Our 5000 Series features Dell Optimizer, built-in AI that learns and responds to the way you work to improve application performance, battery life and audio settings in the background. Instantly start work with ExpressSign-in.

New ExpressConnect provides seamless Wi-Fi by pushing bandwidth to conferencing applications and joining the best access points. All controlled through one module, at no additional cost, to reduce lag and help you run at peak performance.

LatITUDE 5320 | 5420 | 5520
There’s nothing mainstream about it

A NEW LOOK FOR WORLD’S SMALLEST, MOST SCALABLE PCs IN THEIR CLASS\(^28\)

Our most scalable laptops are redesigned smaller and smarter than ever. The 13” is now offered in either laptop or 2-in-1. Up to 4K displays with available ComfortView Plus low blue light solution increase productivity. An FHD web cam option takes conferencing to the next level. Memory up to 64GB DDR4, storage up to 2TB, or up to 4TB on the 15” with dual storage options, and battery up to 63 Whr, offer flexibility for different business needs. Discrete graphics option on the 15” ensures reliable video conferencing and media consumption. We’ve streamlined without compromising the ports needed for business, moving to dual USB Type-C\(^4\) with Thunderbolt\(^4\) 4, and keeping HDMI and additional USB ports, plus RJ45 on 14” and 15”.

STAY CONNECTED, STAY PRODUCTIVE ANYWHERE

Have a reliable, fast connection whether on Wi-Fi or LTE. Wi-Fi 6E will allow for 7 additional channels (in 6GHz band) for more bandwidth which provides faster, smoother Wi-Fi, especially in high-density areas. Dell’s ExpressConnect prioritizes that bandwidth for things like conferencing. No Wi-Fi, no problem. Stay connected with 4G LTE mobile broadband options.\(^27\) Up to the latest 11\(^{th}\) Gen Intel\(^{®}\) Core\(^{™}\) vPro\(^{®}\) processors offer businesses the performance, manageability, built-in security features, and stability of the Intel\(^{®}\) vPro Platform, the platform built for business.

INNOVATION & SUSTAINABILITY

1\(^{ST}\) PCs WITH BIOPLASTICS FROM TREES\(^17\)

Work confidently on our 400 nit screen with ComfortView Plus, an always-on built-in solution that reduces harmful blue light while delivering excellent color. Latitude 5000 Series laptops were the first PCs to use reclaimed carbon fiber in the design and are the first to use 21% bioplastics from trees in the lid.\(^7\) The manufacturing creates a lower carbon and water footprint, reducing CO2 emissions equal to 24.2 million miles driven, saving energy to power 5,564 homes for 1 yr, and conserving enough water to fill 226 Olympic-size pools.\(^6\) With our commitment to sustainability, we use low VOC waterborne paint on 100% of painted parts. The 5320, 5420, and 5520 are EPEAT Gold registered.\(^9\)

WORLD’S MOST INTELLIGENT BUSINESS PCs WITH BUILT-IN AI\(^20\)

Our 5000 Series features Dell Optimizer, built-in AI that learns and responds to the way you work to improve application performance, battery life and audio settings in the background. Instantly start work with ExpressSign-in.

New ExpressConnect provides seamless Wi-Fi by pushing bandwidth to conferencing applications and joining the best access points. All controlled through one module, at no additional cost, to reduce lag and help you run at peak performance.
The world’s most intelligent PCs featuring Dell Optimizer

Latitude devices feature Dell Optimizer, a built-in artificial intelligence software that learns and adapts to your behavior to create a smarter, more personalized user experience. It automatically improves application performance, battery run time and more in the background, so you have fewer disruptions no matter where you’re working.

ExpressSign-in

Experience seamless Wi-Fi. New ExpressConnect automatically joins the strongest access point in the office and directs bandwidth to conferencing applications, wherever you work.

ExpressResponse

With Intel® Adaptix™ Technology, prioritize your most important apps, so they open faster and perform better.

ExpressSign-in

Get to work fast with our PC proximity sensor enabled by Intel® Context Sensing Technology that detects your presence to instantly wake and log you in via the IR camera and Windows Hello, all without lifting a finger. It locks when you walk away, so your work stays safer.

ExpressCharge

Dell Optimizer extends runtime and improves battery performance by adapting to your patterns. ExpressCharge Boost delivers up to 35% charge in about 20 minutes, or up to 80% charge in an hour with ExpressCharge.

Intelligent Audio

Collaborate like you’re in the same room. Intelligent Audio enhances your audio quality and reduces background noises, so you can hear and be heard, creating a better conference experience for all.
Recommended accessories

LATITUDE 5320 | 5420 | 5520

**ON-THE-GO**

**DELL PRO HYBRID BRIEFCASE BACKPACK 15 | PO1520HB**
Protect your laptop from impact with this earth friendly backpack that is lined with EVA foam cushioning. Easily convert from backpack to briefcase mode and travel with ease.

**DELL USB-C MOBILE ADAPTER | DA310**
Compact and portable 7-in-1 USB-C mobile adapter provides superb video, data connectivity and up to 90W power pass-through to your PC.

**DELL NOTEBOOK POWER BANK PLUS - USB C, 65 WH | PW7018LC**
With fast high-power delivery of up to 65Wh, this power bank can charge the widest range of USB-C laptops, and mobile devices.

**DELL MOBILE PRO WIRELESS MOUSE | MS5120W**
Connect your mouse conveniently via 2.4GHz wireless or Bluetooth and enhance your productivity with programmable shortcut buttons and 36 months of battery life.

**DELL PREMIUM ACTIVE PEN | PN579X**
(compatible with 2-in-1)
Easily take notes and stay organized whether in meetings or on the go.

**AT THE DESK**

**DELL THUNDERBOLT DOCK | WD19TB**
Work at full speed with Dell’s powerful Thunderbolt Dock. Charge your system faster, support up to two 4K displays and connect to your peripherals via a single cable.

**DELL DOCKING STATION MOUNTING KIT | MK15**
Easily attach your Dell Dock to the Dell Dock Mounting Kit and mount it behind a monitor, to a wall or under the desk for a clutter-free workspace.

**DELL 27 USB-C MONITOR | P2720DC**
Do more with a 27” QHD USB-C monitor that expands your workspace. Get a better view of all your important tasks while reducing cable clutter.

**DELL MULTI-DEVICE WIRELESS KEYBOARD AND MOUSE | KM7120W**
Designed to work seamlessly across 3 devices, this compact keyboard mouse combo keeps your desk clutter-free and lets you stay productive with up to 36 months of battery life.

**DELL MOBILE SPEAKERPHONE | MH3021P**
Multiport with integrated speakerphone offers an all-in-one connectivity and conferencing solution.

**DELL DUAL MONITOR STAND | MDS19**
This space saving stand mounts up to two 27-inch monitors, providing the screen real estate you need to be most productive.

**DELL PRO STEREO HEADSET | UC350**
Hear every word clearly on your next call with the Dell Pro Stereo Headset, optimized to provide in-person call quality and certified for Microsoft Skype for Business.

Experience a new way to work with Dell Technologies Unified Workspace. Intelligence built-in. Modernization built-on.

We know that having the right device is just the start to a great workday. Employees need intelligent, intuitive and responsive experiences that allow them to work productively and without interruption. Dell Technologies Unified Workspace is transforming the employee experience and ensuring IT has proactive, predictive and automated solutions to deliver on the promise of a modern workday, while simplifying their ability to deploy, secure, manage and support their environment.

**DEPLOY**
ProDeploy in the Unified Workspace allows IT to move away from traditional, high-touch, manual deployment, and instead, ship devices preconfigured with company apps and settings from the Dell factory directly to their end users—having end users up and working on day one.

**SECURE**
Secure: Dell Trusted Devices are a secure foundation for the modern mobile workforce. Our comprehensive family of endpoint security solutions work together to secure the device both above and below the OS, giving IT confidence and enabling end users to remain productive.

**MANAGE**
With Dell’s modern end-point management solutions, we can accelerate uninterrupted workflow with automation, integration and optimization from one trusted partner.

**PROSUPPORT**
AI-driven predictive, proactive support keeps end-users working at full speed and IT admins looking ahead by virtually eliminating unplanned downtime.
