Vostro 5625

More screen. More success.

See more of the big picture on this productivity-packed 16" laptop. Features AMD Ryzen™ 5000 Series Processors and more screen space with a 16:10 aspect ratio display.

*Not available in China.

Vostro 5625

Big screen. Major reliability

A 16:10 aspect ratio in a 16-inch form factor means even more screen space for reviewing spreadsheets, purchase orders and perfecting presentations, all in a slim, lightweight design.

Mistakes happen. That's why this full-size keyboard is spill resistant. And this laptop passed 15 military certification tests (MIL-810H)* to help ensure it can handle the day-to-day wear and tear.

Be more productive

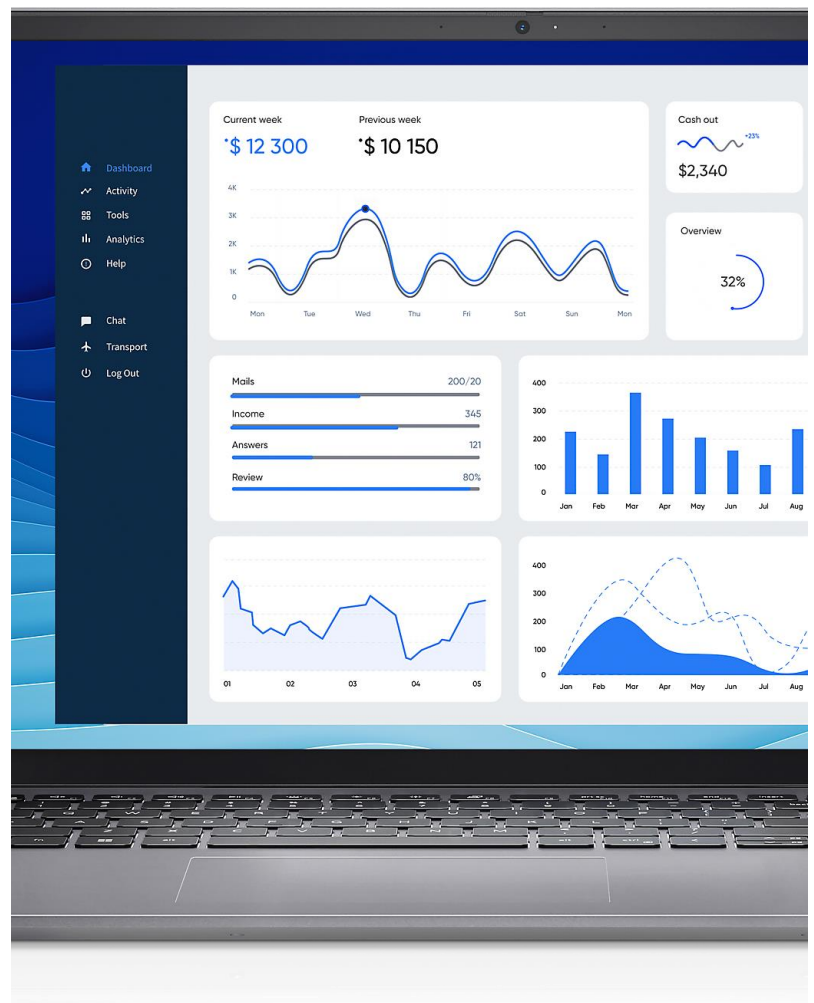

Run at peak performance with AMD Ryzen™ 5000 Series Processors. If you're doing some graphics-heavy work, optional NVIDIA® GeForce® MX550 Graphics give you the added performance you need.

Stay cool

With dual heat pipes, your device stays cool and performing at its best.

Stay focused

Stay focused with a 4-sided narrow border and DC Dimming, which reduces flicker for a comfortable viewing experience. Plus, this TÜV Rheinland certified** laptop with Dell ComfortView software technology helps reduce harmful blue light emissions to make extended screen time easy on your eyes.

*Based on testing by SGS Reliability Laboratory, December 2021. Actual results may vary; testing results do not guarantee performance under test conditions. Dell does not represent that this product meets United States Department of Defense requirements for military use.

Reliability claims

Designed for the real world — because that's where life happens.

Every Vostro is mindfully designed to assure reliable performance over years of regular use. We've rigorously tested our systems to enhance your experience.*

1. Turn up the heat: From locker rooms to locked cars, we test Vostro laptops for survival in harsh short-term heat conditions of up to 65°C/149°F.
2. Everything hinges on it: We test Vostro laptop hinges to ensure they still feel tight, even after opening and closing the lid 20,000 times.
3. Keys to success: We test commonly used keys for 10 million keystrokes and touch pad buttons 1 million times with no failure. So go ahead, finish your novel.
4. Buttoned-up: No matter what you set your power and multimedia buttons to do, we've tested them all to survive up to 40,000 pushes.
5. Twist and turn: Call us excessive, but after twisting a Vostro laptop's base and lid more than 500 times *4 (Test 2 edge and 2 corner) , we can assure you the parts inside are well protected
6. The webcam privacy shutter prevents people from seeing you when the webcam isn't in use and we ensure its reliability by opening and closing the shutter 2100 times.

Software for Vostro

McAfee Small business Security 30 Day Trial

Award-winning security for every device; shields PCs from viruses and online threats like risky websites and dangerous downloads, shreds digital files like e-bills and online bank statements saved on PCs.

Microsoft Office 365 Trial

Fully loaded with the latest and greatest versions of favorite applications: Word, Excel, PowerPoint, and OneNote.

Smartbyte

SmartByte software ensures video-conferencing applications receive network bandwidth priority over other bandwidth-consuming applications so you're getting the best clarity on your business calls. The best part is your new Vostro and Inspiron PCs communicate with one another, enabling clear video-presentations even when several of your office computers are using bandwidth to run updates or download files.

SupportAssist

A MS Windows based software program that automates support from Dell by identifying HW & SW issues on Dell laptops, desktops and tablets. SupportAssist notifies customers when an issue is detected.

Services for Vostro

We keep you connected and productive, providing peace of mind so you can focus on what matters most. Support services are available around the globe with coverage in over 160 countries and 55 languages. Our ProSupport engineers are available 24x7 to help with hardware and software issues. In the event of spills, drops or surges, Accidental Damage Service makes repair or replacement easy. Dell strives to ensure our customers always get the most out of their technology investments.

Basic Hardware Service¹

With Dell Basic Hardware Service, if your system encounters an issue covered by the support contract that cannot be resolved remotely, Dell will provide a convenient way to return your system to a Dell certified repair facility for repair and the return of the repaired device. Your system comes with 1 year Basic Hardware Service with the option to add Onsite Service after Remote Diagnosis¹ and/or to extend the warranty for up to 4 years to ensure easy support for the life of your PC.

ProSupport

ProSupport for PCs is designed to provide fast, proactive IT support for businesses of all sizes. ProSupport makes it easy because you get a team of engineers who are always accessible, provide you with a single source for hardware and software² issues, and respond quickly to help maximize user uptime. ProSupport also features AI-driven technology for proactive monitoring and resolution of issues and automatic case creation for faster time to productivity³. ProSupport frees your IT team from time-consuming day-to-day user support, allowing them to focus on strategic priorities that move your business forward, while keeping your end-users happy and productive.

ProSupport Plus for PCs

The most complete support service that combines predictive analysis and protection for PCs to proactively resolve and prevent issues with minimal customer effort. With ProSupport Plus you will be notified about issues before they become problems, virtually eliminating unplanned downtime due to hard drive issues⁴. It ensures PCs are running smoothly so customers can focus on what's important.

ProSupport and ProSupport Plus with SupportAssist significantly reduced time to resolve a failed hard drive⁵ with:

- Up to 84% less time to resolution (6x faster than the competition)
- Up to 73% fewer steps in the support process (16 fewer steps to resolution)

Accidental Damage Service⁵

Coverage for accidental drops, spills, surges and breakages. Accidental Damage Service provides peace of mind for hardware systems in high-risk usage environments like home offices, schools and mobile professionals. Convenient repair or replacement of damaged systems helps minimize downtime and increase productivity. Accidental Damage Service can provide repair of your system for accidents up to 4 years, not otherwise covered by the Limited Hardware Warranty. By providing enhanced coverage at an exceptional value, Accidental Damage Service helps reduce out of pocket expenses and improves cost control.

1 - Onsite Service after Remote Diagnosis: Remote Diagnosis is determined by an online/phone technician for cause of issue; may involve customer access to inside of system and multiple or extended sessions. If issue is covered by Limited Hardware Warranty and not resolved remotely, technician and/or part will be dispatched, usually in 1 or 2 business days following completion of Remote Diagnosis. Availability varies. Other conditions may apply. For complete details about Onsite Service, see dell.com/servicecontracts.

2 - For the IoT Edge Gateway, excludes certain software, OS and third party apps.

3 - SupportAssist not available on Linux, Windows 10S, Windows RT, Windows 10 CMIT Government Edition, Android, Ubuntu or Chrome based products. SupportAssist automatically detects and proactively alerts Dell to: operating system issues, software upgrades, driver updates and patches, malware, virus infected files, failures of hard drives, batteries, memory, internal cables, thermal sensors, heat sinks, fans, solid state drives and video cards. Predictive analysis failure detection includes hard drives, solid state drives and batteries.

4 - Based on a Principled Technologies test report, "Dell ProSupport Plus warns you about hardware issues so you can fix them before they cause downtime" dated April 2019. Testing commissioned by Dell, conducted in the United States. Actual results will vary. Full report: <http://facts.pt/0xvze8>. Hardware issues detected by SupportAssist include hard drives, solid state drives, batteries and fans.

5 - Based on a Principled Technologies test report, "Spend Less Time and Effort Troubleshooting Laptop Hardware Failures" dated April 2018. Testing commissioned by Dell, conducted in the United States. Actual results will vary. Full report: <http://facts.pt/L52XKM>

6 - This service excludes theft, loss, and damage due to fire, flood or other acts of nature, or intentional damage. Customers may be required to return unit to Dell. Limit of 1 qualified incident per contract year. For complete details, visit www.dell.com/servicecontracts.
