Scalable power, slim design

OptiPlex Small Form Factor

Intel® Core™ processors (14th Gen) [Gen ID: 7020]
Most secure, intelligent and manageable commercial PC
**OptiPlex Small Form Factor**

**Most intelligent commercial PC with Dell Optimizer**
Only Dell uses built-in AI to optimize applications. Experience new Audio enhancements that adjust loudness, cancel out noise, and eliminates echoes.

**Responsive, secure business-class performance**
An Intel vPro® platform featuring up to Intel® Core™ i9 65W processors (14th Gen), with hybrid architecture, automates workload allocation for more multi-tasking productivity.

**Fast and efficient**
Speed up boot times, application responsiveness and device performance & charging
100% SSD (boot drive) | up to 126GB DDR5 Memory | USB-C (standard front panel)

**Designed and tested with an intelligent ecosystem**
Small Form Factor is compatible with a wide array of #1 world-wide Dell Displays® and AI-enhanced collaboration accessories.

**Shrinking our carbon footprint**
Work in new Quiet mode, for enhanced energy-conservation and up to 39% quieter acoustics for your PC.
EPEAT Climate+ Champion, EPEAT® Gold, EnergyStar®, and TCO Gen 9 Certified

**Sustainably built with**:
- Up to 39% Post-consumer recycled plastic
- Up to 50% Post-industrial recycled steel
- At least 90% Recycled or renewable packaging and Dell Multi-pack

**Industry’s most manageable commercial PC**
Boosts IT efficiency and cost-effectiveness when managing a fleet of PCs
Includes Dell’s seamless delivery of the latest validated BIOS, drivers, and firmware version

**Leader in reliability**
Less than 1% of OptiPlex desktops experience a first-year service event
Certified parts and upgrades only from Dell

**Industry’s most secure commercial PC, only Dell**
Offers off-host BIOS verification and Indicators of Attack to reduce exposure to future threats
Integrates PC telemetry with industry-leading software to improve fleet-wide security

**Secured Component Verification**
Offered only by Dell® ensures PCs are secure from factory to first boot
Sustainable innovation

OptiPlex is passionate about reducing our products’ carbon footprint and helping our customers make an impact on the future. Committed to circular design throughout the lifecycle, we’re driving the innovative use of materials, packaging, energy conservation, recycling and even repairability.

Sustainable materials

OptiPlex Small Form Factor is built with up to 39% Post-consumer recycled plastic (PCR) and closed loop ITE derived plastic. And now select chassis contain up to 50% Post-industrial recycled steel.

Packaging

OptiPlex Small Form Factor ships in packaging made with at least 90% recycled, recycled or renewable content to reduce our logistical footprint. Select desktops are also eligible for multipack shipping which helps reduce packaging and transportation waste. Multipack packaging is designed with 100% recycled or renewable corrugate.

Eco-labels

Sharing eco-label certifications help our customers make informed, sustainable IT purchase decisions. OptiPlex Small Form Factor is registered EPEAT Gold with Climate+ designation, meeting the industry’s best practices for decarbonization.

Efficient & Reliable

The Small Form Factor is designed with high-quality components to maximize performance and energy efficiency. Customize your PC thermal/fan settings with a choice of Optimized "performance" mode, or Quiet mode, for up to 39% quieter acoustics and reduced energy consumption. And Dell makes it simple to access and replace parts to get the most life out of our products.

Responsible IT Asset Retirement

Asset Recovery Services makes it easy for our customers to retire legacy equipment securely and responsibly, regardless of brand. Prioritizing material reuse lets us extend the product lifecycle and maximize value return. The outcome is a seamless transition from old to new technology, that protects both your business and the planet.

EPEAT Gold, ENERGY STAR® and TCO 9.0 certifications available
AI-enabled solutions from Dell

Transform work with new levels of productivity

**Powering the world’s most intelligent commercial PC’s**

Built-in AI from Dell Optimizer, with advanced privacy features, optimizes audio, connectivity, performance and configurability, all in one software.

Experience clearer, more productive conference calls. Your PC’s sound, mic and network performance is optimized discreetly by Dell Optimizer, so you can stay confidently engaged in meetings.

Learn More >

**Minimize user downtime and IT admin hours**

Rely on the AI-driven technology of ProSupport Suite for PCs to automate support tasks, detect and deploy fixes and generate security scores for your fleet.

Learn More >

**Accelerate business success with AI-powered multi-tasking**

With features like Copilot in Windows, get better answers, grow your skills, and effortlessly optimize workflows.

Windows 11 Pro on Dell PCs come with the latest advances in security and AI delivered conveniently to your desktop.

Learn More >

**Help combat advanced threats with foundational security**

Only Dell provides firmware-level threat detection integration via third-party security consoles with AI-powered capabilities, e.g., CrowdStrike and Carbon Black.

*Based on Dell internal analysis, September 2023. Applicable to PCs on Intel processors. Not all features available with all PCs. Additional purchase required for some features.

**Integrations available for CrowdStrike Falcon Insight XDR and Carbon Black Audit & Remediation.*
OPTIPLEX SMALL FORM FACTOR

Easy management. Max productivity.
Customize your entire workspace, simplify management and enhance privacy with Dell Display Manager and Dell Peripheral Manager.

Uplevel your PC experience
With Dell Displays and Accessories, designed and tested to work Better Together

D Dell UltraSharp 24 Monitor - U2424H
World’s 1st 4-star certified Eye Comfort Monitors deliver a seamless, multi-monitor set up.

Peace of mind
Dell Monitors offer the same level of quality, reliability and support our customers expect with Dell PC’s. Upgrade to 24x7 specialized technical phone support with the optional Dell ProSupport for monitors.

Future of Work ready
Secure your workspace with OptiPlex Small Form Factor Lockable Cable Cover or All-in-One Stand.
Discover 200+ branded accessories to keep you connected and collaborative no matter your work style.
Extend the life and performance of your PC Dell Parts & Upgrades are certified to work with your Small Form Factor.

A Dell Pro Wireless Keyboard and Mouse - KM5221W
Stay emerged in distraction-free work, with a long battery life up to 36 months.

B Dell Premier Wireless ANC Headset - WL7024
Stay focused anywhere on the world’s most intelligent wireless headset in its class.

C Dell UltraSharp Webcam - WB7022
Experience the best image quality in its class with the world’s most intelligent 4K webcam.

Simplify IT

Our most secure\(^1\) and manageable\(^6\) offerings make IT management a breeze

**SECURITY**

Improve fleet-wide security with multiple layers of defense

Reduce the attack surface and enhance long-term cyber resilience with Dell Trusted Workspace

Dell offers the industry’s most secure commercial PCs\(^1\) with protections competitors cannot match:

- **Be secure from first boot**
  Rigorous, state-of-the-art supply chain controls and Dell-unique Secured Component Verification reduce the risk of product tampering.

- **Spot ticking timebombs**
  Early-alert feature Indicators of Attack, offered only by Dell, scans for behavior-based threats.

- **Stay protected from evolving threats**
  Only Dell offers off-host BIOS and firmware verification, providing greater security than other PCs. The latest Intel vPro\(^6\)-based PCs provide an estimated 70% attack surface reduction.\(^5\)
  Layer on advanced threat protection with software from our ecosystem of best-of-breed partners.

  Only Dell integrates device telemetry\(^1\) with industry-leading software to improve fleet-wide security.\(^4\)

**MANAGEABILITY**

Manage your fleet of PCs - reliably and easily

Help secure and optimize your endpoints and deliver end-user productivity with Dell Manageability Solutions

Dell Trusted Update Experience makes it simple to update endpoints, packing the latest BIOS, driver, and firmware version. Dell is the only Top-5 PC vendor that:

- **Publishes\(^2\) a device drivers and downloads release schedule:**
  IT Admins can deploy fleet-wide device updates on a predictable timeline.

- **Performs\(^3\) integrated validation of all driver and BIOS modules in an update:**
  IT Admins can expect a trusted, system compatible update deployment, across a fleet of devices.

- **Dell has the industry’s first\(^6\):**
  Binary Large Object (BLOB) package-based solution using Microsoft Intune
  Systems Management Solution to integrate with Workspace ONE

  Hardware OEM systems management solution to integrate with Intel vPro\(^6\)

  **One BIOS**
  OptiPlex facilitates easy maintenance with a single BIOS across new Micro, Small Form Factor and Tower configurations and a single BIOS for All-in-Ones.
Legacy, scale and innovation

Dell Technologies is your trusted partner for the future of work

Dell Technologies APEX

1st
and most comprehensive
As-a-service portfolio that spans from multi-cloud to client devices.

Experience the flexibility to transform your IT and deploy the latest technologies at predictable costs.

Dell APEX PC-as-a-Service
Fully customizable subscription covers everything - devices, software and services; available from one-to-five-year terms.

Dell APEX Managed Device Service
Fully managed, subscription with a team of IT experts to keep business devices up-to-date and secure; and no year-long commitment (US only).

Dell APEX Managed Device Service

Asset Recovery Services

2.6B
Pounds of electronics recovered since 2007
Let Dell help you securely and responsibly retire your old IT equipment - regardless of brand - to allow for a seamless transition from old to new technology, while protecting both your business and the planet.

AI-driven support services

36TB
Telemetry data processed per day
Evolving with you, using machine learning and an AI engine that learns fast. Trust Dell Technologies to deliver hyper-efficient, automated IT support, drawn from decades of AI experience and top-ranked services.

ProDeploy Client Suite for PCs

30K+
PC’s configured daily
For organizations of any size, find the right-sized deployment solution to solve an array of IT needs.

35 years of deployment expertise from Dell ensures seamless experiences for configuration, imaging, and provisioning; as well as asset tagging and warehousing.

Modern Lifecycle Solutions

ProSupport Suite for PCs

641
Hours of admin time saved per year
With advanced telemetry and AI, IT teams can remotely manage the health of their Dell fleet, anticipate and resolve issues and automate PC updates.

Dell Premier

297%
ROI over 4 years
Modernize IT purchasing by shopping your catalog in a tailored online solution. Gain control over the entire IT ecosystem to cut costs, standardize ordering, access analytics and more.

OptiPlex Small Form Factor [Gen ID: 7020]

Page 1

1. Dell has the industry's most secure commercial PCs - with built-in below the OS security features that our competitors cannot match. Based on Dell internal analysis, September 2023. Applicable to PCs on Intel processors. Not all features available with all PCs. Additional purchase required for some features. Do not use in China, Colombia, or Guatemala. (Claim details: Page cover - #1)

3. Dell has the industry's most manageable commercial PCs - Based on Dell internal analysis, January 2024. Details: Most manageable commercial PC when comparing the systems management capabilities of Dell Update Processes, Dell Manageability Solution capabilities and integrations with 3rd Party Management Solutions, with competitor update processes, systems management solution capabilities and integrations with 3rd party management solutions. 3rd Party Management Solutions - Microsoft Intune, Workspace ONE, are separate purchases. Intel iPro, to support out-of-band systems management, is an additional system configuration upgrade.

1. Dell has the industry's most secure commercial PCs. (Claim details: Page cover - #1)

2. Dell has the industry's most intelligent commercial PCs. (Claim details: Page cover - #2)

3. SSD consumes less power and runs cooler as compared to HDD (Hard Disc Drive) since Solid-state drives (SSDs) have no moving parts, whereas hard disk drives (HDDs) have spinning disks. As a result, HDDs consume more power and generate more heat than SSDs. Source: Consumer Hardware, June 2023.

4. Most Manageable Commercial PC. (Claim details: Page cover - #3)

5. OptiPlex Small Form Factor is made with up to 39% Post-consumer recycled plastic (PCR) and closed loop ITE derived plastic. Source: Based on Dell internal analysis, February 2023. Percentage is of total plastic weight in product and may vary by model.

6. OptiPlex Small Form Factor is designed with up to 50% recycled steel in selected tower configurations. Percentage applies to total steel weight in the chassis. Includes OptiPlex Micro, OptiPlex Micro Plus, OptiPlex Tower, OptiPlex SFF and OptiPlex SFF Plus. Based on Dell internal analysis, December 2023.

8. OptiPlex Small Form Factor is certified ENERGY STAR® 8.0, carries TCO Generation 9 certifications and is EPEAT Gold registered with Climate+ designation. Applies to OptiPlex Micro Plus, OptiPlex SFF, OptiPlex SFF Plus, OptiPlex Tower, OptiPlex Tower Plus, OptiPlex AIO 32W and OptiPlex AIO Plus. Based on internal analysis, October 2023. Based on EPEAT Climate+ Designations achieved in all applicable countries. EPEAT registered varies by country. See www.epeat.net for registration status and tier levels. See Owner's manual for e-label conditions.
