Dell Monitors Portfolio Matrix

**DELL ULTRASHARP MONITORS**

**UltraSharp and UltraSharp PremierColor**

Delivering the ultimate screen performance and user experience through innovation

- FHD, QHD, 4K, 5K2K and 8K resolution
- Sizes from 24” to 49”
- UltraSharp PremierColor for color critical tasks
- Brilliant color, contrast and clarity with VESA Certified DisplayHDR™ monitors

**Screen Performance**

- HD+, Full HD, QHD and 4K resolution
- Wide selection of sizes from 19” to 34”

**Designed for Productivity**

- Immersive curved monitor options
- Virtually borderless InfinityEdge design
- ComfortView Plus / ComfortView, Flicker-Free screen
- KVM/PIP/PBP features
- Dell Display Manager for multi-tasking

**Connectivity and Adjustability**

- Wide range of connectivity options including RJ45, USB-C connectivity with up to 65W of power delivery, HDMI and DP 1.2.
- Fully adjustable with pivot, tilt, swivel and height adjustability
- Compatible with legacy and current systems via VGA, DisplayPort or HDMI connectivity
- Tilt adjustability, basic height adjustability

Some features are only available on select models.
Dell UltraSharp

Discover unmatched performance, cutting-edge design and ultimate user experience with Dell’s award-winning 
UltraSharp monitors. Featuring our best in color and monitor technology, Dell UltraSharp and UltraSharp PremierColor monitors spectacular front of screen performance with high resolution clarity and accurate color with a wide color coverage. Options include ultra wide curved screens, Thunderbolt™ 3, USB-C® and RJ45 (Ethernet) connectivity, built-in colorimeter, and VESA Certified DisplayHDR™.

Dell UltraSharp PremierColor Monitors set the standard for Digital Creators. Engineered to meet the demands of creative professionals, these state-of-the-art monitors feature ultra high resolution screens — up to UHD 8K, precise color with a wide coverage across industry standards, incredible color depth of 1.07 billion colors, amazing contrast and powerful calibration capabilities. All the tools you need for your color-critical projects.

1. AMAZINGLY WIDE COLOR COVERAGE
Get a wide color coverage across all professional color spaces (AdobeRGB, DCI-P3, sRGB, Rec. 709, and Rec. 2020) for a broad spectrum of immaculate, unwavering colors. Our latest addition, UP3221Q, features a near 100% coverage of the DCI-P3 color space — 99.8% DCI-P3, and offers ultimate contrast with 2K mini LED direct backlit dimming zones.

2. INCREDIBLE COLOR DEPTH
Experience a high level of detail — even in dark areas — with an incredible color depth of 1.07 billion colors. That’s 64 times more color than standard monitors for better color gradation and precision across more shades and colors.

3. POWERFUL COLOR CALIBRATION TOOLS & LOOK-UP TABLE
Stay on task with scheduled, automated color calibration using the Calman® Powered (UP3221Q) and Calman Ready (UP2720Q) built-in colorimeter. You can also use compatible external colorimeters (sold separately)⁶, as well as tweak color parameters according to proprietary colors with the SDK.⁷ Fine-tune colors with the Custom Color mode, or make further adjustments with the user-accessible hardware look-up table (LUT).

4. PRECISE COLOR, RIGHT OUT OF THE BOX
Each monitor is factory color calibrated and comes with a complete factory calibration report, giving you the confidence that colors will be impressively accurate right from the start.
Our high performance Dell UltraSharp PremierColor Monitors offer color professionals the ideal tools for their color-critical projects. See visuals that rival real life in impeccable Ultra HD 8K and dazzling 4K resolution. Get accurate color with scheduled or on demand color calibration with our monitor that comes with a built-in colorimeter. With our 4K HDR Monitor you’ll view, edit and create stunningly realistic images in HDR10 with lifelike colors, exceptional clarity and striking details.

### Dell UltraSharp 32 HDR PremierColor Monitor

**UP3221Q**

Create phenomenal 4K HDR content on this monitor with 2K mini-LED direct backlight dimming zones, Calman® Powered built-in colorimeter and 99.8% DCI-P3.

Experience immersive productivity and lose yourself in all encompassing views with Dell Curved Monitors, from the world’s #1 monitor company*.

The curved screen optimizes your field of view, covering both primary and peripheral vision.

IPS panel technology for consistent colors across an ultra-wide viewing angle.

Enhance your senses with amazing visual and audio clarity (built-in speakers available in select models).

Near uniform visual focus enables a comfortable viewing experience with less eye movement vs a flat screen.

Enjoy great visual clarity with minimal reflection from ambient light.

Product availability varies by country. Please contact your Dell representative for more information.
See your work come alive with spectacular screen performance. Boost productivity with outstanding high resolution clarity that lets you see more content on screen. Experience exceptional color accuracy with a wide color coverage, including 99% sRGB, 99% Rec. 709 and 95% DCI-P3. With approximately 25% larger color coverage than sRGB, DCI-P3 is becoming a color standard when creating and viewing content. Added productivity features include virtually borderless InfinityEdge, convenient USB-C and RJ45 Ethernet connectivity, space saving designs with adjustable stands, flicker-free screens with ComfortView, and Dell Display Manager software to optimize comfort and maximize productivity.

Collaboration has never been more important. The transformation of the way we work has further been accelerated and companies are left with no choice but to embrace digitalization. Companies are starting to evaluate and reform.

**ENABLING A COLLABORATIVE, FLEXIBLE WORKFORCE**

67% of decision makers say that they will be extending remote working arrangements for some employees.¹⁰

46% of organizations will be increasing the number of meeting rooms to allow on site workers to collaborate more effectively with their remote coworkers or clients.¹⁰

**CONNECT. PRESENT. COLLABORATE.**

Experience world class collaboration in any meeting space with Dell Collaboration Monitors. We have screen solutions ranging from desktop video conferencing to complete meeting space ecosystems.

**Dell Video Conferencing Monitors**
Collaborate like you’re there with built-in 5MP cameras, integrated speakers, noise-canceling mic and a dedicated Microsoft Teams button to collaborate instantly.

**Dell Large Format Monitors**
Captivate your audience with Large Format Monitors with the latest touch technology, available in multiple sizes and with up to 4K resolution.

**Dell Meeting Space Solutions**
Simplify meetings with a complete range of hardware and software conference room products that enhance collaboration in any meeting space.

Product availability varies by country. Please contact your Dell representative for more information.
Transform your virtual experience with a high definition 5MP IR camera. Save time signing in with secure, Windows Hello facial recognition that's faster than remembering and typing your password.

Say what you need and let Cortana do the rest with hands-free commands.

Comfort meets collaboration with ComfortView Plus—an always-on, built-in low blue light screen.

Tilt, swivel and adjust the height of your monitor for a comfortable setup all day long.

**Dell Video Conferencing Monitors**

**DELL C SERIES MONITORS**

**Transform your virtual meeting experience with the world's first video conferencing monitors certified for Microsoft Teams**

Developed to be a productivity powerhouse, the Dell P Series monitors include specialty displays with multi-client capabilities, video conferencing certifications, 4K and touch. Dell P Series Monitors enhance work performance with features made to improve efficiency and organize multiple tasks. See the difference when a monitor is designed with efficiency and quality in mind.

**PRODUCTIVITY THAT FITS YOU**

- Consistent colors across wide viewing angles with In-Plane Switching (IPS) technology.
- Resolution options that cover the whole spectrum from FHD up to Ultra HD 4K.
- Easy multitasking features with Dell Display Manager.
- Smaller base and improved cable management for a clutter-free workspace.

**MASTERING USABILITY AND RELIABILITY**

- Adjustable height, pivot, tilt and swivel for optimal comfort.
- TÜV certified, flicker-free screens with ComfortView to reduce up to 60% of harmful blue light emissions for extended viewing periods.
- Customize with VESA compatible mounts and stands.
- Stringent reliability testing from the world’s #1 monitor company.*

**ENJOY ALL IN ONE CONNECTIVITY WITH USB-C**

- All in one cable: This single cable solution enables transmission of power, data, video and audio. The same cable charges your connected device with up to 65W of power, safeguarded with Dell’s built-in surge protection.
- Connect to productivity: Easily daisy chain up to two QHD or FHD monitors with DisplayPort 1.2 output.
- Ideal for shared workspaces: USB-C connectivity allows users to conveniently connect to a variety of devices or switch seamlessly between users.

Product availability varies by country. Please contact your Dell representative for more information.

Dell E Series Monitors

Dell E Series Monitors offer a comprehensive suite of affordable, energy efficient displays with upgraded essentials designed to meet everyday business needs.

Latest models feature a thinner profile with height adjustability and integrated speakers in a space-saving design, made to reduce clutter and preserve valuable desk space.

Built to be reliable, E Series monitors adhere to stringent quality standards and meet regulatory standards such as ENERGY STAR®, EPEAT® and TCO certified (varies by model).

DEPENDABLE BY DESIGN
- Thin profile and improved cable management create a smaller footprint for a spacious, more productive desk.
- Select models offer height adjustability and tilt for improved comfort and ergonomics.
- Focus on incoming notifications with integrated speakers†.
- Versatile portfolio with standard and narrow bezel border designs with screen sizes ranging from 17” to 27”

ECO-CONSCIOUS INSIDE AND OUT
- E Series monitors meet stringent, energy efficiency requirements while in sleep on and off modes.
- Save energy with PowerNap, a Dell Display Manager feature that dims or puts the monitor to sleep when not in use.

UNSURPASSED RELIABILITY AND COMMITMENT
- Advanced Exchange Service to minimize downtime
- Stringent quality and reliability testing such as thermal, shock and vibration for certified dependability.

Product availability varies by country. Please contact your Dell representative for more information.
