BUILT FOR THE TOUGHEST JOBS
Upgraded with powerful 8th Generation Intel Core Processors and boasting up to 4TB of fast, reliable, and high performance solid state storage, this fully-rugged notebook can tackle the most demanding tasks.

GO-ANYWHERE PRODUCTIVITY
A crisp, bright, 14” FHD resolution outdoor-viewable display lets you work in direct sunlight while the love-capable touchscreen remains responsive even if you have to wear protective gear. All day productivity is easy with optional dual hot-swap batteries for endless power. The Latitude 7424 Rugged Extreme is FirstNet Ready™ with Band 14.

AWARD WINNING SERVICE
Have peace of mind and trust that your mission critical rugged PC is well-protected with coverage options such as Dell’s signature Pro Support Plus. With premium support service featuring 24/7 access to the most experienced technicians, downtime is a thing of the past.

SECURITY KNOWS NO BOUNDARIES
Security matters even more in the field. With Dell Data Protection on your rugged notebook, you can rest easy knowing you have comprehensive encryption, advanced authentication, and leading-edge malware protection built right in. It doesn’t get any simpler.

<td><strong>Regulatory and Environmental Compliance</strong></td>
<td>Regulatory model: P86G Regulatory type: P86G001 Energy Star 7.0, EPEAT Silver MIL-STD-810G/H testing&lt;sup&gt;4&lt;/sup&gt;: Transit drop 72”/1.91m, 60”/1.52m, 48”/1.22m; single unit; 78 drops, operating drop (36’/0.91m), blowing rain, blowing dust, blowing sand, vibration, functional shock, humidity, salt fog (with rubberized keyboard), altitude, explosive atmosphere, solar radiation, thermal extremes, thermal shock, freeze/thaw, tactical standoff to operational. Operating thermal range: -20°F to 145°F (-29°C to 63°C); Non-operating range: -60°F to 160°F (-51°C to 71°C) IEC 60529 ingress protection&lt;sup&gt;5&lt;/sup&gt;: IP-65 (dust-tight, protected against pressurized water) Hazardous locations: ANSI/ISA-12.12.01 certification capable (Class I, Division 2, Groups A, B, C, D) Electromagnetic interference: MIL-STD-461F and G certified Systems Management</td>
</tr>
</tbody>
</table>

---

<sup>1</sup> Includes system testing with adapter up to a low temperature of -29°C (-4°F) plus MIL-810 temperature testing, with no performance degradation. When used with the battery, for the operating temperature range -20°C to -29°C (-4°F to -2°F), the system may experience a delay in boot time, for a cold boot. Once booted, no drop in system performance is observed, but a battery runtime of approximately 20 minutes or less may be recorded. Between 0°C to -20°C (32°F to -4°F), considerable battery degradation may be observed. For extreme cold-temperatures, it is recommended that the system be booted in a warm environment and then used outdoors, where possible.
Recommended Accessories
LATITUDE 7424 RUGGED EXTREME

AT THE DESK

RUGGED DESK DOCK
Better video connectivity with dual Display Port outputs. Secure your notebook with dual cable lock slots. Compatible with Latitude 14/12 Rugged Extreme and Latitude 14 Rugged notebooks.

DELL THUNDERBOLT DOCK - WD19TB
The world’s most powerful and first modular Thunderbolt dock with a future-ready design.

DELL U2719D MONITOR
Enhance your productivity even further with Dell’s 27-inch ultrathin monitor.

IN-THE-VEHICLE

HAVIS VEHICLE DOCK
Outfit your entire fleet of vehicles with a single docking solution. Adjusts to fit your vehicle space with a full suite of mounting options.

DELL AUTO AIR DC ADAPTER
Power up and stay productive on the road, in-flight or in your office with the Dell™ Power Adapter. It is an all-in-one, DC device that will both power your Dell notebook as well as charge its battery.

GAMBER-JOHNSON VEHICLE DOCK
Mount your notebook in your vehicle with a reduced weight cradle featuring guide hooks on the bottom for proper connection.

IN THE FIELD

DELL RUGGED SHOULDER STRAP
Enhance the portability of your notebook with this lightweight and flexible shoulder strap.

DELL POWER ADAPTER & POWER BANK
Hybrid adapter and power-bank charges your notebook over the USB Type-C port.
Experience a new way to work with Dell Technologies Unified Workspace

Intelligence built in. Modernization built on.

We know that having the right device is just the start to a great workday. Employees need intelligent, intuitive and responsive experiences that allow them to work productively and without interruption. According to research, 1 out of every 4 users would question their job and the company they work for if they had a negative experience with their technology.¹

Dell Technologies Unified Workspace is transforming the employee experience and ensuring IT has proactive, predictive and automated solutions to deliver on the promise of a modern workday, while simplifying their ability to deploy, secure, manage and support their environment.

MANAGE
Dell Client Command Suite + VMware Workspace ONE offers integrated capabilities that deliver a unified endpoint management experience for IT, enabling them to manage firmware, OS, and apps from one console, while also creating seamless experiences for end users.

SECURE
Dell Trusted Devices provide a foundation to a modern workforce environment with invisible and seamless protection to ensure smarter, faster experiences. End users stay productive and IT stays confident with modern security solutions for the Dell Trusted Device.

DEPLOY
ProDeploy in the Unified Workspace allows IT to move away from traditional, high-touch, manual deployment, and instead, ship devices preconfigured with company apps and settings from the Dell factory directly to their end users—having end users up and working on day one.

SUPPORT
ProSupport resolves hardware issues up to 11x faster than the competition. ProSupport for PCs offers 24x7 access to in-region ProSupport engineers who contact IT when critical issues arise,² so you can focus on what’s next, not what just happened.

ProSupport Plus helps IT stay a step ahead and virtually eliminate unplanned downtime due to hardware issues. You get all the capabilities of ProSupport, as well as AI-driven alerts to prevent failures and repairs for accidents.³

Hardware issues detected by SupportAssist include hard drives, solid state drives, batteries and fans.
The 14” Rugged Extreme Notebook for the harshest environments.
