Dell Desk Solutions

Redefining the PC experience

Seamless Experience

An extensive portfolio of products engineered & tested for a seamless user experience with Dell systems.
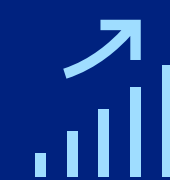

Unmatched Innovation

Complement the AI PC experience with a suite of Dell devices offering innovative features, advanced design and sustainable materials across the Dell portfolio.
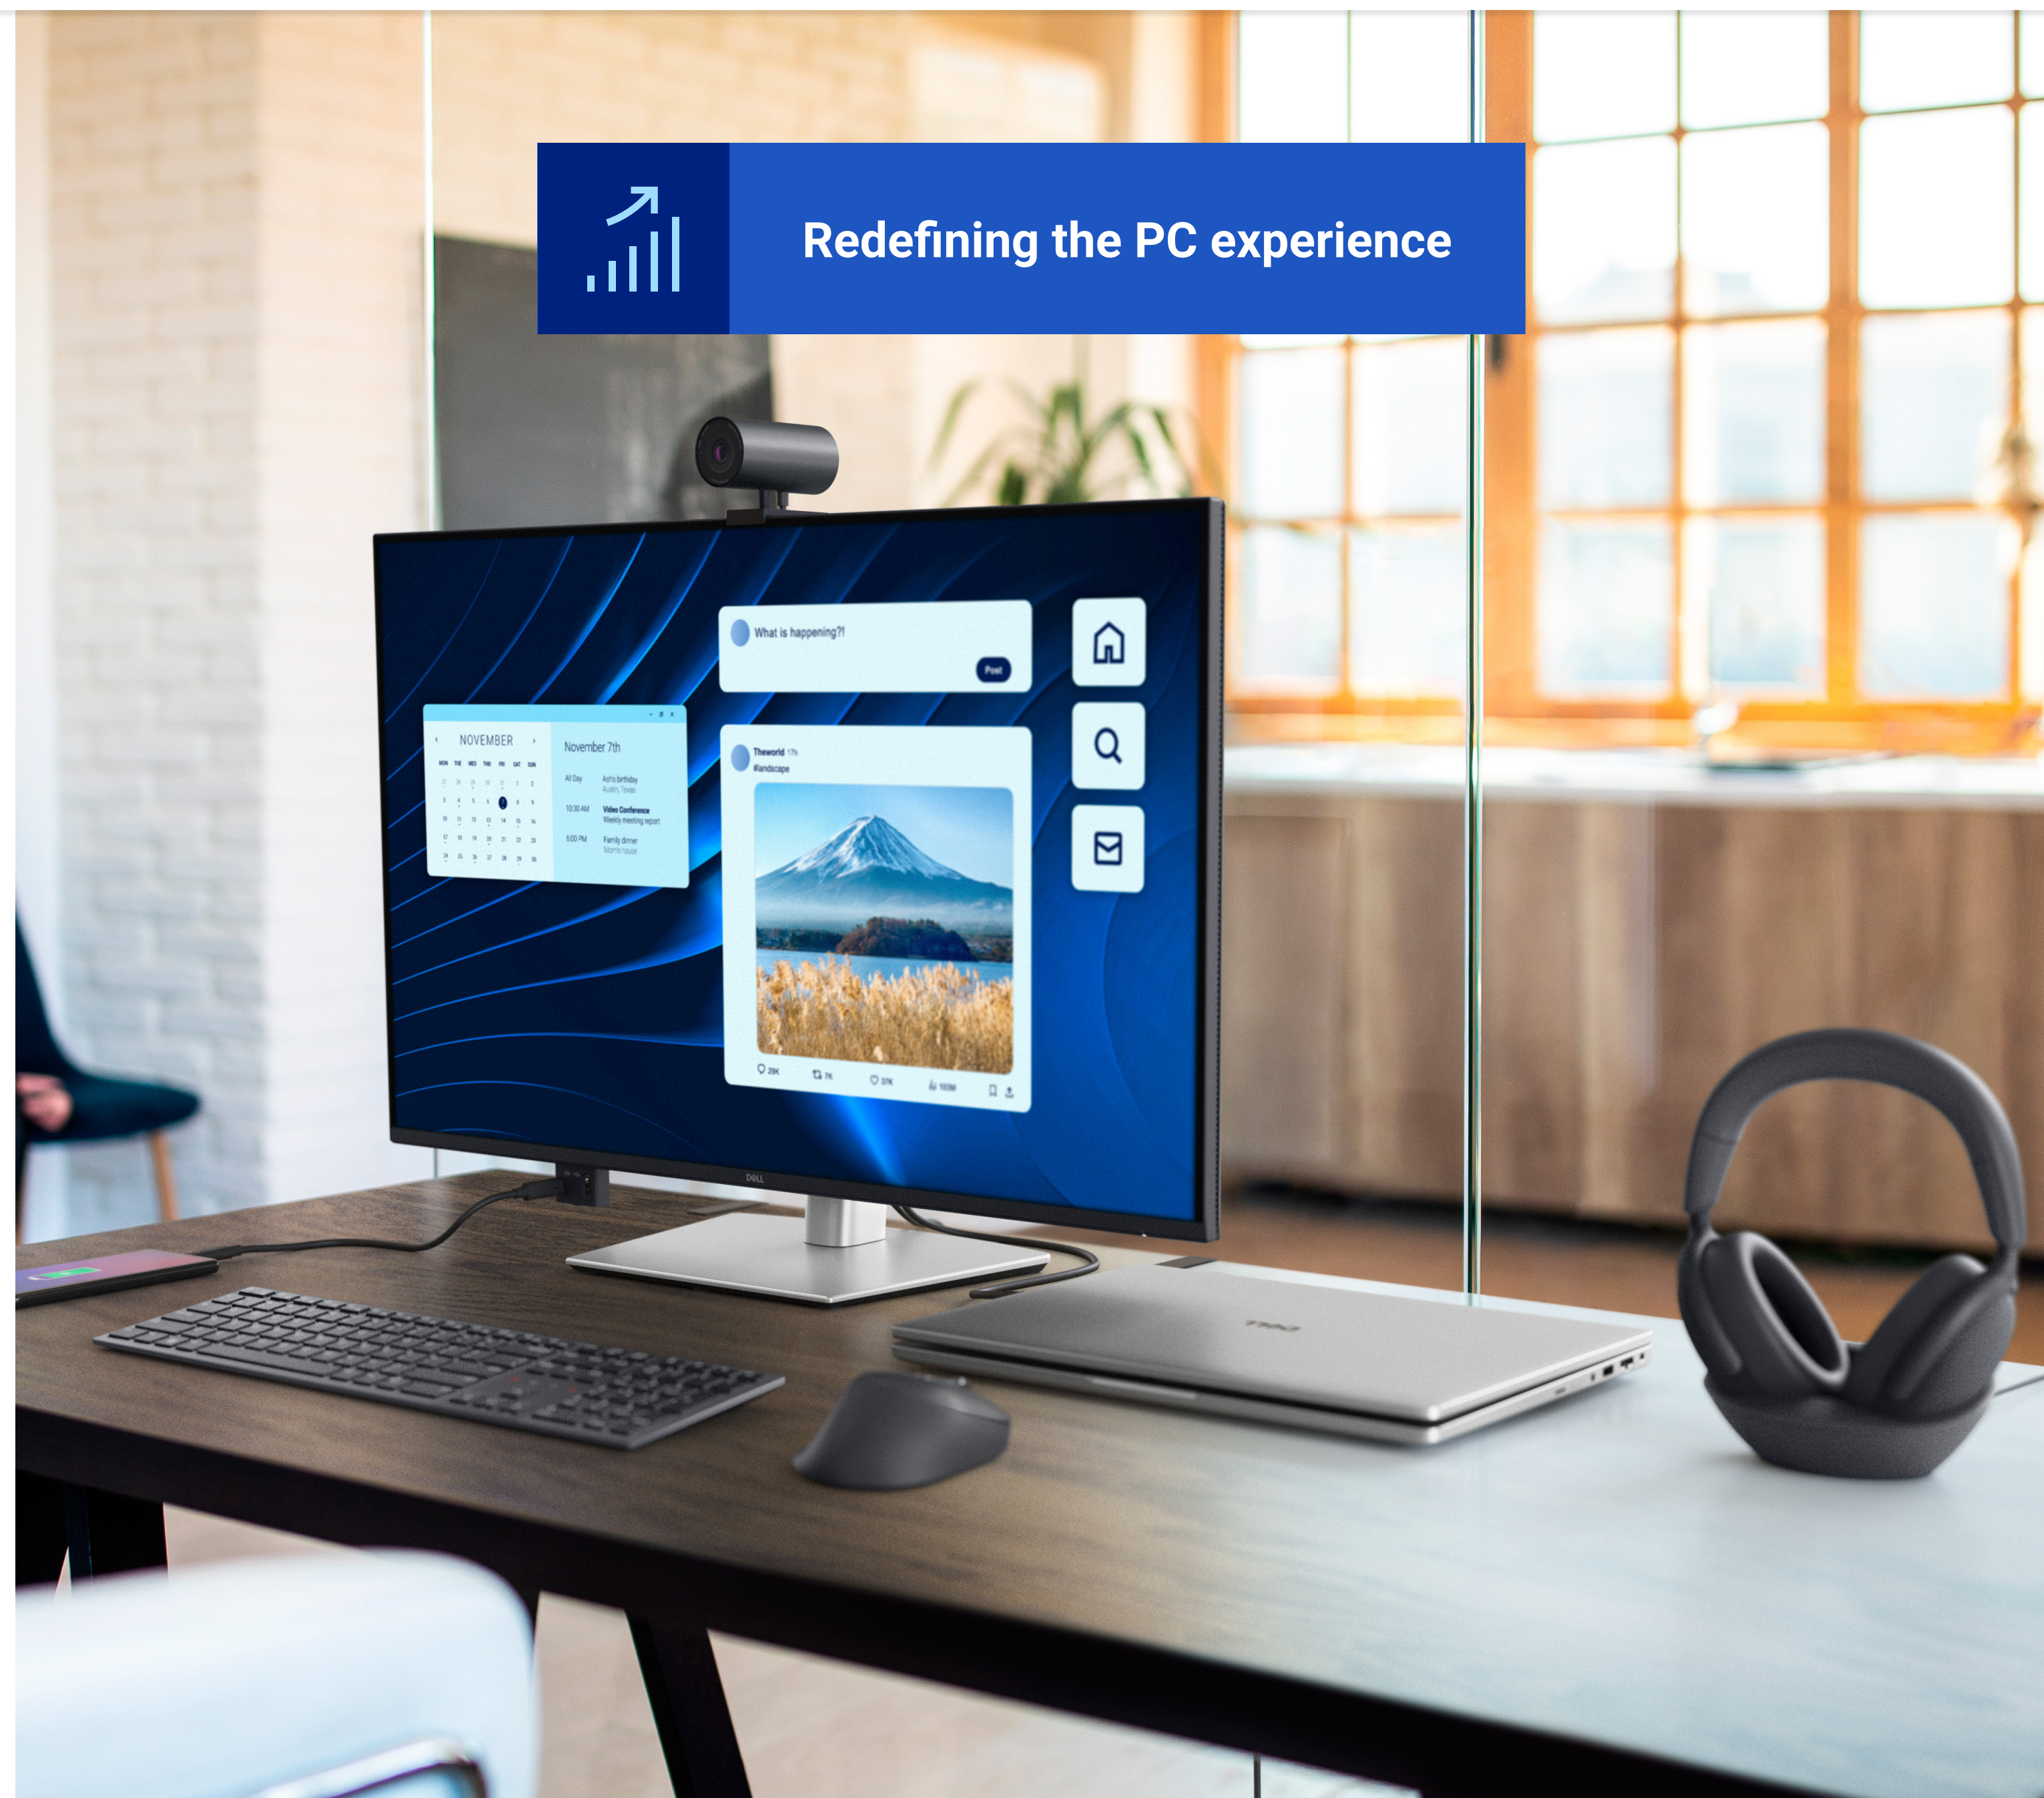

Easy Management

End-to-end solutions from ONE trusted brand with the industry's first holistic peripheral management solution that customizes and manages the entire Dell PC ecosystem locally or remotely.[1]

1 Based on Dell internal analysis – November 2024

PC Ecosystem Landscape

Embrace the modern workplace
and AI integration in the new PC landscape.

Modern workplace

1 in 3 organizations report not having the right tools or technology to effectively work and innovate everywhere.[1]

Dell's broad offering of PCs, displays, PC accessories, software and services creates parity of experience for those working in open office environments, video conferencing around the world or traveling from site to site.

1. Innovation Catalysts study, Dell Technologies, February 2024

The AI era

90% of end users are interested in peripherals attached to their PCs that can support offload and processing of AI workloads for better performance.[2]

Enhancing AI PC performance through multimodal inputs. Engineered to work seamlessly with Dell systems, our solutions meet all end-to-end needs and are designed to support AI acceleration.

2. Based on the IDC InfoBrief commissioned by Dell Technologies. Workforce Upskilling for the AR Era, January 2024 https://www.delltechnologies.com/asset/en-us/solutions/business-solutions/industry-market/idc-infobrief-workforce-upskilling-for-the-ai-era.pdf.external

Seamless Experience

Dell offers a comprehensive portfolio of accessories designed and rigorously tested to seamlessly integrate with Dell PCs. These solutions are built to simplify technology management and enhance productivity. With reliable performance and smooth compatibility, Dell accessories empower businesses to work more efficiently and achieve greater results.

Why Dell PC accessories

Boost Productivity & Collaboration

44%	productivity gains

from reduced daily setup time[1] and customized shortcuts with Dell PC accessories. Only Dell offers a keyboard and mouse combo featuring dedicated touch collaboration controls for Teams and Zoom.[2]

36	months of battery life

Reduce interruptions with advanced wireless keyboard options offering up to 36-month battery life.[3]

80	hours of listening time

Collaborate and focus all day long with Dell wireless headsets offering the longest listening time at up to 80 hours.[4]

Ready for AI

Pair the world's most secure commercial AI PCs[5] with select Dell keyboards, built to keep your data safe with advanced encryption using Dell Secure Link USB Reciever.[6]

Enable focused collaboration no matter how you work with the world's largest portfolio of AI-enabled collaboration headsets.[7]

Industry-leading image quality webcam with intelligent features certified for Teams and Zoom with select models offering presence sensing technology to support Microsoft Presence sensing for instant log on and privacy.

Power of One

Industry's first holistic PC & peripheral management solutions that manage and customize the broadest range of PC accessory categories.[8] Reducing complexity, improving efficiency and saving time.

1 A commissioned study conducted by Forrester on behalf of Dell Technologies, February 2023: The Total Economic Impact™ Of Dell Peripherals.
2 Based on internal analysis, Feb 2025.
3 Based on Dell analysis, January 2025.
4 Results may vary depending on use, operating conditions, and other factors. Based on Dell analysis (busy light and ANC off mode) of battery life usage, January 2024.
5 Based on Dell internal analysis, October 2024. Applicable to PCs on Intel processors. Not all features available with all PCs. Additional purchase required for some features. Validated by Principled Technologies. A comparison of security features, April 2024.
6 Applies to KM900 via Dell Secure Link USB Receiver.
7 Based on internal analysis on commercial collaboration headsets with AI-enabled noise cancellation mics, Jan 2025.
8 Based on Dell internal analysis, December, 2024. Dell's solution was compared to the (4) known PC accessory management solutions from leading OEMs, finding that Logitech, and HP both support only (2) peripheral categories each, Lenovo supports (5) accessory categories and Jabra supports only (1). Dell offers the ability to manage and customize (8) PC accessory categories including a breadth of purpose-built Dell displays, docks, keyboards, mice, stylus, webcams, headsets, and speakers.

Unmatched innovation

⚡ Most powerful

- Most powerful and industry's only Thunderbolt 5 dock (300W PD)[1]
- Highest power delivery to Dell Pro Max Plus/Premium via single cable[2]

▦ Most manageable[3]

- First and only holistic peripheral management solution with cloud-based console[4]
- Flexibility to update smart docks without PC connection

♻ Enhanced sustainability

- Highest post-consumer recycled plastic than competition, at 65%.[5]
- Industry's only docks to ship in 100% recycled or renewable packaging.[6]
- Lower standby power up to 72% for WD25[7]

🛡 Built secure

- More secure, remote management with enterprise-grade WPA-3 192-bit encryption for secure Wi-Fi communication

1 Based on internal analysis, December 2024, comparing the Dell Pro Thunderbolt™ 5 Smart Dock – SD25TB5 against similar commercial docks offering USB-C power delivery to the PC. Actual results may vary.
2 Refers to Dell Pro Thunderbolt™ 5 Smart Dock – SD25TB5.
3 Based on Dell internal analysis, December 2024. Most manageable commercial docks when comparing Dell to similar offers from the other tier 1 PC peripheral OEMs:Lenovo, HP and Logitech. Key manageability features, including update processes, systems management solution capabilities and integrations with 3rd party management solutions were analyzed, confirming Dell Pro Docks as the most manageable commercial docking stations.
4 Based on Dell internal analysis – November 2024. 'Solution' refers to a combination of Dell Management Portal's cloud-based PCs management capabilities in Microsoft Intune & Dell Device Management Console's cloud-based peripherals management capabilities. Dell Device Management Console and its cloud-based peripherals management capabilities planned for activation in March 2025. AI PCs refer to PCs with Intel® Core™ Ultra processors, that handle AI workloads on-device efficiently.
5 Based on internal analysis, December 2024.
6 Based on internal analysis, December 2024. Applies to docks comparable with the Dell Pro Dock - WD25, Dell Pro Smart Dock - SD25, Dell Pro Thunderbolt 4 Smart Dock - SD25TB4 and Dell Pro Thunderbolt 5 Smart Dock -SD25TB5. Contains up to 92.9% recycled content and up to 7.1% renewable materials. Renewable materials in the form of sustainably forested materials. Excludes optional items added to order and included in the box.
7 Based on internal analysis, December 2024. Internal testing comparison between the Dell Pro Dock - WD25 130W and the Dell Dock WD19S 130W on standby mode.

Unmatched innovation

The world's #1 monitor company[1]

For the ultimate in resolutions & color performance, plus industry's best Exchange Service and warranty.

Why Dell monitors

Best in Eye Comfort[2]

Lead the industry with the highest TÜV 5-star eye comfort certification, enhancing workplace well-being.

Seamless Experience

Designed & tested for a seamless user experience with Dell systems.

Easy Management

End-to-end solutions including Dell Display and Peripheral management solution that customizes and manages the entire Dell PC ecosystem.

Reliability & Quality

Dell monitors offer a reliability rate of 99.6% uptime. Our commitment to quality and service is backed by industry's best 3-year Advanced Exchange Service and Premium Panel Exchange warranty.[3]

Designed for the AI-era

Extensive portfolio designed to enhance AI PC experience and boost productivity with larger displays, higher resolutions and future proof connectivity.

Sustainability

Widest portfolio of EPEAT Climate certified monitors,[4] and use of recycled and renewable materials, both in the product and packaging.

Dell Pro

Designed for everyday efficiency

Essential and reliable monitors that effortlessly connect with your PCs for business productivity.

Dell Pro Plus

Designed for enhanced productivity

Monitors packed with features for enhanced performance, connectivity and collaboration.

Dell UltraSharp

Designed for maximum performance

Design-forward monitors with cutting edge technology, delivering unparalleled color accuracy and the best eye-comfort solutions.

1 Source: IDC Worldwide Quarterly PC Monitor Tracker, Q3 2024. Excludes gaming monitors.
2 Based on internal analysis of 27" and 31.5" monitors with eye comfort features, October, 2024
3 Based on Dell Quality Intelligence (Qi) tool. Dell Internal Analysis, January 2025.
4 Based on EPEAT Climate+ Designations achieved by Product Type in all applicable countries. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status and tier levels by country. Data as available in September 2023.

Easy Management

Optimize IT efficiency with seamless Dell-on-Dell integration. Simplify purchasing, deployment, and configuration with end-to-end solutions all from one trusted provider.

Product Experience

Seamless integration

Engineered for universal compatibility with Dell systems and designed to deliver an optimal user experience.

Industry leading warranty

Dell monitors and PC accessories feature an industry-leading limited hardware warranty and **3-years of advanced exchange service** – ensuring next-day replacement for devices across the PC.

Simplify manageability

Manage the entire fleet of PC ecosystem, locally or remotely, with industry's first holistic peripheral management solution[1] - Dell Display and Peripheral Manager software.

24x7 support

Dell Pro Support Plus[2] is the only support offer with AI-powered driver recommendations to eliminate manual errors and ensure driver interoperability. Only support offer with 24x7 priority access to in-region technical support.[2]

Certified spare parts & power

Extend the PC lifecycle and performance with sustainable upgrades and repairs.

Explore Parts & Power eGuide

Flexible lifecycle solutions

Dell APEX PC as a Service unlocks capital so you can invest in AI-ready PCs, accessories, software and services with no upfront investment. Seamlessly deploy, secure, manage, support and responsibly retire devices as part of your subscription.

Order Experience

Single vendor purchase & management

Simplify implementation and refresh cycles with a single provider.

Try and buy

Evaluate different ecosystems before purchase with try and buy units.

Best-in-class supply chain

Enjoy efficient delivery through Dell's 16 manufacturing sites and 23 fulfilment centers, globally.

Competitive pricing

Up to 10% savings per device when purchasing from one vendor.[3]

1 Based on Dell internal analysis, December, 2024.
2 Based on Dell analysis, January 2025, comparing top competitive commercial PC support options, excluding managed and DEX services. SupportAssist for Business PCs is included with the ProSupport Plus for PCs offer. Connection is required to take advantage of technology capabilities.1500 system minimum is required for Technical CSM. A Technical CSM is a primary point of contact that engages with customers early and throughout the lifecycle of entitled devices, develops a tailored success plan and educates on technology and services. 2US and Canada only.
3 Based on a Forrester Total Economic Impact™ Study Commissioned by Dell Technologies and AMD, "The Total Economic Impact™ Of Dell Premier," February 2024.
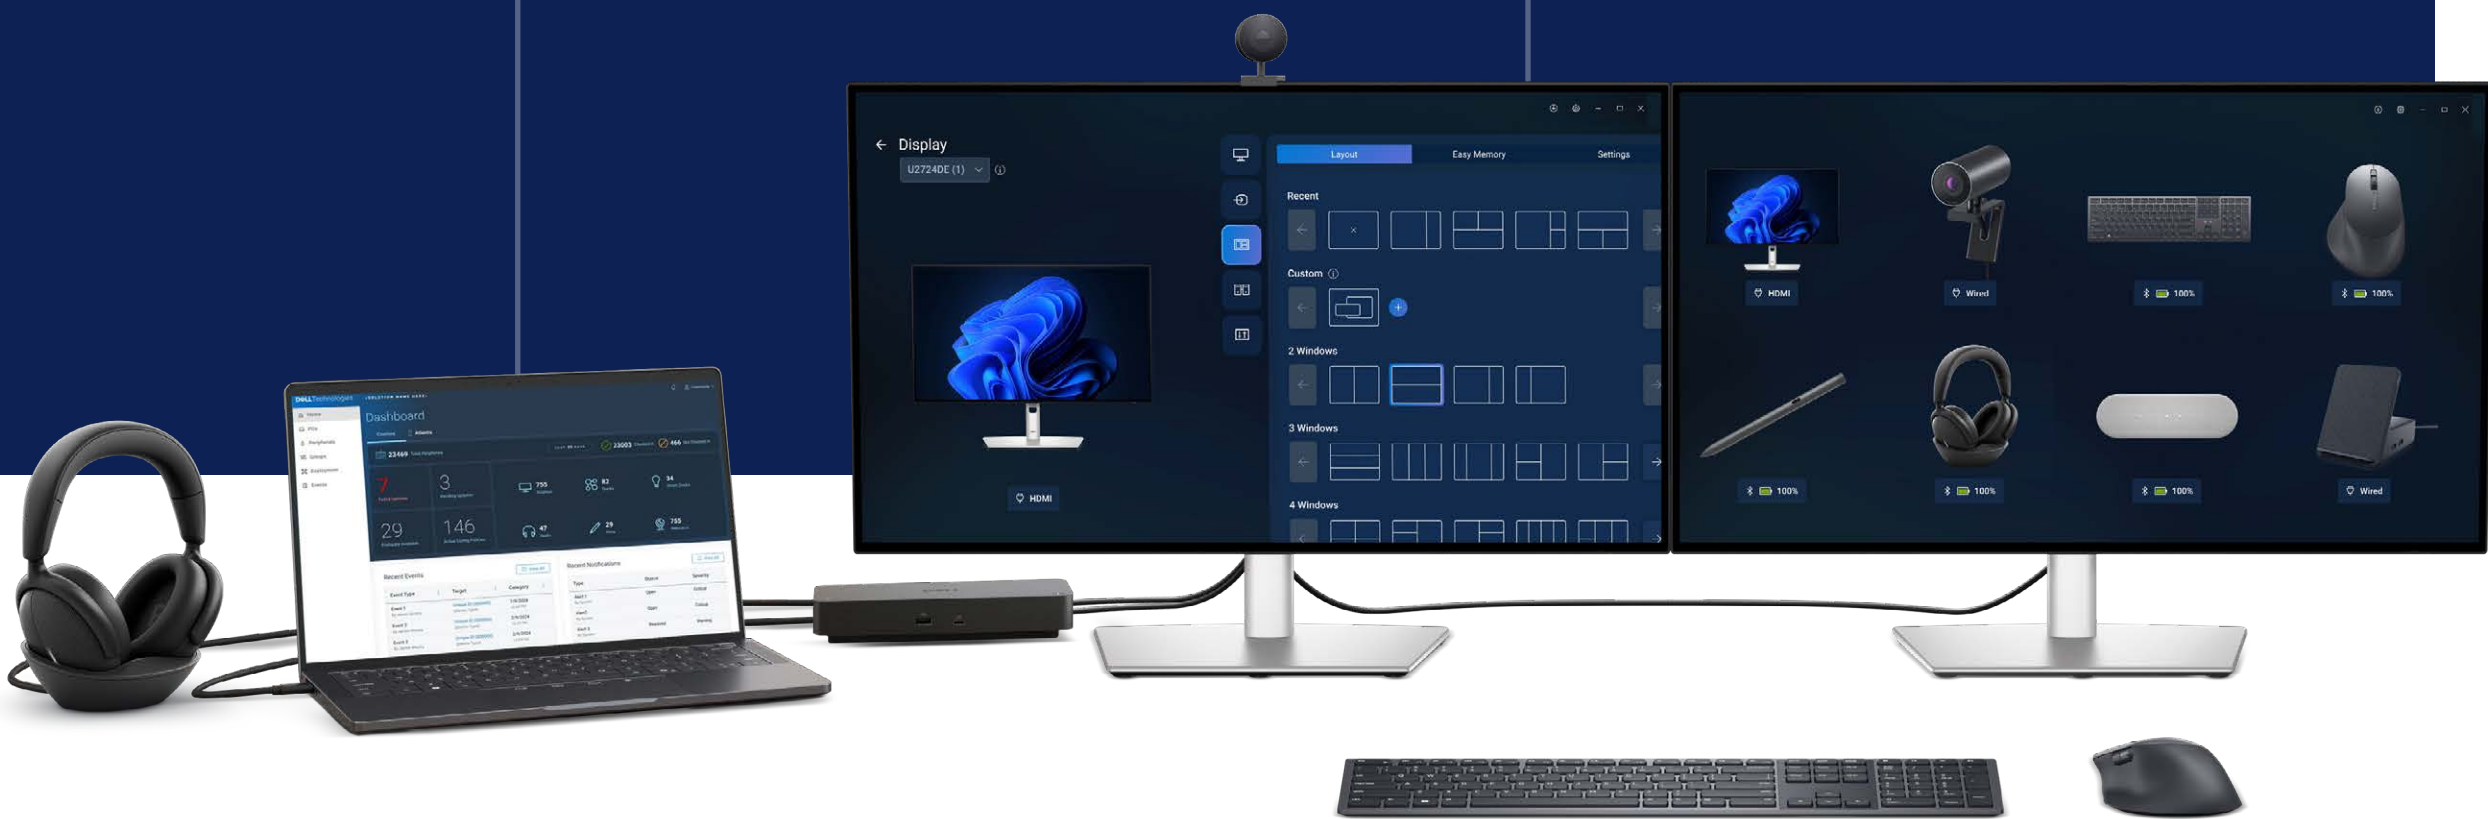

Simplified Peripheral Management Solutions

Manage the broadest range of PC accessory categories - locally or remotely - with ONE application

2

1

1 | **For end users**

Dell Display and Peripheral Manager

ONE software to manage and customize the entire desk

Dell Display and Peripheral Manager (DDPM) enables end users and IT to effortlessly manage their Dell displays and PC accessories, boosting productivity, enhancing user experiences, and streamlining control through a user-friendly, simple interface.

Only Dell offers a single application to manage and customize the broadest range of PC accessory categories.[1]

2 | **For IT decision makers**

Dell Device Management Console

ONE console to simplify Dell client device management at scale

Elevate the IT experience with fleet-wide peripheral deployment, secure firmware updates, and insights for lifecycle planning, all with easy, centralized accessibility through the management console and Microsoft Intune.

Only Dell offers a holistic solution to manage your fleet of AI PCs and peripherals[2], delivering seamless and secure integration with leading management platforms such as Microsoft Intune and Azure.

View Software eGuide

Sustainability across the PC ecosystem

96.4% of Dell's packaging materials across the entire product portfolio are made from recycled and renewable materials.[1]

🖥 **Up to 44% less power consumption**

when refresh a 5 year-old monitor with newer generation of monitors[3].

♲ **Highest percentage recycled plastic at 65%**

Dell Pro docks are designed with the highest percentage of post-consumer recycled plastic in the industry, at 65%[4].

⌨ **Highest recycled plastic for a PC accessory at 64%**[5]

Dell's new wireless keyboard and mouse combo is designed with up to 64% recycled plastic by weight, the highest ever for a PC accessory[6].

🎒 **30%[7] more recycled materials**

in the newest series of Dell Pro Plus EcoLoop backpacks.

epeat GOLD

Widest portfolio of EPEAT Climate certified monitors[2]
