Scalable power, slim design

OptiPlex Small Form Factor

Intel® Core™ processors (14th Gen) [Gen ID: 7020]
Most secure,1 intelligent2 and manageable3 commercial PC
Most intelligent commercial PC with Dell Optimizer

Only Dell uses built-in AI to optimize applications. Experience new Audio enhancements that adjust loudness, cancel out noise, and eliminates echoes.

Responsive, secure business-class performance

An Intel vPro® platform featuring up to Intel® Core™ i9 65W processors (14th Gen), with hybrid architecture, automates workload allocation for more multi-tasking productivity.

Fast and efficient

Speed up boot times, application responsiveness and device performance & charging

100% SSD (boot drive) | up to 126GB DDR5 Memory | USB-C (standard front panel)

Designed and tested with an intelligent ecosystem

Small Form Factor is compatible with a wide array of #1 world-wide Dell Displays™ and AI-enhanced collaboration accessories.

Industry’s most manageable commercial PC

Boosts IT efficiency and cost-effectiveness when managing a fleet of PCs
Includes Dell’s seamless delivery of the latest validated BIOS, drivers, and firmware version

Industry's most secure commercial PC, only Dell

Offers off-host BIOS verification and indicators of Attack to reduce exposure to future threats
Integrates PC telemetry with industry-leading software to improve fleet-wide security

Shrinking our carbon footprint

Work in new Quiet mode, for enhanced energy-conservation and up to 39% quieter acoustics for your PC.

EPEAT Climate+ Champion, EPEAT® Gold, EnergyStar®, and TCO Gen 9 Certified

Sustainably built with:

• Up to 39% Post-consumer recycled plastic
• Up to 50% Post-industrial recycled steel
• At least 90% Recycled or renewable packaging and Dell Multi-pack

Industry's most secure commercial PC, only Dell:

Secured Component Verification offered only by Dell. Ensures PCs are secure from factory to first boot.

Certified parts and upgrades only from Dell

Leader in reliability

Less than 1% of OptiPlex desktops experience a first-year service event

Certified parts and upgrades only from Dell.
Sustainable innovation

OptiPlex is passionate about reducing our products’ carbon footprint and helping our customers make an impact on the future. Committed to circular design throughout the lifecycle, we’re driving the innovative use of materials, packaging, energy conservation, recycling and even repairability.

Sustainable materials
OptiPlex Small Form Factor is built with up to 39% Post-consumer recycled plastic (PCR) and closed loop ITE derived plastic. And now select chassis contain up to 50% Post-industrial recycled steel.

Packaging
OptiPlex Small Form Factor ships in packaging made with at least 90% recycled or renewable content to reduce our logistical footprint. Select desktops are also eligible for multipack shipping which helps reduce packaging and transportation waste. Multipack packaging is designed with 100% recycled or renewable corrugate.

Eco-labels
Sharing eco-label certifications help our customers make informed, sustainable IT purchase decisions. OptiPlex Small Form Factor is registered EPEAT Gold with Climate+ designation, meeting the industry’s best practices for decarbonization.

Efficient & Reliable
The Small Form Factor is designed with high-quality components to maximize performance and energy efficiency. Customize your PC thermal/fan settings with a choice of Optimized “performance” mode, or Quiet mode, for up to 39% quieter acoustics and reduced energy consumption. And Dell makes it simple to access and replace parts to get the most life out of our products.

Responsible IT Asset Retirement
Asset Recovery Services makes it easy for our customers to retire legacy equipment securely and responsibly, regardless of brand. Prioritizing material reuse lets us extend the product lifecycle and maximize value return. The outcome is a seamless transition from old to new technology, that protects both your business and the planet.

EPEAT Gold, ENERGY STAR® and TCO 9.0 certifications available
AI-enabled solutions from Dell

Transform work with new levels of productivity

Powering the world’s most intelligent commercial PC’s

Built-in AI from Dell Optimizer, with advanced privacy features, optimizes audio, connectivity, performance and configurability, all in one software.

Experience clearer, more productive conference calls. Your PC’s sound, mic and network performance is optimized discreetly by Dell Optimizer, so you can stay confidently engaged in meetings.

Learn More ›

Minimize user downtime and IT admin hours

Rely on the AI-driven technology of ProSupport Suite for PCs to automate support tasks, detect and deploy fixes and generate security scores for your fleet.

Learn More ›

Accelerate business success with AI-powered multi-tasking

With features like Copilot in Windows, get better answers, grow your skills, and effortlessly optimize workflows.

Windows 11 Pro on Dell PCs come with the latest advances in security and AI delivered conveniently to your desktop.

Learn More ›

Help combat advanced threats with foundational security

Only Dell provides firmware-level threat detection integration via third-party security consoles* with AI-powered capabilities, e.g., CrowdStrike and Carbon Black.**

---

*Based on Dell internal analysis, September 2023. Applicable to PCs on Intel processors. Not all features available with all PCs. Additional purchase required for some features.

**Integrations available for CrowdStrike Falcon Insight XDR and Carbon Black Audit & Remediation.
Easy management. Max productivity.
Customize your entire workspace, simplify management and enhance privacy with Dell Display Manager and Dell Peripheral Manager.

Peace of mind
Dell Monitors offer the same level of quality, reliability and support our customers expect with Dell PC’s. Upgrade to 24x7 specialized technical phone support with the optional Dell ProSupport for monitors.

Future of Work ready
Secure your workspace with OptiPlex Small Form Factor Lockable Cable Cover or All-in-One Stand.
Discover 200+ branded accessories to keep you connected and collaborative no matter your work style.
Extend the life and performance of your PC Dell Parts & Upgrades are certified to work with your Small Form Factor.

D Dell UltraSharp 24 Monitor - U2424H
World’s 1st 4-star certified Eye Comfort Monitors deliver a seamless, multi-monitor set up.

A Dell Pro Wireless Keyboard and Mouse - KM5221W
Stay emerged in distraction-free work, with a long battery life up to 36 months.

B Dell Premier Wireless ANC Headset - WL7024
Stay focused anywhere on the world’s most intelligent wireless headset in its class.

C Dell UltraSharp Webcam - WB7022
Experience the best image quality in its class with the world’s most intelligent 4K webcam.
Simplify IT

Our most secure\(^1\) and manageable\(^5\) offerings make IT management a breeze

**SECURITY**

Improve fleet-wide security with multiple layers of defense

Reduce the attack surface and enhance long-term cyber resilience with Dell Trusted Workspace

Dell offers the industry’s most secure commercial PCs\(^1\) with protections competitors cannot match:

- **Be secure from first boot**
  Rigorous, state-of-the-art supply chain controls and Dell-unique Secured Component Verification reduce the risk of product tampering.

- **Spot ticking timebombs**
  Early-alert feature Indicators of Attack, offered only by Dell, scans for behavior-based threats.

- **Stay protected from evolving threats**
  Only Dell offers off-host BIOS and firmware verification, providing greater security than other PCs. The latest Intel vPro\(^8\)-based PCs provide an estimated 70% attack surface reduction.\(^3\)
  Layer on advanced threat protection with software from our ecosystem of best-of-breed partners.

  Only Dell integrates device telemetry\(^1\) with industry-leading software to improve fleet-wide security.\(^4\)

**MANAGEABILITY**

Manage your fleet of PCs - reliably and easily

Help secure and optimize your endpoints and deliver end-user productivity with Dell Manageability Solutions

Dell Trusted Update Experience makes it simple to update endpoints, packing the latest BIOS, driver, and firmware version. Dell is the only Top-5 PC vendor that:

- **Publishes\(^2\) a device drivers and downloads release schedule:**
  IT Admins can deploy fleet-wide device updates on a predictable timeline.

- **Performs\(^3\) integrated validation of all driver and BIOS modules in an update:**
  IT Admins can expect a trusted, system compatible update deployment, across a fleet of devices.

- **Dell has the industry’s first:**
  Binary Large Object (BLOB) package-based solution using Microsoft Intune
  Systems Management Solution to integrate with Workspace ONE
  Hardware OEM systems management solution to integrate with Intel vPro\(^8\)

**One BIOS**

OptiPlex facilitates easy maintenance with a single BIOS across new Micro, Small Form Factor and Tower configurations and a single BIOS for All-in-Ones.
Legacy, scale and innovation

Dell Technologies is your trusted partner for the future of work

Dell Technologies APEX

1st and most comprehensive

As-a-service portfolio that spans from multi-cloud to client devices.

Experience the flexibility to transform your IT and deploy the latest technologies at predictable costs.

Dell APEX PC-as-a-Service

Fully customizable subscription covers everything - devices, software and services; available from one-to-five-year terms.

Dell APEX Managed Device Service

Fully managed, subscription with a team of IT experts to keep business devices up-to-date and secure; and no year-long commitment (US only).

AI-driven support services

36TB

Telemetry data processed per day

Evolving with you, using machine learning and an AI engine that learns fast. Trust Dell Technologies to deliver hyper-efficient, automated IT support, drawn from decades of AI experience and top-ranked services.

<td>SUSTAINABLE MATERIALS¹</td>
<td>OptiPlex Small Form Factor Plus and OptiPlex Small Form Factor</td>
<td>Post-consumer recycled plastic is plastic waste generated by households, industrial, commercial or institutions repurposed in the desktop design. Closed loop plastic is reclaimed plastic from any disposed IT product repurposed in the desktop design.</td>
</tr>
</tbody>
</table>
| Post-consumer recycled plastic (PCR) and closed loop ITE derived plastic - chassis | OptiPlex Small Form Factor Plus: 39.1%  
OptiPlex Small Form Factor: 38.9% |  |
| Recycled ocean-bound plastic | OptiPlex Small Form Factor: N/A  
OptiPlex Small Form Factor Plus: 50%  
Small Form Factor: 50% | Ocean-bound plastic is collected within 50km (30mi) distance of an ocean coastline or major waterway that feeds into the ocean. Using ocean-bound plastic reduces the risk of endangering marine life and ecosystem with plastic waste. |
| Post-industrial recycled steel: | OptiPlex Small Form Factor Plus: 50%  
OptiPlex Small Form Factor: 50% | New for 2024! Incorporating recycled steel helps minimize the usage of virgin material and related mining activities, while re-purposing waste that would have ended up in landfills (Available for select OptiPlex tower configurations). |
| Recycled or renewable materials - packaging | OptiPlex Small Form Factor Plus: at least 90%  
OptiPlex Small Form Factor: at least 90% | Using recycled or renewable materials lowers waste and helps lower environmental impact. Materials may include recycled content and/or renewable content, in the form of sustainably forested fibers. |
| EPEAT Climate+™ | OptiPlex Small Form Factor Plus: Yes  
OptiPlex Small Form Factor: Yes | This is a product level designation for EPEAT-registered products which meet certain climate-related criteria. 100% of OptiPlex desktops have achieved the reputable EPEAT Climate+ designation.* |
| EPEAT | OptiPlex Small Form Factor Plus: Gold  
OptiPlex Small Form Factor: Gold | Meeting environmental criteria of globally renowned eco-labels, our customers can trust Dell’s sustainability efforts and see how our products adhere to energy-efficiency specifications and other climate-related standards. |
| TCO Certified, Gen 9 | Small Form Factor Plus: Yes  
Small Form Factor: Yes | World-leading sustainability certification for IT products. |
| Energy Star 8.0 | OptiPlex Small Form Factor Plus: Yes  
OptiPlex Small Form Factor: Yes | Energy Star 8.0 is a specification recognizing the most energy-efficient PC’s, backed by Environmental Protection Agency (US). |
| MICROPACK SHIPMENT¹ | OptiPlex Small Form Factor Plus: Yes  
OptiPlex Small Form Factor: Yes | Dell Micro-pack offers a simpler, more efficient unboxing experience with less equipment in a secure and sustainable manner, while unlocking value that can be put towards future innovation. |

<td>Flexible options to supplement in-house IT (1,000 device requirement) - Hardware break/fix with next business day service, 24x7 in-region technical support on hardware and software issues and a Service Account Manager plus the OPTION to choose Accidental Damage coverage or Keep Your Hard Drive. Includes access to SupportAssist for proactive and predictive automations and AI-powered fleet insights.</td>
</tr>
<tr>
<td><strong>DEPLOY SERVICES (OPTIONAL)</strong></td>
<td>ProDeploy Flex for Client</td>
<td>ProDeploy Flex allows customers with specific deployment needs to mix and match standardized options to fit their needs.</td>
</tr>
<tr>
<td></td>
<td>ProDeploy Essentials for Client</td>
<td>From initial PC setup and preparation to data transfer, whether remote or onsite, ProDeploy Essentials is geared toward limited interruption for the end user.</td>
</tr>
<tr>
<td></td>
<td>ProDeploy for Client</td>
<td>ProDeploy partners with IT to apply common customization of hardware settings and software so systems meet IT specifications for security, software and network protocols.</td>
</tr>
<tr>
<td></td>
<td>ProDeploy Plus for Client</td>
<td>With ProDeploy Plus, we bring it all together to take care of end-user needs and efficiently meet IT specifications while working with IT teams to plan, configure and deploy systems that are ready-to-work, using modern solutions.</td>
</tr>
<tr>
<td></td>
<td>Asset Recovery Services</td>
<td>Asset Recovery Services helps you resell, recycle or return-to-lease your legacy IT equipment – regardless of brand or leasing agency – in a secure and sustainable manner, while unlocking value that can be put towards future innovation. And if you do it when assets are at their maximum value, you can transition to what’s next with more money in your pocket.</td>
</tr>
<tr>
<td></td>
<td>Logistic Services</td>
<td>Warehouse your products at our facility for up to 180 days and take delivery on the day and time that best meets your needs.</td>
</tr>
<tr>
<td></td>
<td>Configuration Services</td>
<td>Image Load, Asset Tag, BIOS Customization, HDD Partitioning, Software Installation, Laser Etch, Data Security.</td>
</tr>
<tr>
<td><strong>MANAGE SERVICES (OPTIONAL)</strong></td>
<td>Lifecycle Hub</td>
<td>Combines warehousing and inventory management with configuration services and deployment expertise into one end-to-end solution. With included return, repair, and refurbishing services, Dell Lifecycle Hub helps keep employees working, maximizes use of device inventory and frees up IT resources to focus on business priorities. Available in US, Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, Netherlands, Poland, Portugal, Slovakia, Spain, Sweden, UK.</td>
</tr>
<tr>
<td></td>
<td>Managed Detection and Response Pro Plus</td>
<td>A fully-managed, 360-degree security operations solution designed to prevent threats, quickly detect and contain attack attempts, and help recover your IT environment in the event of a breach.</td>

OptiPlex Small Form Factor [Gen ID: 7020]

Cover page

1. Dell has the industry’s most secure commercial PCs - with built-in below the OS security features that our competitors cannot match. Based on Dell internal analysis, September 2023. Applicable to desktops. Not all features available with all PCs. Additional purchase required for some features. Do not use in China, Colombia, or Guatemala

3. Dell has the industry’s most manageable commercial PCs - based on Dell internal analysis, January 2024. Details: Most manageable commercial PC when comparing the systems management solution capabilities of Dell Update Processes, Dell Manageability Solution capabilities and integrations with 3rd Party Management Solutions, with competitor update processes, systems management solution capabilities and integrations with 3rd party management solutions. 3rd Party Management Solutions - Microsoft Intune, Workspace ONE, are separate purchases. Intel vPro, to support out-of-band systems management, is an additional system configuration upgrade.

Page 1

1. Dell has the industry’s most secure commercial PCs. (Claim details: Cover page - #1)

2. Dell has the industry’s most intelligent commercial PCs. (Claim details: Cover page - #2)

3. SSD consumes less power and runs cooler as compared to HDD (Hard Disc Drive) since Solid-state drives (SSDs) have no moving parts, whereas hard disk drives (HDDs) have spinning disks. As a result, HDDs consume more power and generate more heat than SSDs. Source: Consumer Hardware, June, 2022. DDR5 offers 2x memory speed and reduced voltage, as compared to its predecessor (10X4 RAM). Source: Tech Hardware, May 2023. USB-C offers faster device charging and efficient USB Power Delivery. Source: How to Geek March 2023.

4. Dell is the world’s #1 monitor company. Source: IDC Worldwide Quarterly PC Monitor Tracker, Q2 2023. From 2014 to 2022.

5. Less than 1% of OptiPlex desktops experiences a first-year service event. Source: Based on Dell Quality Intelligence (Qi) tool - Dell Internal Analysis, August 2023. Details: When quantifying DFY FY19-FY24 YTD through August 2023, whereby “service event” is indicated by Dell facilitating 1.) part replacement or 2.) service technician dispatch for repair.

6. Most Manageable Commercial PC. (Claim details: Cover page - #3)

7. Customize your PC thermal / fan settings to work your way in Optimized or Quiet mode. Source: Based on internal Dell analysis, January, 2024. Final benchmarks pending. Details: Quiet mode is designed to index PC performance on quieter acoustics and energy conservation for your SFF. Experience up to 39% gen over gen improvement in acoustics with new OptiPlex SFF Plus and OptiPlex SFF. (CY23 default vs CY24 Quiet mode).

8. OptiPlex Small Form Factor is made with up to 39% Post-consumer recycled plastic (PCR) and closed loop ITE derived plastic. Source: Based on Dell internal analysis, February 2023. Percentage is of total plastic weight in product and may vary by model.

9. OptiPlex Small Form Factor is designed with up to 50% recycled steel in select configurations. Percentage applies to total steel weight in the chassis. Includes OptiPlex Micro, OptiPlex Micro Plus, OptiPlex Tower, OptiPlex SFF and OptiPlex SFF Plus. Based on Dell Internal Analysis, December 2023.

10. OptiPlex Small Form Factor ships with at least 90% recyclable or renewable packaging. In the form of sustainably forested fibers. Percentages may vary slightly by region. Excludes optional items added to order and included in box.

12. OptiPlex Small Form Factor is certified ENERGY STAR® 8.0, carries TCO Generation 9 certifications and is EPEAT Gold registered with Climate+ designation. Applies to OptiPlex Micro Plus, OptiPlex SFF, OptiPlex SFF Plus, OptiPlex Tower, OptiPlex Tower Plus, OptiPlex AIO 55W and OptiPlex AIO Plus. Based on internal analysis, October 2023. Based on EPEAT Climate+ Designations achieved in all applicable countries. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status and tier levels. See Owner’s manual for eco-label conditions.

Page 2 Sustainable innovation

1. OptiPlex Small Form Factor is made with up to 39% Post-consumer recycled plastic (PCR) and closed loop ITE derived plastic. (Claim details: page 1.8)

2. OptiPlex Small Form Factor is designed with up to 50% recycled steel (Claim details: page 1.9)

3. OptiPlex Small Form Factor ships with at least 90% recyclable or renewable packaging. (Claim details: page 1.10)

4. Ship multiple products in a single package with Dell MultiPack. (Claim details: page 1.11)

5. MultiPack packaging is designed with 100% recyclable or renewable corrugate. Based on internal analysis, February 2022. Renewable material in the form of FSC paper fibers.

6. OptiPlex Small Form Factor is certified ENERGY STAR® 8.0, carries TCO Generation 9 certifications and is EPEAT Gold registered with Climate+ designation (Claim details: page 1.12)

7. Asset Recovery Services is conveniently available stand-alone or part of Dell APEX, Lifecycle Hub, and ProDeploy Client Suite, offered in 35 countries.

8. Customize your PC thermal / fan settings to work your way in Optimized or Quiet mode. (Claim details: page 1.7)

Page 3 AI-enabled solutions

1. Dell has the industry’s most intelligent commercial PCs. (Claim details: Cover page - #2)

2. Copilot in Windows, get better answers, grow your skills, and efficiently optimize workflows. Details: Timing of feature delivery and availability varies by market and device. Use Copilot with a Microsoft account or use Copilot with commercial data. Copy of copilot at no additional cost by signing into a work or school account (Microsoft Entra ID) with Microsoft 365 E3, E5, F3, A3 or A5 for faculty, Business Premium, and Business Standard. Coming to more Entra ID users over time.

3. Minimize user downtime and IT admin hours. Source: Based on Dell internal analysis, December 2023. Detailed requirements:
   - Optional ProSupport Plus for PCs or ProSupport Flex is required to automate support tasks, detect and deploy fixes
   - Optional SupportAssist for Business PCs, enabling the “Dell Trusted Device module” and activating a TechDirect account for your company, are required to view security scores for your fleet via TechDirect.

4. Based on Dell internal analysis, September 2023. Applicable to PCs on Intel processors. Not all features available with all PCs. Additional purchase required for some features. **Integrations available for CrowdStrike Falcon Insight XDR and Carbon Black Audit & Remediation.

Page 4 Better together

1. OptiPlex SFF drives up to (4) displays natively, OptiPlex Small Form Factor Plus has (3) DisplayPort 1.4a ports supporting up to 4K resolution at 60 Hz. OptiPlex Small Form Factor has (1) DisplayPort 1.4a port supporting up to 4K resolution at 60 Hz and (1) HDMI 1.4b port supporting up to FHD resolution. Please note: connecting more than one display to a single video port will reduce supported resolution. Maximum of 4 monitors supported.

2. Enjoy a near-seamless multi-monitor set-up and new levels of comfort with the World’s 1st 4-star certified Eye Comfort Monitor: Based off TÜV Rheinland Red Dot 2023 Award, the OptiPlex 7000 SFF. (CY23 default vs CY24 Quiet mode).

3. Customize your PC thermal / fan settings to work your way in Optimized or Quiet mode. (Claim details: Cover page - #2)

4. Dell MultiPack provides:
   - Advanced Exchange Service: Your monitor comes with a 3-year Advanced Exchange Service to so that if a replacement becomes necessary, it will be shipped to you the next business day during your 3-year Limited Hardware Warranty.    - The Dell Premium Panel Warranty allows a free panel replacement during the Limited Hardware Warranty period even if only one bright pixel is found.
   - Upgrade to 24x7 specialized technical phone support with the optional Dell ProSupport.

7. Dell Pro Wireless Keyboard & Mouse - KM5221W, Based on Dell internal analysis of battery life usage model calculations, Nov. 2020. Results vary depending on use, operating conditions & other factors.

8. Dell is the world’s #1 monitor company. Source: IDC Worldwide Quarterly PC Monitor Tracker, Q2 2023. From 2014 to 2022.

Page 5 Simplify IT

1. Dell has the industry’s most secure commercial PCs. (Claim Details: Cover page - #1)

2. Dell publishes a device drivers and downloads release schedule. Source: Based on internal analysis, May 2023. When comparing publicly available device drivers and downloads release schedules published by the Top 5 PC vendors, as of May 2023.

3. Dell performs integrated validation of all driver and BIOS modules in an update. Source: Based on Dell internal analysis, May 2023, of integrated validation approaches of Top 5 PC vendors, for driver and BIOS modules in an update, by currently shipping and future-state product system images.

4. Applicable to PCs on Intel processors. Not all features are available with all PCs. Additional purchase required for some features. Availability varies by region. Integrations available for CrowdStrike Falcon Insight XDR and Carbon Black Audit & Remediation.

14
Only Dell offers off-host BIOS and firmware verification, providing greater security than other PCs. The latest Intel vPro based PCs provide an estimated 70% attack surface reduction compared to four-year-old devices. Based on IOActive's "Intel vPro 13th Gen Attack Surface Study" published March 2023 (commissioned by Intel), which evaluates Intel vPro devices powered by 13th Gen Intel Core processors against four-year-old Intel-based PCs on Windows OS. Details at www.intel.com/performance-vpro. Results may vary.

Most Manageable Commercial PC. (Claim details: Cover page #3) and Dell has the industry's first:
- Dell Command | Endpoint Configure for Microsoft Intune - the industry's first Binary Large Object (BLOB) package-based solution, for securely configuring & managing endpoints, using Microsoft Intune. Disclaimer: Industry's first device manageability solution to use a Binary Large Object (BLOB) package, recognized by Microsoft Intune, for secure endpoint configuration and management.
- Dell Client Command Suite – the industry's first Systems Management Solution to integrate with VMWare Workspace ONE, for secure BIOS, firmware, OS and update management of PCs, from the cloud. Disclaimer: Based on Dell internal analysis, July 2023.
- Dell Command | Intel vPro Out of Band – the industry's first hardware OEM systems management solution to integrate with Intel vPro – for remote management of systems, regardless of power-state. Disclaimer: Based on Dell internal analysis, November 2023.

Page 6 Legacy, scale & innovation

1. Dell Technologies APEX offers the 1st and most comprehensive As-a-service portfolio that spans from multi-cloud to client devices. Source: Based on Dell internal analysis, April 2023. Payment solutions provided to qualified commercial customers by Dell Financial Services through Dell Technologies group companies or authorized business partners. Solutions may be changed without notice and are subject to product availability, eligibility, credit approval, acceptable documentation and local applicable law. Some solutions, including end of term purchase options, may not be available or may vary by country. Within the EU, the EEA, the UK and Switzerland certain solutions are provided by Dell Bank International d.a.c. and its local branches, including by Dell Bank International d.a.c Sucursal en España in Spain. Dell Bank International d.a.c. is regulated by the Central Bank of Ireland. Dell Technologies and Dell logos are trademarks of Dell Inc.

2. Dell Technologies processes 36TB of telemetry data per day. Source: Based on Dell internal analysis, November 2023.

3. ProDeploy Client Suite for PCs configures 30K PC daily. Source: Based on Dell internal analysis, April 2023.

4. ProSupport Suite for PCs saves 641 hours of IT admin time per year* (on recurring tasks for a 1,000-device fleet. *vs. a manual approach based on data extrapolated from hands-on testing).

5. Dell Premier offers up to 297% ROI, or return on investment, over a span of 4 years. Source: Based on a Forrester Total Economic Impact™ Study Commissioned by Dell Technologies and Intel, "The Total Economic Impact™ Of Dell Premier Solutions", August 2021. These findings were aggregated into a 15,000-employee composite organization to create a four-year financial model that calculates the likely ROI a company should expect by adopting Dell Premier. Actual results may vary. Full study https://tools.totaleconomicimpact.com/go/dell/premiersolutions/

6. Dell Technologies has recovered 2.6 billion pounds of electronics since 2007. Source: Based on Dell internal analysis of publicly available data, April 2023.

Technotes:
1. Not all technical specifications available per system configuration. Offering may vary by region. Some items may be available after product introduction. For complete details, refer to the Owner’s Manual published on www.dell.com/support.
2. System Memory and Graphics: Significant system memory may be used to support graphics, depending on system memory size and other factors.
3. Storage Option: GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.
4. Limited Hardware Warranty: For copy of Ltd Hardware Warranty, write Dell USA L.L. Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see www.dell.com/warranty.
5. On-site service after remote diagnosis: Remote Diagnosis is determination by online/phone technician of cause of issue; may involve customer access to inside of system and multiple or extended sessions. If issue is covered by Limited Hardware Warranty (www.dell.com/warranty) and not resolved remotely, technician and/or part will be dispatched, usually within 1 business day following completion of Remote Diagnosis. Availability varies. Other conditions apply.
6. Dell Services: Availability and terms of Dell Services vary by region. For more information, visit www.dell.com/services.
7. For complete listing of declarations and certifications, refer to the Dell Regulatory and Environmental Datasheet found in the Manuals section of product support information www.dell.com/support/home/us/en/19.

Technical specifications subject to change without prior notice. Product availability varies by country. Please contact your Dell representative for more information.
