

# DELL SPEAKERPHONE WITH MULTIPOINT ADAPTER – MH3021P

World’s first speakerphone that offers a seamless all-in-one conferencing and connectivity solution\*

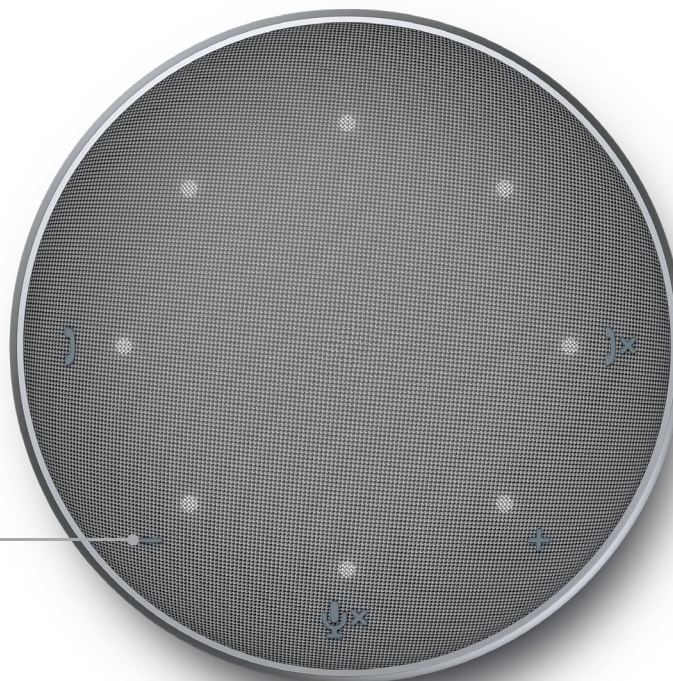

**Be heard from all angles:** The built-in omnidirectional microphone offers 360 degree coverage to pick up sound from around the table, facilitating small group conferencing.

**Compact and portable:** Sleek and small, its compact design takes up little space — perfect for on-the-go.

**Communicate clearly:** Be heard clearly, thanks to built-in echo cancellation and noise reduction.

**UC optimized:** Zoom certified and optimized for other leading UC (Unified Communication) platforms like Microsoft Teams, allowing you the flexibility of getting on conference calls via your preferred platform.

**Intuitive call controls:** Speakerphone buttons make it easy to start calls, hang up and mute/unmute and adjust the volume. LED indicators provide clear visual guidance.

**Comprehensive connectivity options**

**Crisp 4K resolution:** With support for up to 4K resolution at 60Hz<sup>1</sup>, you can connect a 4K monitor via the HDMI 2.0<sup>2</sup> or USB-C<sup>2</sup> port and enjoy uncompromised screen performance. Take advantage of HDR compatibility for vivid, lifelike visuals.<sup>1</sup>

**Work faster:** Transfer large files in seconds with the USB-C and USB-A ports that offer fast data transfer speeds of up to 10Gbps.<sup>4</sup>

**Power your PC:** With a USB-C port that offers up to 90W power delivery<sup>3</sup>, you can charge a variety of PCs.

**Easy plug and play:** Setup is fast and easy — connect instantly without having to download any software for a ready-to-go solution. No drivers required.

**Efficient cable management:** Simply wrap and tuck the cable around the base to prevent tangles.

\*Based on Dell analysis, March 2020.

1 Available with select PC models (that support DisplayPort 1.4, HBR3) and when connected to displays that offer 4K resolution at 60Hz, with static HDR support. Dynamic HDR like HDR10/HDR10+/DolbyVision is excluded.

2 Only one video output is supported at a time. If the HDMI and USB-C video are connected at the same time, HDMI will have priority

3 Up to 90W can be used to charge your USB-C laptop. Actual power supplied is dependent on your power source/platform power policy

4 When the Dell Speakerphone with Multipoint Adapter draws power from the laptop:

(a) and is connected to laptop's USB-C/Thunderbolt port (3A/5V) – 2 downstream USB-A and 1 USB-C port support selected devices

(b) and is connected to laptop's USB-C/Thunderbolt port (1.5A/5V) – 2 downstream USB-A ports and 1 USB-C can support low power consumption devices such as mouse, keyboard, Bluetooth / RF dongle, selected thumb drives

OR

When the Dell Speakerphone with Multipoint Adapter is connected to USB-C power adapter or USB-C display:

and its USB-C cable is connected to laptop's USB-C/Thunderbolt port – 2 downstream USB-A ports support selected devices
