built organizer for tech accessories

Navigate airports and train stations easily with luggage pass-through

Two extra large mesh pockets on either side that expand out and can hold larger water bottles

Complete protection with 360° foam cushioning surrounding the laptop sleeve.

Durable fabric with extra durable coating at the bottom of the backpack

Water resistant fabric

Responsible dyeing process

Made with a solution-dyeing process for polyester that can generate up to 97% less greenhouse gas emissions, water impact, and fossil fuels than traditional dyeing processes.²

EcoLoop™

The **Dell Pro 14-16 Plus EcoLoop Slim Backpack** exterior main fabric is made with 100% recycled polyester that can utilize up to 90% less fossil fuels than virgin polyester² and reusing approximately 12 plastic bottles.¹

The backpack comes in packaging which is made of 100% recycled content in the hang tag, hang loop and plastic bag.

Dell Pro 14-16 Plus EcoLoop Slim Backpack protects Dell laptops up to 15.6"

¹ Plastic bottle estimate assumes a 500ml plastic water bottle.
