Dell 14 Plus

DB14255

A sleek stylish 14-inch laptop with on-device Copilot+ powered by the latest AMD Ryzen™ AI 300 series processors designed to accelerate daily tasks with AI, high performance graphics enabling seamless multitasking on the go.

Dive into a world of generative AI tools and digital assistants on AI PCs powered by AMD Ryzen™ AI 300 series processors.

Together with new CPU and GPU architecture innovations that boost core counts and supercharge performance, AMD Ryzen™ AI 300 Series processors enable the ultimate in private, responsive, and intelligent laptop computing. Whether for intensive multitasking, browsing, gaming, or serious content creation – with blazing fast clock speeds, high core counts, and high-performance graphics that enable seamless AI experiences.

Sleek, stylish modern new design

Thin and light 14-inch laptop in a stylish new design that maximizes performance and portability, ensuring you stay efficient and connected on the move. Available in a soothing neutral Ice Blue color with smooth rounded edges and a clean logo for a fresh new and modern look.

Captivating Audio Visuals

Enjoy vivid colors and sharp details on a spacious 16:10 panel with upto QHD+ resolution, 300 nits brightness.

With Stereo quality speakers, powered by Realtek SoundReal and support for Dolby Atmos your content truly comes to life.

Ideal for photo or video editing, coding, collaborating or even watching movies.

Be unstoppable with AI

Designed and built to spark and amplify creativity and productivity. Advanced productivity with intelligent real time assistance and incredible on device AI experiences with **Copilot+** like Recall, Live Captions, Cocreator and Windows Studio Effects.

Secure and reliable.

Crafted with high quality materials and designed for durability, all Dell Plus laptops undergo rigorous military-grade testing to ensure exceptional reliability as you put it through the rigors of everyday use.

And an additional layer of security with the built-in Trusted Platform Module to protect your data.

Productivity looks better than ever

Stylish 14-inch laptop with on-device Copilot+ featuring AMD Ryzen™ AI 300 series processors, designed to accelerate daily tasks with AI, high performance graphics enabling seamless multitasking on the go.

Whether for intensive multitasking, browsing, gaming, or serious content creation – with blazing fast clock speeds, high core counts, and high-performance graphics that enable seamless AI experiences. Get real time intelligent assistance anywhere you go. Let AI draft quick emails, summarize documents, create a blog post or custom visuals.

Stylish inside and out

Sleek modern comfortable device

16.99 mm at its thickest point and starting at 1.55 kgs² with a clean new look and a comfortable 180-degree hinge.

Up to QHD+ resolution

A stunning tall screen with sharp vivid visuals.

Plenty of Ports

Connect easily wherever you are with a variety of ports.

Stereo quality audio

Stereo quality speakers for an immersive surround sound experience.

Built-in Webcam

Featuring FHD+ webcam for crystal clear video calls.

Amazing Battery life

An impressive battery life of up to 20 hours⁴.

WiFi 7

Experience fast, reliable internet connectivity⁶.

Fingerprint Reader

Built-in fingerprint reader for instant, secure access.

AI noise cancellation

Enjoy clear distraction free calls and recordings for an enhanced communication experience.

Express Charge

Quickly boost your charge with ExpressCharge, recharging your battery to 80% in just 60 minutes⁵.

Built-in NPU

Equipped with the latest AMD Ryzen™ AI 300 series processors with built-in NPU to unlock transformational experiences.

Disclaimers:

²Weights vary depending on configurations and manufacturing variability.

⁴Battery life: Battery life may be significantly less than the test results and varies depending on product configuration and use, software, usage, operating conditions, power management settings and other factors. Tested configurations may not be available in all regions/countries at all times. Maximum battery life will decrease with time.

⁵Express Charge: ExpressCharge must be enabled within Dell Power Manager software. System must be powered off or in hibernation mode for ExpressCharge feature to function. After charging has reached the stated capacity, charging speed will return to normal speed. Recommended for use with the provided Dell power adapter; not recommended with a smaller capacity power adapter. Charging times may vary.

⁶Wi-Fi 7 certified products will roll out in accordance with the Wi-Fi Alliance certification schedule throughout 2024. Wi-Fi 7 requires the latest Wi-Fi Alliance certification, Windows HLK certified device driver, hardware update, supported Windows OS version and compatible router.

The AMD Ryzen AI logo is centered within a black square that has a thick orange border. The logo itself consists of the word "AMD" in a bold, white, sans-serif font, followed by a white square icon containing a stylized, geometric arrow pointing upwards and to the right. Below this, the words "RYZEN AI" are written in the same bold, white, sans-serif font.

AMD RYZEN AI

AMD Ryzen™ AI 300 series processors Unlock Transformational AI Experiences

Dive into a world of generative AI tools and digital assistants on AI PCs powered by AMD Ryzen™ AI 300 series processors. With advanced AI architecture and supercharged performance for gaming, creation and premium productivity.

Together with new CPU and GPU architecture innovations that boost core counts and supercharge performance, AMD Ryzen™ AI 300 Series processors enable the ultimate in private, responsive, and intelligent laptop computing. Whether for intensive multitasking, browsing, gaming, or serious content creation – with blazing fast clock speeds, high core counts, and high-performance graphics that enable seamless AI experiences.

CPU

Ideal for real time multi-tasking and AI workload such as noise cancellation and instant transcription.

GPU

Ideal for AI-accelerated digital content creation and video editing with creation apps like Adobe.

NPU

Ideal for running AI features like Microsoft Studio Effects during video calls. Supports upto 50 TOPS

See your AI experiences truly come to life with the impressive front of screen experience on the Dell 14 Plus. Whether it is photo or video editing, coding, collaborating or even watching movies – let this spacious vibrant screen wow you.

Enjoy vivid colors and sharp details with up to **QHD+ resolution, upto 300 nits brightness and 100% sRGB and Dolby Vision**. With a 16:10 aspect ratio, your screen is taller and allows you to be productive without constant scrolling even with a smaller, thinner and more portable 14" size. Work for extended periods of time comfortably with inbuilt **Dell ComfortView Plus** which protects from harmful low blue light without compromising on true to life colors.

Also available in FHD+ resolution which offers a touch screen option that lets you interact more intuitively with your device. The **FHD+ Touch panel comes with the 16:10 screen with an edge to edge glass panel and upto 300nits brightness** for a vibrant, sharp view. **Dell ComfortView software solution** comes pre-installed for harmful low blue light reduction

Impressive Audio

Hear every detail with stereo quality speakers, powered by Realtek SoundReal and support for Dolby Atmos . Enjoy an immersive surround sound experience, hear and feel more, even in a busy café or train.

Connect confidently as you look and sound great while video conferencing with a built in FHD+ webcam and always seem engaged thanks to AI-enabled auto framing that moves with you, and AI-enabled eye-contact keeps you looking engaged, even if you glance away. A mechanical privacy shutter ensures you have privacy on video calls when you want it and your PC is designed to optimize the best virtual collaboration experience.

Why upgrade to the Dell 14 Plus

Impressive processing power

Featuring AMD Ryzen™ AI 300 Series processors with dedicated engines for demanding tasks like intensive multitasking, browsing, high performance graphics and seamless AI experiences.

Sleek, modern design

Stylish 14-inch laptop with on-device Copilot+ in a clean modern look and sophisticated Ice Blue color with tone-on-tone keyboard and a comfortable 180 bending hinge.

Starting weight 3.51 lbs. (1.52 kg)

No need to compromise style for power.

Up to 20 hrs* battery life

Work confidently wherever with impressive battery life that lasts during marathon sessions.

Do more with AI

Do

Get things done faster and find time to focus on what matters most to you with Copilot, your personal AI assistant. Make your online shopping easier, plan your next vacation or kickstart research for your class project in just a matter of minutes. With Microsoft 365 you can stay organized, collaborate and create content like a pro.

Create

Help bring your creative aspirations to life with custom images through Cocreator* in Paint. Enabled with advanced AI, you can now transform rough sketches with text and drawing prompts and make your vision come to life, just the way you want it.

*Cocreator is optimised for English text prompts. Requires Microsoft account.

Connect

No need for extra lights or soundproof rooms, the new Windows Studio Effects* help you look and sound your best. Voice Focus filters out background noise and makes sure you are heard. Meanwhile, an AI-enabled feature improves lighting and blurs visual distractions, so you're always the focus. With Live Captions, you stay connected and never miss a conversation. Instantly translate** your video calls or movies from any app or video platform into English subtitles in real time.

Find

Using simple prompts and natural language, AI recalls and instantly scans apps, files, emails and websites you've seen before to retrieve exactly the content you're looking for.

PCs ship with Recall* off by default, and you can activate during set up. You can choose the amount of system storage for Recall, and it will automatically delete the oldest files as your storage becomes full.

Secure and Reliable

Crafted with high quality materials and designed for the real world — because that's where life happens.

The Dell 14 Plus passed several stress tests to ensure exceptional reliability as you put it through the rigors of everyday..

Built to endure

From locker rooms to locked cars, we test laptops for survival in harsh short-term heat conditions of up to 65°C/149°F.

Buttoned-up

No matter what you set your power and multimedia buttons to do, we've tested them all to survive up to 40,000 pushes.

Everything hinges on it

We test laptop hinges to ensure they still feel tight, even after opening and closing the lid 20,000 times.

Twist and turn

Call us excessive, but after twisting a laptop's base and lid more than 7500* 4times (Test 2 edges and 2 corners), we can assure you the parts inside are well protected.

Fidget carefree

We even ensure the reliability of the webcam privacy shutter by opening and closing it 2100 times.

[CLM-014064](#)

Apart from the above, all Dell Plus products undergo Military grade stress testing, MIL-STD-810H, see details on page 20.

Plus, there is an additional layer of security with the built-in Trusted Platform Module to protect your data.

Built sustainably for unstoppable performance

Your laptop is designed with more sustainable materials like recycled and low emissions aluminum, recycled steel and recycled ocean-bound plastic while meeting the latest environmental standards like EPEAT Gold* with Climate+ and ENERGY STAR® 9.0 certification.

*Based on internal analysis February 2025 EPEAT Climate+ Designations achieved in all applicable countries. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status and tier levels by country.

Ports & Slots

1. USB 3.2 Gen 1 Type-A (5Gbps)
2. Universal Audio Jack*
3. HDMI 1.4
4. USB 3.2 Gen 2 (10 Gbps) Type-C® port with Power Delivery DisplayPort™
5. USB 3.2 Gen 2 (10 Gbps) Type-C® port with Power Delivery DisplayPort™

*Disclaimer: Universal Audio Jack: 3.5mm Universal Audio Jack functionality varies by model configuration. For best results, use Dell recommended audio accessories.

Dimensions & Weight

Height: 0.55" – 0.67" (14.00mm – 16.95 mm)

Width: 12.36" (314mm)

Depth: 8.90" (226.15 mm)

Starting Weight*: 3.35 lbs. (1.52kg)

Dell 65Watt USB-C Adapter

The Dell 14 Plus 2-in-1 ships with a small, sustainable 65W USB-C power adapter, compatible across many Dell laptops. Built with 95% recycled plastic and 98% recycled aluminum** in key places, its chord is a convenient 3ft. (1m) long and has a cable clip to help pack up for travel.

*Weights vary depending on configurations and manufacturing variability.

NOTES:

Hard Drives: GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.

Graphics & System Memory: GB means 1 billion bytes and TB equals 1 trillion bytes; significant system memory may be used to support graphics, depending on system memory size and other factors.

Battery life figures are based on testing using the Mobile Mark 2014 battery life benchmark test. For more information about this benchmark test, visit www.bapco.com. Test results should be used only to compare one product with another and are not a guarantee you will experience the same battery life. Battery life may be significantly less than the test results and varies depending on your product's configuration, software, usage, operating conditions, power management settings and other factors. Maximum battery life will decrease with time and use.

Watt Hour (Whr) - The stated Watt Hour (Whr) is not an indication of battery life.

Notebook Weight: Weights vary depending on configuration and manufacturing variability.

Services for Dell Plus

Dell has services to help with technology needs throughout the life of your device. Our mission is to be the technology services provider you trust to keep you connected and productive so you can focus on doing more.

Dell Care Premium: Built for you, backed by us.

Enjoy the best in personal PC care with 24/7 expert support for all your hardware and software needs. If we can't fix it remotely, a Dell technician will come to you for Onsite Support¹. SupportAssist² predicts and resolves issues while keeping your PC fast, connected and stable. You'll also get data backup help, parental control setup, and repairs for accidents like drops and spills with no hidden fees or deductible. Plus, stay connected with international travel support.

ProSupport Plus for PCs your business solution

For Windows Pro OS, upgrade to ProSupport Plus for your business needs. Automate and customize support to eliminate downtime across your fleet. Get 24/7 priority access to in-region technical support, next business day onsite repairs and proactive monitoring. Plus, accidental damage coverage, self-healing automated remediation and more.

Accidental Damage Service³

Stay worry-free with protection from accidental drops, spills and electrical surges. Access to repairs is easy, with support designed to keep you up and running at your best. Accidental Damage is included with Dell Care Premium and ProSupport Plus.

Disclaimers:

¹. Onsite Support: Onsite service after remote diagnosis (a) Onsite Service after remote diagnosis is determined by the online or phone technician, and may involve customer access to the inside of the system and multiple extended sessions. If the issue is covered by the Limited Hardware Warranty and cannot be resolved remotely, the technician and/or replacement part will be dispatched, usually in 1 or 2 business days, following the completion of the remote diagnosis. The customer must return the original hardware to Dell according to the rules specified. On-site service is provided by Dell Marketing L.P. Availability varies. Other conditions apply. (b) Advanced Exchange Service replaces hardware after remote diagnosis. The customer must return the original hardware to Dell according to the rules specified. Advanced Exchange Service is subject to country availability. (c) For complete details about On-site Service or Advanced Exchange Service, see dell.com/servicecontracts

². SupportAssist: For supported systems and requirements, please refer to our user guide (SupportAssist for Home PCs version for personal use) or administrator guide (SupportAssist for Business PCs version for PC fleet management) and click "supported PCs". Proactive and predictive capabilities depend upon your active service plan and Dell Technologies business rules. For ProSupport Suite for PCs capabilities, view our administrator guide and click "Connect and manage capabilities and Dell service plans". For Dell Care Suite, Premium Support Suite, or Alienware Care Suite for PCs capabilities, view the user guide and click "SupportAssist capabilities and Dell Services plans".

³. Accidental Damage Service: Accidental damage coverage excludes theft, loss, and damage due to fire, flood, or other acts of nature, or intentional damage. Customer must return damaged unit. Limit of 1 qualified incident per contract year.

Recommended Accessories

Dell 27 Monitor - S2725DS

A 27-inch QHD monitor that optimizes eye comfort and features impressive visuals with outstanding acoustics in a lifestyle-inspired design.

Dell UltraSharp Webcam - WB7022

Experience best image quality in its class with the world's most intelligent 4K webcam.

Dell Premier Multi-Device Wireless Keyboard and Mouse (Co-Pilot) - KM7321W

Experience superior multitasking features with a stylish and comfortable premium keyboard and mouse combo. Complete your tasks powered by one of the industry's leading battery lives at up to 36 months.

Dell 6-in-1 USB-C Multiport Adapter | DA305

A compact multiport 6-in-1 adapter that offers video, network, data connectivity and up to 90W power pass-through for your laptop.

Dell Premier Rechargeable Wireless Mouse - MS7421W

Get uninterrupted productivity with a rechargeable mouse that offers up to six months battery life on a full charge and recharges in just two minutes for a full day's work.

Dell Premier Wireless ANC Headset - WL7024

Stay focused anywhere with an intelligent wireless headset, featuring dual-directional AI-based noise cancellation and Adaptive ANC.

Dell EcoLoop Urban Backpack (Blue/Gray) - CP4523B/ CP4523G

Designed for organization and comfort, the Dell EcoLoop Urban Backpack 14-16 is built with the environment in mind and easily complements any lifestyle.
