

DELLTechnologies

Dependable. Versatile. Ultracompact.

Dell Pro Micro Plus XE
QBM1250

Powered by
Intel® Core™ Ultra processors (Series 2)

Big power. Small footprint.

XE platforms provide extended transitions and stability for OEM Solutions customers.

[Learn More >](#)

Introducing the latest PCs from the world's leading commercial AI PC brand¹

Maximize business productivity in the smallest of spaces with Dell Pro Micro Plus XE. Accelerate AI-enhanced capabilities with Intel® Core™ Ultra (Series 2) processors up to Ultra 9, complete with a dedicated neural processing unit (NPU).

This professional-grade ultracompact AI PC features leading manageability and security solutions.

As with all Dell Pro desktops, this PC stands up to rigorous military-grade testing² to deliver reliable performance you can count on. Designed for longevity, it features up to three-year purchase lifecycle with extended transition time to ease IT planning and management.

Introducing AI PCs from the World's leading commercial AI PC brand¹

Unlock new levels of performance with Intel® Core™ Ultra desktop processors (Series 2). Equipped with a dedicated neural processing unit (NPU) and delivering up to 13 TOPS, this system is designed to tackle AI workloads, helping businesses stay ahead of the game.

Intel vPro® options enhance security and manageability.

Sleek, purposeful design

Re-engineered with an enhanced thermal design and additional chassis venting, for cooler and quieter operation.

Fuel productivity with a complete Dell ecosystem

Designed and tested with Dell Accessories, Mounts and Stands, and Monitors from the world's #1 monitor company².

High-speed productivity

Dual M.2 Gen 4 SSD and up to 64 GB DDR5 RAM with up to 6400MT/s speeds.

Comprehensive connectivity including USB-C, USB-A, DP and HDMI ports. Optional DP ports support up to 8K resolution for stunning visual quality.

Integrated graphics support up to 4 displays in a multi-monitor setup¹².

Expandable with optional modules including Thunderbolt 4 and 5 GbE Optical Fiber (Peer-to-Peer)³.

Intentional material choices

- 50% recycled steel in the chassis⁴
- Up to 62% recycled plastic⁵
- 13% recycled ocean-bound plastic in the fan-housing⁵
- Up to 100% recycled or renewable packaging⁶ and multipack options for reduced packaging waste and lowering emissions⁷

Meets the latest environmental standards

Certified ENERGY STAR®, carries TCO certification and EPEAT Gold registered with Climate+ designation⁸.

Dell APEX PC as a Service⁹

Fully customizable monthly subscription that can include PCs, peripherals, software and services with no upfront investment.

Simplify IT

Dell offers the world's most secure and manageable commercial PCs¹⁰, along with modern lifecycle services and solutions to make IT management a breeze.

Streamline PC fleet management with one unified BIOS across Dell Pro Micro, Slim and Tower PCs¹¹.

Up to five year PC refresh lifecycle including managed transitions to ease IT planning and management.

Manage your PCs over the cloud, in conjunction with Microsoft Intune, via the Dell Management Portal.

Stay ahead with the power of AI

Harness exceptional performance with built-in AI, powered by Intel® Core™ Ultra processors (Series 2). These AI PCs feature a three-tier multi processing architecture, combining CPU, GPU and dedicated NPU to ensure AI-driven apps run faster and smoother across any project.

Run the right workload on the right engine and the right time

CPU

Ensures seamless execution of system tasks and operations.

GPU

Handles quality graphics rendering and accelerates computing tasks

NPU

Dedicated AI engine runs AI workloads consuming less power.

50% faster AI

Get up to 50% faster AI performance with Adobe After Effects' AI Scene Edit Detection¹ to speed up your editing workflow and unlock more time for creativity, all while delivering stunning results.

Use 58% less power

Let your desktop work smarter, not harder, with enhanced AI collaboration that uses up to 58% less processor power during Zoom calls with AI background effects³.

Bring AI to your PC

For companies looking to accelerate deployment of AI applications across their workforce, Dell delivers the industry's most comprehensive AI toolkit leveraging NPU technology². Dell Pro AI Studio brings AI directly to your device, perfect for keeping things running smoothly without the hefty price tag.

Robust AI PC security

Work securely and with easier management with the most secure and manageable commercial AI PCs⁴ with hardware and firmware features built to combat modern cyberattacks, along with integrated validation of all driver and BIOS updates, plus a published schedule for driver and download releases.

Sustainable innovation

Built with recycled materials

Designed with the environment in mind, this PC incorporates up to 50% post-industrial recycled steel in its chassis¹.

This desktop also features up to 62% recycled plastic including post-consumer recycled plastic and closed loop ITE derived plastic². Plus, the fan-housing is built with 13% recycled ocean-bound plastic².

Built to last

Built with high-quality components, Dell Pro desktops drive top performance and value throughout its lifecycle. Dell makes it simple to access and replace parts to get the most life out of our products.

[Parts and Upgrades >](#)

More purposeful packaging

This PC ships in packaging made with up to 100% recycled or renewable content³. Multipack options are available for easier unboxing and reduces transportation and packaging waste⁴.

Seamlessly modernize your tech

We can help you refresh to the latest technology while responsibly retiring your devices, regardless of brand, while addressing your sustainability goals.

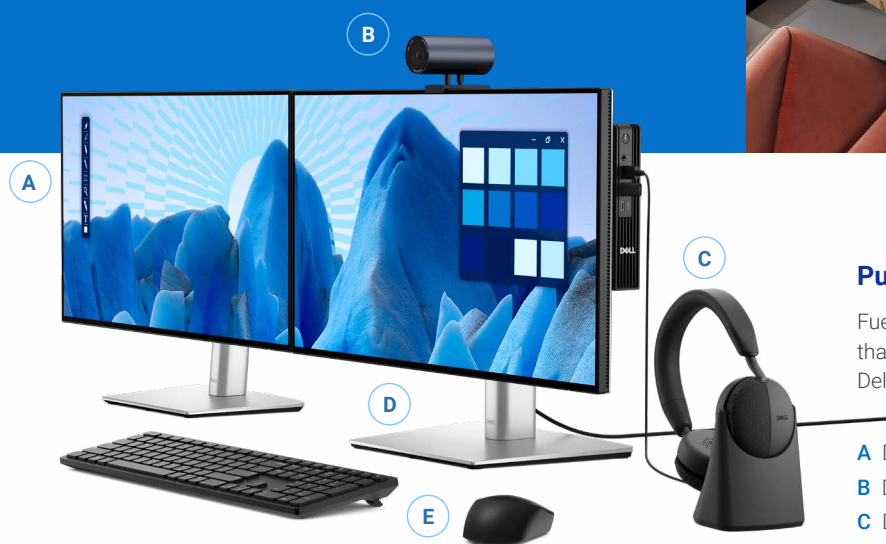

[Asset Recovery Services >](#)

Meets the latest environmental standards

This product is certified ENERGY STAR, carries TCO certification, and is EPEAT Gold registered with Climate+ designation⁵.

Elevate your PC experience

Purpose-built, integrative design

Fuel productivity and collaboration with a complete Dell ecosystem that is engineered and tested for a seamless experience with your Dell Pro Micro Plus XE.

- A** Dell UltraSharp 24 Monitor - U2424H
- B** Dell UltraSharp Webcam - WB7022
- C** Dell Pro Plus Wireless ANC Headset - WL5024 with optional Dell Pro Plus Wireless Headset Charging Stand - HC524
- D** Dell Pro Micro All-in-One Stand - MFS22
- E** Dell Pro Keyboard and Mouse – KM5221W

Fits into any workspace

Keep your workspace clutter free with a range of optional mounts and stands. You can set up a complete all-in-one system by attaching a Dell USB-C Hub monitor to the Dell Pro Micro All-in-One stand, or use it as part of a Dell video conferencing setup.

More advanced drop-in-box options

Ensure same time delivery and easy setup with Dell drop-in-box wireless keyboards and combos. Dell wireless keyboards offer up to 36 months of battery life for long-term performance*.

Select models include a Copilot key for instant AI access and silent keys for quiet, focused typing in open office environments.

Dell Pro Premium Collaboration Keyboard and Mouse - KM900

Simplify IT

Our most secure¹ and most manageable⁴ offerings make IT management a breeze

World's Most Secure Commercial PCs¹

According to Principled Technologies, no PC manufacturer offers the BIOS-level visibility Dell does.

Security

Improve fleet-wide security with multiple layers of defense

Reduce the attack surface and enhance long-term cyber resilience with [Dell Trusted Workspace](#) >

Be secure from first boot with rigorous supply chain controls.

Maintain BIOS integrity with deep, firmware-level visibility.

Protect end-user identity from malware that looks to steal credentials.

Enrich OS-level data with PC telemetry to speed detection, response and remediation.

Layer on advanced threat protection from our ecosystem of best-of-breed software partners.

Shrink the IT-security gap with an integrated, AI-enabled solution

Explore hardware-assisted security with Dell, Intel & CrowdStrike

[Learn More](#) >

Manageability

Manage your fleet of PCs – reliably and easily

Help secure and optimize your endpoints and deliver end-user productivity with [Dell Manageability Solutions](#) >

With [Dell Management Portal](#), you can manage Dell PCs, over the cloud, in conjunction with Microsoft Intune.

[Dell Management Portal](#) >

Update and secure your fleet of Dell PCs, with one application – [Dell Client Device Manager](#).³

[Dell Trusted Update Experience](#) makes it simple to update endpoints with the latest BIOS and driver versions. Dell is the only Top-5 PC vendor that:

Publishes² a device drivers and downloads release schedule:

IT Admins can deploy fleet-wide device updates on a predictable timeline. [Learn More](#) >

Dell has the industry's first

Partner Portal accessible in Microsoft Intune, with fleet-wide BIOS password access capability and Enterprise application access and publication capabilities

Enterprise application with modular update and security deployment capabilities, within the Dell Partner Portal, accessible via Microsoft Intune

Binary Large Object (BLOB) package-based solution, for endpoint BIOS settings configuration, using Microsoft Intune

Hardware OEM systems management solution to integrate with Intel vPro

intel
vPRO

Simplify PC refresh with Dell Services

Enabling every step of the PC lifecycle

Dell APEX PC as a Service¹

Fully customizable monthly subscription that can include PCs, peripherals, software and services with no upfront investment.

APEX PC as a Service makes it easy to refresh to the latest PCs and seamlessly deploy, secure, manage, support and help with the retirement of devices.

[Dell APEX PC as a Service \(PCAAS\)](#) >

ProDeploy Client Suite

PC refresh starts with getting new devices in the hands of your end-users. Dell ProDeploy Suite streamlines operations and increases productivity with configured PCs that are ready to use on day one with dynamic cloud-based provisioning and imaging.

When transitioning from old to new technology, ProDeploy Plus includes the ability to securely erase sensitive end-user data with sophisticated tools to sanitize devices and includes Asset Recovery Services for responsible retirement.

[Dell ProDeploy Client Suite](#) >

ProSupport Suite for PCs

ProSupport Suite is more than a 24/7 break-fix solution, it's a set of tools that automate and optimize your environment with little to no human intervention or end-user disruption.

Select from a robust library of Dell-authored scripts that correct company-wide issues quickly, minimizing remediation times and maintaining peak system performance. ProSupport Suite provides telemetry-driven data to arm IT with insights and make targeted updates, all controlled from a single dashboard.

[ProSupport Suite for PCs](#) >

Dell Premier

324%

ROI over 3 years³

Modernize IT purchasing by shopping your catalog in a tailored online solution. Gain control over the entire IT ecosystem to cut costs, standardize ordering, access analytics and more.

[Dell Premier](#) >

Asset Recovery Services

2.8B

Pounds of electronics recovered through all recovery programs since 2007²

Let Dell help you securely and responsibly retire your old IT equipment - regardless of brand - to allow for a seamless transition from old to new technology, while protecting both your business and the planet.

FEATURE	TECHNICAL SPECIFICATION	DESCRIPTION
MODEL NUMBER ¹	Dell Pro Micro Plus XE	
SUSTAINABLE MATERIALS ¹	Post-consumer recycled plastic (PCR) and closed loop ITE derived plastic - chassis: 62%	Post-consumer recycled plastic is plastic waste generated by households, industrial, commercial or institutions repurposed in the desktop design. Closed loop plastic is reclaimed plastic from any disposed IT product repurposed in the desktop design.
	Recycled ocean-bound plastic - fan/fan housing: 13%	Ocean-bound plastic is collected within 50km (30mi) distance of an ocean coastline or major waterway that feeds into the ocean. Using ocean-bound plastic reduces the risk of endangering marine life and ecosystem with plastic waste.
	Post-industrial recycled steel - chassis: 50%	Incorporating recycled steel helps minimize the usage of virgin material and related mining activities, while re-purposing waste that would have ended up in landfills.
	Recycled or renewable materials - packaging up to 100%	Using recycled or renewable materials lowers waste and helps lower environmental impact. Materials may include recycled content and/or renewable content, in the form of sustainably forested fibers.
ECO-LABELS ¹	EPEAT Climate+™: Yes	This is a product level designation for EPEAT-registered products which meet the industry's best climate criteria.
	EPEAT Gold (Intel® Core™ i3 and above meets EPEAT Gold)	Meeting globally recognized eco-label certifications for sustainable IT, our customers can trust that Dell products adhere to the highest energy-efficiency specifications and other climate-related standards. Product registry: https://www.epeat.net/
	TCO Certified: Yes (only with 180W adapters)	TCO Certified is a leading sustainability certification for IT products, with a comprehensive system of up-to-date criteria and independent verification. Product registry: https://tcocertified.com/product-finder/
	ENERGY STAR: Yes	ENERGY STAR is a specification recognizing energy-efficient PC's, backed by Environmental Protection Agency (US).
MULTI-PACK SHIPPING ¹	Dell Multi-pack: Yes	Dell Multi-pack offers a simpler, more efficient unboxing experience with less packaging waste and better pallet optimization for transportation.
ASSET RECOVERY SERVICES ⁶	Asset Recovery Services: Yes	Asset Recovery Services helps you resell, recycle or return-to-lease your legacy IT equipment in a secure and sustainable manner, while unlocking value that can be put towards future innovation.
GLOBAL COMPLIANCE	US CEC MEPS compliant configurations available Australia and New Zealand MEPS compliant configurations available CEL, WEEE, Japan Energy Law South Korea E-standby EU RoHS, China RoHS
