Enhanced compatibility for seamless collaboration
Certified for Microsoft Teams (Open Office) and Zoom, and compatible with leading UC platforms.

Microsoft Teams Open Office qualification includes the strictest test on how the headset microphone suppresses surrounding noise and office conversation from multiple directions. This certification provides the ultimate assurance that the headset meets the premium microphone standard in an open office environment.

You can rely on this headset for a seamless collaborative experience.

1 Replacement ear cushions sold separately
Elevate collaboration, amplify clarity

Be heard clearly with the AI-based noise cancellation (AI-NC) microphone

Our robust AI processing intelligently distinguishes human speech signals from background noise and filters out unwanted noise with precision. This ensures that, no matter your surroundings, the person on the other end hears you clearly.

Focused listening with Active Noise cancellation (ANC)

Elevate your listening experience with Active Noise Cancellation (ANC) technology that neutralizes and effectively cancels out ambient noise, allowing you to stay focused while immersing yourself in work or entertainment.

Industry Headset - with no ANC

Dell Pro Wired ANC Headset - with ANC

No ANC

Ambient noise may interrupt focused listening, especially in noisy environments

With ANC

Enhances focus listening by reducing unwanted background noise
DELL PRO WIRED ANC HEADSET - WH5024

Enhance and personalize your audio experience with Dell Peripheral Manager

Set up is easy, with no need for lengthy install guides. The Dell Peripheral Manager1 instantly installs2 on your PC to quickly guide you to showtime.
