Ultimate desktop configurability

OptiPlex Tower
Intel® Core™ processors (14th Gen) [Gen ID: 7020]

Most secure¹, intelligent² and manageable³ commercial PC
**OptiPlex Tower**

**Fully immersive productivity solution**
Power rich content workflows with VR-capable NVIDIA® GeForce® RTX™ graphics.

Drive up to (4) displays natively, including up to (3) at 4K resolution from #1 world-wide Dell Displays.

**Speed and agility with room to grow**
Ultimate configurability with the most storage and expansion options from OptiPlex, with 2 chassis sizes to fit your workspace.

Conquer demanding projects with up to 128GB DDR5 memory and reliable storage options.

**Responsive, secure business-class performance**
An Intel vPro® platform featuring up to Intel® Core™ i9 (66W, 125W) processors (14th Gen), with hybrid architecture, automates workload allocation for more multi-tasking productivity.

**Working to shrink our carbon impact**
Work in new Quiet mode, designed for enhanced energy-conservation and up to 39% quieter acoustics for your Tower.

Recognized with EPEAT Climate+ designation and the latest environmental standards: EPEAT® Gold, EnergyStar®, and TCO Gen 9 Certified.

**Sustainably built with:**
- up to 53.6% Post-consumer recycled plastic
- 50% Post-industrial recycled steel
- at least 90% Recycled or renewable packaging and Dell multi-pack

**Most intelligent commercial PC with Dell Optimizer**
Only Dell uses built-in AI to optimize applications. Experience new Audio enhancements that adjust loudness, cancel out noise, and eliminates echoes.

**Industry-leading reliability**
Less than 1% of OptiPlex desktops experience a first-year service event.

Future-proof your PC with expansive configurability plus certified parts & upgrades from Dell.

**The industry’s most manageable commercial PC**
Helps your IT Admins save time, money, and resources when managing a fleet of PCs.

Includes Dell’s seamless delivery of the latest validated BIOS, drivers, and firmware versions.

**Industry’s most secure commercial PC**
Offers off-host BIOS verification and Indicators of Attack to reduce exposure to future threats.

Integrates PC telemetry with industry-leading software to improve fleet-wide security.

**Secured Component Verification**
Offered only by Dell helps ensure PCs are secure from factory to first boot.

Sustainable innovation

OptiPlex is passionate about reducing our products’ carbon footprint and helping our customers make an impact on the future. Committed to circular design throughout the lifecycle, we’re driving the innovative use of materials, packaging, energy conservation, recycling and even repairability.

Sustainable materials

OptiPlex Towers are built with up to 53.6% Post-consumer recycled plastic (PCR) and closed loop ITE derived plastic. And now select chassis contain up to 50% Post-industrial recycled steel.

Packaging

OptiPlex Towers ship in packaging made with at least 90% recycled or renewable content to reduce our logistical footprint. Select desktops are also eligible for multipack shipping which helps reduce packaging and transportation waste. Multipack packaging is designed with 100% recycled or renewable corrugate.

Eco-labels

Sharing eco-label certifications help our customers make informed, sustainable IT purchase decisions. OptiPlex Tower is registered EPEAT Gold with Climate+ designation, meeting the industry’s best practices for decarbonization.

Efficient & Reliable

Built with high-quality components, the Tower drives top performance and value throughout its lifecycle. From the new User Selected Thermal Table (USTT), chose to work in Quiet mode, designed for enhanced energy-conservation and up to 39% quieter acoustics for your Tower. And Dell makes it simple to access and replace parts to get the most life out of our products.

Responsible IT Asset Retirement

Asset Recovery Services makes it easy for our customers to retire legacy equipment securely and responsibly, regardless of brand. Prioritizing material reuse lets us extend the product lifecycle and maximize value return. The outcome is a seamless transition from old to new technology, that protects both your business and the planet.

EPEAT Gold, ENERGY STAR® and TCO 9.0 certifications available.
AI-enabled solutions from Dell

Transform work with new levels of productivity

Powering the world’s most intelligent commercial PC’s¹

Built-in AI from Dell Optimizer, with advanced privacy features, optimizes audio, connectivity, performance and configurability, all in one software.

Experience clearer, more productive conference calls. Your PC’s sound, mic and network performance is optimized discreetly by Dell Optimizer, so you can stay confidently engaged in meetings.

Learn More ›

Accelerate business success with AI-powered multi-tasking

With features like Copilot in Windows², get better answers, grow your skills, and effortlessly optimize workflows.

Windows 11 Pro on Dell PCs come with the latest advances in security and AI delivered conveniently to your desktop.

Learn More ›

Minimize user downtime and IT admin hours³

Rely on the AI-driven technology of ProSupport Suite for PCs to automate support tasks, detect and deploy fixes and generate security scores for your fleet.

Learn More ›

Help combat advanced threats with foundational security

Only Dell provides firmware-level threat detection integration via third-party security consoles* with AI-powered capabilities, e.g., CrowdStrike and Carbon Black.**

*Based on Dell internal analysis, September 2023. Applicable to PCs on Intel processors. Not all features available with all PCs. Additional purchase required for some features.

**Integrations available for CrowdStrike Falcon Insight XDR and Carbon Black Audit & Remediation.
Up-level your PC experience

With Dell Displays and Accessories, designed and tested to work Better Together

Easy management. Max productivity.
Customize your entire workspace, simplify management and enhance privacy with Dell Display Manager and Dell Peripheral Manager.

A  Dell Pro Wireless Keyboard and Mouse - KM5221W
Stay emerged in distraction-free work, with a long battery life up to 36 months.

B  Dell Premier Wireless ANC Headset - WL7024
Stay focused anywhere on the world’s most intelligent wireless headset in its class.

C  Dell UltraSharp Webcam - WB7022
Experience the best image quality in its class with the world’s most intelligent 4K webcam.

D Dell UltraSharp 24 Monitor - U2424H
World’s 1st 4-star certified Eye Comfort Monitors deliver a seamless, multi-monitor set up.

Peace of mind
Dell Monitors offer the same level of quality, reliability and support our customers expect with Dell PC’s. Upgrade to 24x7 specialized technical phone support with the optional Dell ProSupport for monitors.

Future of Work ready
As the world’s #1 monitor company, Dell knows that modern workplace requires more than PCs. We offer 200+ branded accessories to keep you connected and collaborative no matter your work style.

Simplify IT
Our most secure\(^1\) and most manageable\(^6\) offerings make IT management a breeze

**SECURITY**

**Improve fleet-wide security with multiple layers of defense**

Reduce the attack surface and enhance long-term cyber resilience with Dell Trusted Workspace

Dell offers the industry’s most secure commercial PCs\(^1\) with protections competitors cannot match:

- **Be secure from first boot**
  - Rigorous, state-of-the-art supply chain controls and Dell-unique Secured Component Verification reduce the risk of product tampering.

- **Spot ticking timebombs**
  - Early-alert feature Indicators of Attack, offered only by Dell, scans for behavior-based threats.

- **Stay protected from evolving threats**
  - Only Dell offers off-host BIOS and firmware verification, providing greater security than other PCs. The latest Intel vPro\(^8\)-based PCs provide an estimated 70% attack surface reduction.\(^3\)
  - Layer on advanced threat protection with software from our ecosystem of best-of-breed partners.

  Only Dell integrates device telemetry\(^1\) with industry-leading software to improve fleet-wide security.\(^4\)

**MANAGEABILITY**

**Manage your fleet of PCs - reliably and easily**

Help secure and optimize your endpoints and deliver end-user productivity with Dell Manageability Solutions

Dell Trusted Update Experience makes it simple to update endpoints, packing the latest BIOS, driver, and firmware version. Dell is the only Top-5 PC vendor that:

- **Publishes\(^2\) a device drivers and downloads release schedule:**
  - IT Admins can deploy fleet-wide device updates on a predictable timeline.

- **Performs\(^3\) integrated validation of all driver and BIOS modules in an update:**
  - IT Admins can expect a trusted, system compatible update deployment, across a fleet of devices.

**Dell has the industry’s first:**\(^6\)

- Binary Large Object (BLOB) package-based solution using Microsoft Intune
- Systems Management Solution to integrate with Workspace ONE
- Hardware OEM systems management solution to integrate with Intel vPro\(^8\)

**One BIOS**

OptiPlex facilitates easy maintenance with a single BIOS across new Micro, Small Form Factor and Tower configurations and a single BIOS for All-in-Ones.

Legacy, scale and innovation
Dell Technologies is your trusted partner for the future of work

Dell Technologies APEX
1st and most comprehensive\(^1\)
As-a-service portfolio that spans from multi-cloud to client devices.

Experience the flexibility to transform your IT and deploy the latest technologies at predictable costs.

Dell APEX PC-as-a-Service
Fully customizable subscription covers everything - devices, software and services; available from one-to-five-year terms.

Dell APEX Managed Device Service
Fully managed, subscription with a team of IT experts to keep business devices up-to-date and secure; and no year-long commitment (US only).

AI-driven support services
36TB
Telemetry data processed per day\(^2\)
Evolving with you, using machine learning and an AI engine that learns fast. Trust Dell Technologies to deliver hyper-efficient, automated IT support, drawn from decades of AI experience and top-ranked services.

ProDeploy Client Suite for PCs
30K+
PC’s configured daily\(^3\)
For organizations of any size, find the right-sized deployment solution to solve an array of IT needs.

35 years of deployment expertise from Dell ensures seamless experiences for configuration, imaging, and provisioning; as well as asset tagging and warehousing.

Asset Recovery Services
2.6B
Pounds of electronics recovered since 2007\(^6\)
Let Dell help you securely and responsibly retire your old IT equipment - regardless of brand – to allow for a seamless transition from old to new technology, while protecting both your business and the planet.

Dell Premier
297%
ROI over 4 years\(^5\)
Modernize IT purchasing by shopping your catalog in a tailored online solution. Gain control over the entire IT ecosystem to cut costs, standardize ordering, access analytics and more.

ProSupport Suite for PCs
641
Hours of admin time saved per year\(^4\)
With advanced telemetry and AI, IT teams can remotely manage the health of their Dell fleet, anticipate and resolve issues and automate PC updates.

**TECHNICAL SPECIFICATION**

**DESCRIPTION**

OptiPlex Tower Plus and OptiPlex Tower (available for all configurations)

Post-consumer recycled plastic is plastic waste generated by households, industrial, commercial or institutions repurposed in the desktop design. Closed loop plastic is reclaimed plastic from any disposed IT product repurposed in the desktop design.

Ocean-bound plastic is collected within 50km (30mi) distance of an ocean coastline or major waterway that feeds into the ocean. Using ocean-bound plastic reduces the risk of endangering marine life and ecosystem with plastic waste.

Incorporating recycled steel helps minimize the usage of virgin material and related mining activities, while re-purposing waste that would have ended up in landfills (Available for select OptiPlex tower configurations).

Using recycled or renewable materials lowers waste and helps lower environmental impact. Materials may include recycled content and/or renewable content, in the form of sustainably forested fibers.

This is a product level designation for EPEAT-registered products which meet the industry’s best climate criteria.

TCO Certified is a leading sustainability certification for IT products, with a comprehensive system of up-to-date criteria and independent verification. Product registry: https://tococertified.com/product-finder/

Energy Star 8.0 is a specification recognizing the most energy-efficient PC’s, backed by Environmental Protection Agency (US).

Dell Multi-pack offers a simpler, more efficient unboxing experience with less packaging waste and better pallet optimization for transportation.

Asset Recovery Services helps you resell, recycle or return-to-lease your legacy IT equipment – regardless of brand or leasing agency – in a secure and sustainable manner, while unlocking value that can be put towards future innovation. And if you do it when assets are at their maximum value, you can transition to what’s next with more money in your pocket.

Dell Optimizer, our AI-based optimization software, learns and responds to the way you work providing improved application and device performance, clearer audio and more.

**TECHNICAL SPECIFICATION**

**DESCRIPTION**

OptiPlex Tower Plus and OptiPlex Tower (available for all configurations)

Machine learning models designed to improve foreground application performance and boost overall application responsiveness when PC is under high CPU utilization from concurrent workload activities.

Choice of settings (optimized, cool, quiet, ultra performance) to balance PC performance and fan noise. Will also provide critical firmware alerts and notifications.

AI-based neural noise technology removes intrusive sounds, echoes, and reverb caused by room acoustics from all ends of conference calls as well as mutes all background noises when no speech is detected. Will also provide automated tuning for optimized sound quality and on-screen notifications if voice quality drops in conference calls.

Presence Detection is built-in for OptiPlex All-In-One with optional SMP IR Camera; all other OptiPlex desktop configurations require external device with a compatible sensor, including select Dell monitors and webcams with proximity sensors to experience these features. “Keep Alive” will prevent screen from turning off, “Walk Away Lock” will turn off screen and lock system, and “Wake on Approach” will awaken system, all based on user presence, providing screen privacy while conserving energy consumption.

Automatically switches to the best available Wi-Fi network when congestion is detected and uses multiple wired or wireless network connections to transfer data and improve download speed. Allocates the maximum bandwidth to conference application when you are on a call and allows you to prioritize which applications receive the most bandwidth when the network is congested.

Convenient access to Dell Peripheral Manger and Dell Display Manager for customization settings and controls for your Dell Peripherals and your Dell Monitor.

**OptiPlex Tower [Gen ID: 7020]**

Cover page

1. Dell has the industry’s most secure commercial PCs - with built-in below the OS security features that our competitors cannot match. Based on Dell internal analysis, September 2023. Applicable to PCs on Intel processors. Not all features available with all PCs. Additional purchase required for some features. Do not use in China, Colombia, or Guatemala.
2. Dell has the industry’s most intelligent commercial PCs - Based on Dell analysis, November 2023. Dell optimizer not available in OptiPlex 3000 series, Latitude Chromebook Enterprise, and Linux-based devices. Feature availability and functionality may vary by model. For more details visit: https://www.delltechnologies.com/asset/en-us/solutions/business-solutions/technical-support/dell-optimizer-features-availability-matrix.pdf
3. Dell has the industry’s most manageable commercial PCs - Based on Dell internal analysis, January 2024. Details: Most manageable commercial PC when comparing the systems management capabilities of Dell Update Processes, Dell Manageability Solution capabilities and integrations with 3rd Party Management Solutions, with competitor update processes, systems management solution capabilities and integrations with 3rd party management solutions. 3rd Party Management Solutions - Microsoft Intune, Workspace ONE, are separate purchases. Intel vPro, to support out-of-band systems management, is an additional system configuration upgrade.

Page 1

1. Dell has the industry’s most secure commercial PCs. (Claim Details: Cover page - #1)
2. Dell has the industry’s most intelligent commercial PCs. (Claim Details: Cover page - #2)
3. OptiPlex Tower Plus offers up to 128GB DDR5 Memory and VR-capable NVIDIA® GeForce® RTX™ graphics; OptiPlex Tower offers up to 64GB DDR5 memory and AMD Radeon™ RX graphic options.
4. Dell is the world’s #1 monitor company. Source: IDC Worldwide Quarterly PC Monitor Tracker, Q2 2023. From 2014 to 2022.
5. Less than 1% of OptiPlex desktops experience a first-year service event. Source: Based on Dell Quality Intelligence (QI) tool - Dell Internal Analysis, August 2023. Details: When quantifying Dell FY19-FY24 YTD through August 2023, whereby “service event” is indicated by Dell facilitating 1.) part replacement or 2.) service technician dispatch for repair.
6. Dell has the industry's most manageable commercial PCs (Claim details: Cover page - #3)
7. Customize your PC thermal / fan settings to work your way in Optimized or Quiet mode. Source: Based on internal Dell analysis, January 2024. Final benchmarks pending. Details: Quiet mode is designed to index PC performance on quieter acoustics and energy conservation for your Tower. Experience up to 39% gen over gen improvement in acoustics with new OptiPlex Tower Plus and OptiPlex Tower. (CY23 default vs CY24 Quiet mode).
8. OptiPlex Towers are made with up to 53.6% Post-consumer recycled plastic (PCR) and closed loop ITE derived plastic Source: Based on Dell internal analysis, February 2023. Percentage is of total plastic weight in product and may vary by model.
9. OptiPlex Tower is designed with up to 50% recycled steel in select tower configurations. Percentage applies to total steel weight in the chassis. Includes OptiPlex Micro, OptiPlex Micro Plus, OptiPlex Tower, OptiPlex SFF and OptiPlex SFF Plus. Based on Dell internal analysis, December 2023. Not available for OptiPlex Tower Plus configuration.
10. OptiPlex Tower ships with at least 90% recycled or renewable packaging, in the form of sustainably forested fibers. Percentages may vary slightly by region. Excludes optional items added to order and included in box.
12. OptiPlex Tower is certified ENERGY STAR® 8.0, carries TCO Generation 9 certifications and is EPEAT Gold registered with Climate+ designation. Applies to OptiPlex Micro Plus, OptiPlex SFF, OptiPlex SFF Plus, OptiPlex Tower; OptiPlex Tower Plus; OptiPlex AIO 325 and OptiPlex AIO Plus. Based on internal analysis, October 2023. Based on EPEAT Climate+ Designations achieved in all applicable countries. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status and tier levels. See Owner’s manual for eco-label conditions.

Page 2 Sustainable innovation

1. OptiPlex Towers are made with up to 53.6% Post-consumer recycled plastic (PCR) and closed loop ITE derived plastic Source: Based on Dell internal analysis, February 2023. Percentage is of total plastic weight in product and may vary by model. (Claim details: page 1.8).
2. OptiPlex Tower is designed with up to 50% recycled steel in select tower configurations. (Claim details: page 1.9).
3. OptiPlex Tower ships with at least 90% recycled or renewable packaging. (Claim details: page 1.10).
5. Multpack packaging is designed with 100% recycled or renewable corrugate. Based on internal analysis, February 2022. Renewable material in the form of FSC paper fibers.
6. OptiPlex Tower is certified ENERGY STAR® 8.0, carries TCO Generation 9 certifications and is EPEAT Gold registered with Climate+ designation (Claim details: page 1.12).
7. Customize your PC thermal / fan settings to work your way in Optimized or Quiet mode. (Claim Details: page 1.7).
8. Asset Recovery Services is conveniently available as a stand-alone service or part of Dell APEX, Lifecycle Hub and ProDeploy Client Suite, in 35 countries.
Page 3 Al-enabled solutions
1. Dell has the industry's most intelligent commercial PCs. *(Claim Details: Cover page - #2)*
2. Copilot in Windows, get better answers, grow your skills, and effortlessly optimize workflows. Timing of feature delivery and availability varies by market and device. Use Copilot with a Microsoft Account or use Copilot with commercial data protection at no additional cost by signing into a work or school account (Microsoft Entra ID) with Microsoft 365 E5, E5, F3, A3 or A5 for faculty. Business Premium, and Business Standard. Coming to more Entra ID users over time.
3. Minimize user downtime and IT admin hours: Based on Dell internal analysis, December 2023. Detailed requirements:
   - Optional ProSupport Plus for PCs or ProSupport Flex is required to automate support tasks, detect and deploy fixes
   - Optional SupportAssist for Business PCs: enabling the “Dell Trusted Device module” and activating a TechDirect account for your company, are required to view security scores for your fleet via TechDirect.
4. Based on Dell internal analysis, February 2023. Applicable to PCs on Intel processors. Not all features available with all PCs. Additional purchase required for some features.
5. **Integrations available for CrowdStrike Falcon Insight XDR and Carbon Black Audit & Remediation.

Page 4 Better together
1. OptiPlex Tower drives up to (4) displays natively, including up to (3) at 4K resolution. OptiPlex Tower supports up to four displays at one time, from native HDMI, native DisplayPort, and/or from optional video port up to 5K. OptiPlex Tower Plus supports up to four displays at one time, from native DisplayPorts up to 4K, and/or from optional video port up to 5K.
2. Enjoy a near-seamless multi-monitor set up and new levels of comfort with the World's 1st 4-star certified Eye Comfort Monitor. Based off TÜV Rheinland® Eye Comfort certification, August 2023. Monitor certified by TÜV for 4-star eye comfort.
3. Dell monitors come with:
   - Advanced Display Service: Your monitor comes with a 3-year Advanced Exchange Service so that if a replacement becomes necessary, it will be shipped to you the next business day during your 3-year Limited Hardware Warranty. Replacement part/unit dispatched, if needed, following completion of phone/online diagnosis. Fee charged for failure to return defective unit. Availability varies.
   - For copy of Ltd Hardware Warranty, write to Dell USA LP Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see http://www.dell.com/warranty.
   - The Dell Premium Panel Warranty allows a free panel replacement during the limited Hardware Warranty period even if only one bright pixel is found.
   - Upgrade to 24x7 specialized technical phone support with the optional Dell ProSupport.
   - Dell UltraSharp Webcam - WB7022: Based on Dell internal analysis of external 4K personal conferencing webcams, August 2023.
   - Dell Pro Wireless Keyboard & Mouse - KM7221W: Based on Dell internal analysis of battery life usage model calculations, Nov. 2020. Results vary depending on use, operating conditions & other factors.

Page 5 Simplify IT
1. Dell has the industry's most secure commercial PCs. *(Claim Details: Cover page - #1)*
2. Dell publishes a device drivers and downloads release schedule. *(Source: Based on internal analysis, May 2023. When comparing publicly available device drivers and downloads release schedules published by the Top 5 PC vendors, as of May 2023.)*
3. Dell performs integrated validation of all driver and BIOS modules in an update. *(Source: Based on internal analysis, May 2023, of integrated validation approaches of Top 5 PC vendors, for driver and BIOS modules in an update, by currently shipping and future-state product system images.)*
4. Applicable to PCs on Intel processors. Not all features are available with all PCs. Additional purchase required for some features. Availability varies by region. Integrations available for CrowdStrike Falcon Insight XDR and Carbon Black Audit & Remediation.
5. Only Dell offers off-host BIOS and firmware verification, providing greater security than other PCs. *(Details: The latest Intel vPro-based PCs provide an estimated 70% attack surface reduction compared to four-year-old devices. Based on 0Active’s Intel vPro 13th Gen Attack Surface Study published March 2023 (commissioned by Intel), which evaluates Intel vPro devices powered by 13th Gen Intel Core processors compared against four-year-old Intel-based PCs on Windows OS. Details at www.intel.com/performance-vpro. Results may vary.)*
6. Most Manageable Commercial PC. *(Claim details: Cover page - #3;)* and Dell has the industry’s first:
   - **Dell Command | Endpoint Configure for Microsoft Intune - the industry’s first Binary Large Object (BLOB) package-based solution, for securely configuring & managing endpoints, using Microsoft Intune. Disclaimer: Industry’s first device manageable solution to use a Binary Large Object (BLOB) package, recognized by Microsoft Intune, for secure endpoint configuration and management.
   - **Dell Client Command Suite – the industry’s first Systems Management Solution to integrate with VMware Workspace ONE, for secure BIOS, firmware, OS and update management of PCs, from the cloud. Disclaimer: Based on Dell internal analysis, July 2023.
   - **Dell Command | Intel vPro Out of Band – the industry’s first hardware OEM systems management solution to integrate with Intel vPro – for remote management of systems, regardless of power-state. Disclaimer: Based on Dell internal analysis, November 2023.*

Page 6 Legacy, scale & innovation
1. Dell Technologies APEX offers the 1st and most comprehensive As-a-service portfolio that spans from multi-cloud to client devices. *(Source: Based on Dell internal analysis, April 2023. Payment solutions include dedicated commercial customers by Dell Financial Services through Dell Technologies group companies or authorized business partners. Solutions may be changed without notice and are subject to product availability, eligibility, credit approval, acceptable documentation and local applicable law. Some solutions, including end of term purchase options, may not be available or may vary by country. Within the EU, the EEA, the UK and Switzerland certain solutions are provided by Dell Bank International d.a.c. and its local branches, including by Dell Bank International d.a.c. Sucursal en España in Spain. Dell Bank International d.a.c. is regulated by the Central Bank of Ireland. Dell Technologies and Dell logos are trademarks of Dell Inc.*
2. Dell Technologies processes 36TB of telemetry data per day. *(Source: Based on Dell internal analysis, November 2023.)*
3. ProDeploy Client Suite for PCs configure 30K PC daily. *(Source: Based on Dell internal analysis, April 2023.)*
5. **Dell Premier offers up to 297% ROI, or return on investment, over a span of 4 years. Source: Based on a Forrester Total Economic Impact™ Study Commissioned by Dell Technologies and Intel, “The Total Economic Impact® Of Dell Premier Solutions”, August 2021. These findings were integrated into an 15,000-employee composite organization to create a four-year financial model that calculates the likely ROI a company should expect by adopting Dell Premier. Actual results may vary. Full study https://tools.totaleconomicimpact.com/go/dell/premiersonsolutions/)**
6. Dell Technologies has recovered 2.6 billion pounds of electronics since 2007. *(Source: Based on Dell internal analysis of publicly available data, April 2023.)*

Technotes:
- Not all technical specifications available per system configuration. Offering may vary by region. Some items may be available after product introduction. For complete details, refer to the Owner's Manual published on www.dell.com/support.
- System Memory and Graphics: Significant system memory may be used to support graphics, depending on system memory size and other factors.
- Storage Option: GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.
- Limited Hardware Warranty: For copy of Ltd Hardware Warranty, write to Dell USA LP Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see www.dell.com/warranty.
- On-site service after Remote Diagnosis: Remote Diagnosis is determined by/or telephone technician of cause of issue, may involve customer access to inside of system and multiple or extended sessions. If issue is covered by Limited Hardware Warranty (www.dell.com/warranty) and not resolved remotely, technician and/or part will be dispatched, usually within 1 business day following completion of Remote Diagnosis. Availability varies. Other conditions apply.
- Dell Services: Availability and terms of Dell Services vary by region. For more information, visit www.dell.com/servicesdescriptions.
- For complete listing of declarations and certifications, refer to the Dell Regulatory and Environmental Datasheet found in the Manuals section of Product Support information www.dell.com/support/home/us/en/19
