

Work smarter anywhere

Dell 14 | **DC14255**

Get more done with a versatile and portable 14-inch laptop with Copilot+ PC options, featuring up to AMD Ryzen™ AI 300 Series processors.

Portable and stylish

A slim, lightweight 14-inch laptop in a polycarbonate plastic or aluminum design.

Take your work anywhere

The Dell 14 is equipped with productivity features like an FHD or HD webcam, spacious 16:10 display, adaptive thermals and ExpressCharge.¹

Committed to sustainability

This laptop is ENERGY STAR® certified.² It is EPEAT Silver registered with Climate+. With Climate+ it has met environmental criteria that address climate change and reduce greenhouse gas emissions.³

Sustainable materials

Designed with responsible materials including recycled and low emissions aluminum and recycled steel.⁴

Packaging innovation

Ships in packaging made with 100% recycled or renewable content that is also 100% recyclable.⁵

Copilot+ PC option with AMD Ryzen™ AI 300 Series processors

For stunning performance and on-device AI, upgrade to a Copilot+ PC with AMD Ryzen™ AI 300 Series processors (50+ TOPS).

AMD Ryzen™ 7 250 with Built-in AI

Accelerate your tasks and get more done with AMD Ryzen™ 7 250 processors with built-in AI (up to 16 TOPS).

AMD Ryzen™ 5 220 performance

Accomplish your everyday tasks and enjoy smooth performance with AMD Ryzen™ 5 220 processors (no NPU).

Unlock more creativity & productivity features with a Copilot+ PC (with AMD Ryzen™ AI 300 Series processors)

- Recall: Instantly scan apps, files, emails and websites you've seen before to find exactly the content you're looking for.
- Live Captions: Instantly translate your video calls or movies from any app or video platform into English subtitles.
- Cocreator: Bring your creative aspirations to life with custom images generated by advanced AI.
- Windows Studio Effects: Look and sound your best on video calls with AI-enabled features.

Secure and reliable

Built to last, this laptop undergoes rigorous military-grade testing to ensure reliability as you put it through the rigors of everyday use. For added security, the built-in Trusted Platform Module helps protect your data.

Optional fingerprint reader

Offers quick, secure access, while Windows Hello's express sign-in seamlessly detects when you're there or when you step away, signing you in or out. Fingerprint reader availability varies by region.

Portable and stylish

A slim, lightweight 14-inch laptop designed to move with you effortlessly—whether it's to a cafe, a meeting, or simply the next room.

Boost performance with AI options

Accelerate your tasks and get more done.

For stunning performance and improved video call quality, upgrade to a Copilot+ PC with AMD Ryzen™ AI 300 Series processors. Experience clear video calls with AI noise cancellation, accelerated content creation and excellent battery life.

Processor	AI Option	Available on*

Dell 14 Aluminum

AMD Ryzen™ 5 220 performance

Accomplish your everyday tasks and enjoy smooth performance with AMD Ryzen™ 5 220 processors (no NPU).

AMD Ryzen™ 7 250 with Built-in AI

Accelerate your tasks and get more done with AMD Ryzen™ 7 250 processors with built-in AI (up to 16 TOPS).

Up to to AMD Ryzen™ AI 300 Series | Copilot+ PC

For stunning performance and on-device AI, upgrade to a Copilot+ PC with AMD Ryzen™ AI 300 Series (50+ TOPS).

The AMD Ryzen AI logo is centered within a black square that has a thick orange border. The logo itself consists of the word "AMD" in a bold, sans-serif font, followed by a stylized white square icon with a diagonal line. Below this, the words "RYZEN AI" are written in a similar bold, sans-serif font.

AMD
RYZEN AI

AMD Ryzen™ AI 300 Series processors

Unlock Transformational AI Experiences

Dive into a world of generative AI tools and digital assistants on Copilot+ PCs powered by AMD Ryzen™ AI 300 Series processors. Multitask, browse and create with blazing speeds, high core counts and high-performance graphics that enable seamless AI experiences.

NPU

Low Power: Ideal for running AI features like Microsoft Studio Effects during video calls. Supports Copilot+ PC experiences, when available.

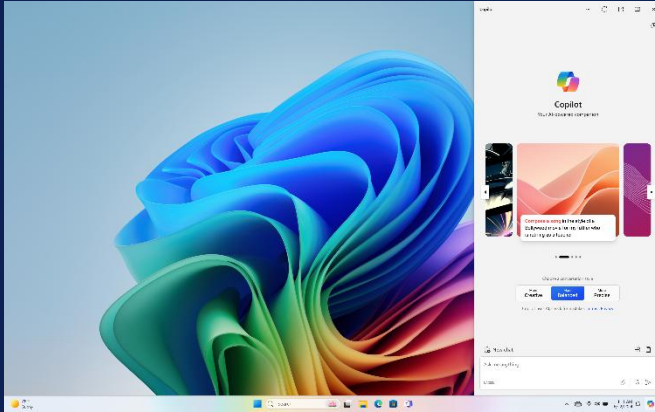

CPU

Fast Response: Ideal for real time multi-tasking and AI workload such as noise cancellation and instant transcription.

GPU

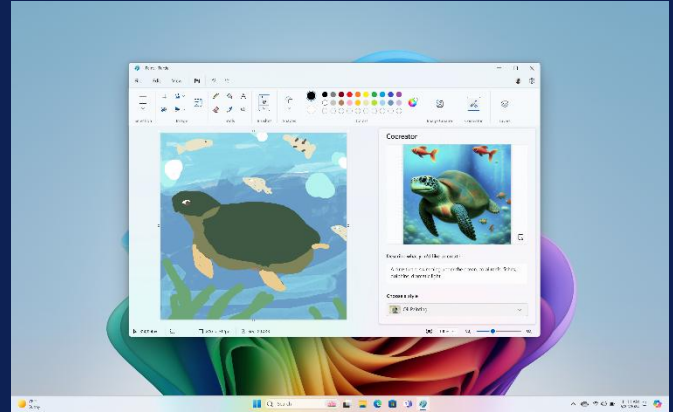

High Throughput: Ideal for AI-accelerated digital content creation and video editing.

Do more with AI

Do

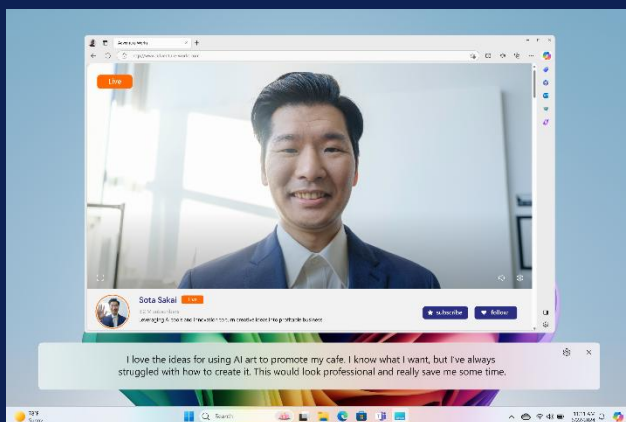

Get things done faster and find time to focus on what matters most to you with Copilot, your personal AI assistant. Make your online shopping easier, plan your next vacation or kickstart research for your class project in just a matter of minutes. With Microsoft 365 you can stay organized, collaborate and create content like a pro.

Create

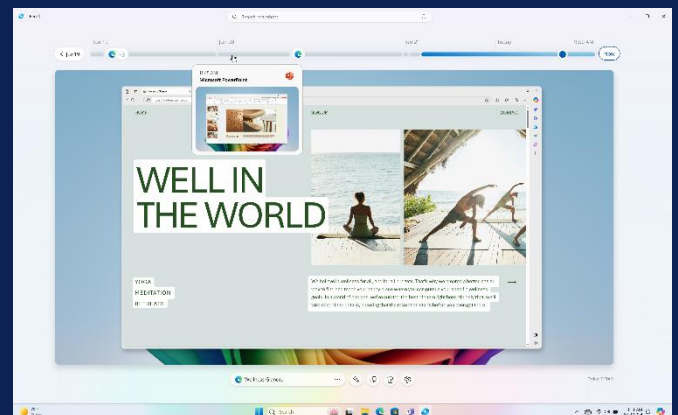

Help bring your creative aspirations to life with custom images through Cocreator* in Paint. Enabled with advanced AI, you can now transform rough sketches with text and drawing prompts and make your vision come to life, just the way you want it.

*Cocreator is optimized for English text prompts. Requires Microsoft account.

Connect

No need for extra lights or soundproof rooms, the new Windows Studio Effects* help you look and sound your best. Voice Focus filters out background noise and makes sure you are heard. Meanwhile, an AI-enabled feature improves lighting and blurs visual distractions, so you're always the focus. With Live Captions, you stay connected and never miss a conversation. Instantly translate** your video calls or movies from any app or video platform into English subtitles in real time.

Find

Using simple prompts and natural language, AI recalls and instantly scans apps, files, emails and websites you've seen before to retrieve exactly the content you're looking for.

PCs ship with Recall* off by default, and you can activate during set up. You can choose the amount of system storage for Recall, and it will automatically delete the oldest files as your storage becomes full.

Take your work anywhere

Spacious screen

View more content and get more done on this spacious 16:10 aspect ratio display.

FHD or HD webcam¹

Features temporal noise reduction so you look and sound your best whether you are connecting from a cafe or a private room.

Adaptive thermals

Senses what type of surface your PC is on and adjusts its power and cooling to optimize performance for mobile use.

Fast charging

ExpressCharge lets you quickly recharge your battery and be on the go again.²

1. FHD webcam is only available with the aluminum/metal chassis.

2. ExpressCharge must be enabled within Dell Power Manager software. System must be powered off or in hibernation mode for ExpressCharge feature to function. After charging has reached the stated capacity, charging speed will return to normal speed. Recommended for use with the provided Dell power adapter; not recommended with a smaller capacity power adapter. Charging times may vary.

Secure and Reliable

Crafted with high quality materials and designed for the real world — because that's where life happens.

An optional fingerprint reader offers a quick, secure login. Availability varies by region.

The Dell 14 passed several stress tests to ensure exceptional reliability as you put it through the rigors of everyday.¹

Built to endure

From locker rooms to locked cars, we test laptops for survival in harsh short-term heat conditions of up to 65°C/149°F.

Buttoned-up

No matter what you set your power and multimedia buttons to do, we've tested them all to survive up to 40,000 pushes.

Everything hinges on it

We test laptop hinges to ensure they still feel tight, even after opening and closing the lid 20,000 times.

Twist and turn

Call us excessive, but after twisting a laptop's base and lid more than 7,500 times *5 (Test 2 edges, 2 corners, 1 lid), we can assure you the parts inside are well protected.

Keys to success

We test touch pad buttons 1 million times with no failure.

Fidget carefree (Only on aluminum chassis)

We even ensure the reliability of the webcam privacy shutter by opening and closing it 2,100 times.

Apart from the above, Dell laptops undergo military-grade testing, MIL-STD-810H. See details on page 21.

Committed to sustainability

Design innovation

The Dell 14 is designed with responsible materials including recycled and low emissions aluminum and recycled steel¹. To reduce our environmental impact further, we've developed a new method for creating the Dell logo on the top cover of our laptops, which significantly reduces the amount of plastic used.

Elevated standards

This laptop is ENERGY STAR® certified². It is EPEAT Silver registered with Climate+. With Climate+ this laptop has met environmental criteria that address climate change and reduce greenhouse gas emissions³.

Packaging innovation

Ships in packaging made with 100% recycled or renewable content that is also 100% recyclable⁴.

North America: Trade-in offer

With Dell Trade In, get credit for your old tech, Dell or non-Dell brand, and upgrade responsibly. And if your device isn't eligible for credit, we'll recycle it for free.

Trade in now: [Dell Trade In](#)

PROJ-001522

1. Based on internal analysis, June 2025. Dell 14 plastic includes 50% recycled aluminum and 50% low emissions aluminum in the thermal plate within the plastic enclosure and 15% recycled steel in the internal part of the palm rest. Dell 14 metal includes 50% recycled aluminum and 50% low emissions aluminum in the top cover and thermal plate.

2. Contains up to 95% recycled content and 5% renewable content in the form of sustainably forested materials. Excludes optional items added to order and included in box.

3. Based on internal analysis, June 2025.

4. Based on internal analysis, June 2025. Based on EPEAT Climate + Designations. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country.

22. Local video playback battery benchmark: Dell 14 (DC14255) tested with AMD Ryzen™ AI 7 350, AMD™ Radeon Graphics, 2.5K Display, 16GB DDR5, 1TB SSD, 4-cell 54 WHr. Testing conducted by Dell labs in September 2025 with display brightness set to 150 nits and wireless enabled using the Microsoft Movies & TV app. Actual battery life may be significantly less than the test results and varies depending on product configuration and use, software, usage, operating conditions, power management settings and other factors. Tested configurations may not be available in all regions/countries at all times. Maximum battery life will decrease with time. The stated Watt Hour (WHr) is not an indication of battery life. PLEASE NOTE: The specific configuration tested must be available for sale in the region / country where this claim is made, otherwise that region / country cannot use this battery life claim because customer would not be able to configure their system to achieve the same result.
23. MobileMark 2025 battery benchmark: Dell 14 (DC14255) tested with AMD Ryzen™ AI 7 350, AMD™ Radeon Graphics, 2.5K Display, 16GB DDR5, 512GB SSD, 4-cell 54 WHr. Based on testing using the Mobile Mark 2025 battery life benchmark test in September 2025 with display brightness set to 250 nits and wireless enabled. For more information about this benchmark test, visit www.bapco.com. Test results are for comparative purposes only. Actual battery life may be significantly less than the test results and varies depending on product configuration and use, software, usage, operating conditions, power management settings and other factors. Tested configurations may not be available in all regions/countries at all times. Maximum battery life will decrease with time. The stated Watt Hour (WHr) is not an indication of battery life. PLEASE NOTE: The specific configuration tested must be available for sale in the region / country where this claim is made, otherwise that region / country cannot use this battery life claim because customer would not be able to configure their system to achieve the same result.
24. Local video playback battery benchmark: Dell 14 (DC14255) tested with AMD Ryzen™ AI 7 350, AMD™ Radeon Graphics, 2.5K Display, 16GB DDR5, 512GB SSD, 4-cell 54 WHr. Testing conducted by Dell labs in September 2025 with display brightness set to 150 nits and wireless enabled using the Microsoft Movies & TV app. Actual battery life may be significantly less than the test results and varies depending on product configuration and use, software, usage, operating conditions, power management settings and other factors. Tested configurations may not be available in all regions/countries at all times. Maximum battery life will decrease with time. The stated Watt Hour (WHr) is not an indication of battery life. MIL 810H Testing Claims

PROJ-001755

The Dell 14 (DC14255) with plastic cover chassis passed MIL-STD-810H tests.*

The Dell 14 (DC14255) with aluminum cover chassis passed MIL-STD-810H tests.*

Test Category	Test Method	Test Results
MIL-STD-810H, Method 500.6, Procedure I	Altitude - Storage / Air Transport	PASS
MIL-STD-810H, Method 500.6, Procedure II	Altitude - Operational / Air Carriage	PASS
MIL-STD-810H, Method 501.7, Procedure I	High temperature - - Induced (Storage and Transition) Conditions	PASS
MIL-STD-810H, Method 501.7, Procedure II	High temperature - Operation Cycling temperature exposure	PASS
MIL-STD-810H, Method 502.7, Procedure I	Low temperature - Storage	PASS
MIL-STD-810H, Method 502.7, Procedure II	Low temperature - Operational	PASS
MIL-STD-810H, Method 503.7, Procedure I-A	Temperature Shock - One-Way Shock(s) from Constant Extreme Temperature	PASS
MIL-STD-810H, Method 507.6: • Procedure I: Dell Pro Series only	• Humidity - Storage & Transit Cycles and Natural Cycles: Dell Pro Series only	PASS
MIL-STD-810H, Method 510.7, Procedure I	Sand and dust - Blowing dust	PASS
MIL-STD-810H, Method 514.8, Procedure I, Table 514.8C-II Category 4	Vibration	PASS
MIL-STD-810H, Method 514.8, Procedure I, Category 24	Vibration - Minimum integrity test	PASS
MIL-STD-810H, Method 516.8, Procedure I	Shock - Functional Shock	PASS
MIL-STD-810H, Method 516.8, Procedure II	Shock, Transportation Shock	PASS
MIL-STD-810H, Method 516.8, Procedure IV	Shock - Transit Drop	PASS
MIL-STD-810H, Method 516.8, Procedure V	Shock - Crash Hazard Shock	PASS
MIL-STD-810H, Method 516.8, Procedure VI	SHOCK - Bench Handling	PASS
MIL-STD-810H, Method 524.1, Procedure III	Freeze/Thaw - Rapid Temperature Change	PASS

*Based on testing to MIL-STD-810H standards, performed and reported independently by accredited testing companies, May 15 – June 20, 2025. Actual results may vary; testing results do not guarantee performance under test conditions.

Claims

PROJ-001755

Weight Claim

Weights vary depending on configuration and manufacturing variability.

Dell 14 (Plastic):

- The Dell 14 (DC14255) starting weight is 3.40 lbs. (1.54 kg)

Dell 14 (Aluminum):

- The Dell 14 (DC14255) starting weight is 3.44 lbs. (1.56 kg)

TUV Rheinland Low Blue Light

The Dell 14 (DC14255) with FHD+ display is TÜV Rheinland certified* with Dell ComfortView software technology that helps reduce harmful blue light emissions to optimize eye comfort over extended screen time.

*Global (except China): TÜV Certified (ID#1111280677). For more details, visit www.tuv.com

**China only: TÜV Certified (ID#0000086115). For more details, visit www.tuv.com

The Dell 14 (DC14255) with 2.5K display is TÜV Rheinland certified* with Dell ComfortView Plus hardware technology that helps reduce harmful blue light emissions without compromising true-to-life colors to optimize eye comfort over extended screen time.

*Global (except China): TÜV Certified (ID#1111280676). For more details, visit www.tuv.com

**China only: TÜV Certified (ID#0000086114). For more details, visit www.tuv.com

Sustainability Claims

- Dell 14 is certified ENERGY STAR® and registered with EPEAT Silver with Climate+.¹
- This laptop is EPEAT Silver registered with Climate+. With Climate+ this laptop has met environmental criteria that address climate change and reducing greenhouse gas emissions.²
- Dell 14 is designed with responsible materials including recycled and low emissions aluminum and recycled steel.³
- Dell 14 plastic is designed with 50% recycled and low emissions aluminum in the thermal plate, and 15% recycled steel in the internal part of the palm rest.⁴
- Dell 14 aluminum is designed with 50% recycled and low emissions aluminum in the top cover and thermal plate.⁵
- Dell 14 ships in 100% recycled or renewable packaging.⁶

PROJ-001522

1. Based on internal analysis, June 2025. Based on EPEAT Climate + Designations. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country.

2. Based on internal analysis, June 2025. Based on EPEAT Climate + Designations. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country.

3. Based on internal analysis, June 2025. Dell 14 plastic includes 50% recycled aluminum and 50% low emissions aluminum in the thermal plate within the plastic enclosure and 15% recycled steel in the internal part of the palm rest. Dell 14 metal includes 50% recycled aluminum and 50% low emissions aluminum in the top cover and thermal plate.

4. Based on internal analysis, June 2025. 50% recycled aluminum and 50% low emissions aluminum in the thermal plate of within the plastic enclosure and 15% recycled steel in the internal part of the palm rest.

5. Based on internal analysis, June 2025. 50% recycled aluminum and 50% low emissions aluminum in the top cover and thermal plate.

6. Contains up to 95% recycled content and 5% renewable content in the form of sustainably forested materials. Excludes optional items added to order and included in box.

Services for Dell

Dell has services to help with technology needs throughout the life of your device. Our mission is to be the technology services provider you trust to keep you connected and productive so you can focus on doing more.

Dell Care Premium: Built for you, backed by us.

Enjoy the best in personal PC care with 24/7 expert support for all your hardware and software needs. If we can't fix it remotely, a Dell technician will come to you for Onsite Support¹. SupportAssist² predicts and resolves issues while keeping your PC fast, connected and stable. You'll also get data backup help, parental control setup, and repairs for accidents like drops and spills with no hidden fees or deductible. Plus, stay connected with international travel support.

ProSupport Plus for PCs your business solution

For Windows Pro OS, upgrade to ProSupport Plus for your business needs. Automate and customize support to eliminate downtime across your fleet. Get 24/7 priority access to in-region technical support, next business day onsite repairs and proactive monitoring. Plus, accidental damage coverage, self-healing automated remediation and more.

Accidental Damage Service³

Stay worry-free with protection from accidental drops, spills and electrical surges. Access to repairs is easy, with support designed to keep you up and running at your best. Accidental Damage is included with Dell Care Premium and ProSupport Plus.

Disclaimers:

1. Onsite Support: Onsite service after remote diagnosis (a) Onsite Service after remote diagnosis is determined by the online or phone technician, and may involve customer access to the inside of the system and multiple extended sessions. If the issue is covered by the Limited Hardware Warranty and cannot be resolved remotely, the technician and/or replacement part will be dispatched, usually in 1 or 2 business days, following the completion of the remote diagnosis. The customer must return the original hardware to Dell according to the rules specified. On-site service is provided by Dell Marketing L.P. Availability varies. Other conditions apply. (b) Advanced Exchange Service replaces hardware after remote diagnosis. The customer must return the original hardware to Dell according to the rules specified. Advanced Exchange Service is subject to country availability. (c) For complete details about On-site Service or Advanced Exchange Service, see dell.com/servicecontracts

2. SupportAssist: For supported systems and requirements, please refer to our user guide (SupportAssist for Home PCs version for personal use) or administrator guide (SupportAssist for Business PCs version for PC fleet management) and click "supported PCs". Proactive and predictive capabilities depend upon your active service plan and Dell Technologies business rules. For ProSupport Suite for PCs capabilities, view our administrator guide and click "Connect and manage capabilities and Dell service plans". For Dell Care Suite, Premium Support Suite, or Alienware Care Suite for PCs capabilities, view the user guide and click "SupportAssist capabilities and Dell Services plans".

3. Accidental Damage Service: Accidental damage coverage excludes theft, loss, and damage due to fire, flood, or other acts of nature, or intentional damage. Customer must return damaged unit. Limit of 1 qualified incident per contract year.

Important details

Memory: Graphics & System Memory: GB means 1 billion bytes and TB equals 1 trillion bytes; significant system memory may be used to support graphics, depending on system memory size and other factors.

Hard Drives: GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.

Wi-Fi 6E: Wi-Fi 6E requires Windows 11 Operating system and compatible router. Router requires a separate purchase. Wi-Fi 6E connectivity is only available in select locations: <https://www.wi-fi.org/countries-enabling-wi-fi-in-6-ghz-wi-fi-6e>. Check availability with your service provider.

The **Bluetooth wireless version** may vary depending on the operating system that is installed on your computer.

Weights vary depending on configuration and manufacturing variability.

AI: AI features may require software purchase, subscription or enablement by a software or platform provider, or may have specific configuration or compatibility requirements.

Disclaimers (Page 2):

1. ExpressCharge must be enabled within Dell Power Manager software. System must be powered off or in hibernation mode for ExpressCharge feature to function. After charging has reached the stated capacity, charging speed will return to normal speed. Recommended for use with the provided Dell power adapter; not recommended with a smaller capacity power adapter. Charging times may vary.
2. Based on internal analysis, June 2025.
3. Based on internal analysis, June 2025. Based on EPEAT Climate + Designations. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country.
4. Based on internal analysis, June 2025. Dell 14 plastic includes 50% recycled aluminum and 50% low emissions aluminum in the thermal plate within the plastic enclosure and 15% recycled steel in the internal part of the palm rest. Dell 14 metal includes 50% recycled aluminum and 50% low emissions aluminum in the top cover and thermal plate.
5. Contains up to 95% recycled content and 5% renewable content in the form of sustainably forested materials. Excludes optional items added to order and included in box.
