

# Dell Technologies is a first-generation EPEAT Climate+ Champion

Dell Technologies has been recognized as an early adopter of the new EPEAT emissions-reduction criteria, EPEAT Climate+ signifying our commitment to combating climate change and adhering to rigorous emission-reduction standards. With EPEAT Climate+, we can offer technology that better reduces emissions and promoting a sustainable future for our customers and the planet.

As EPEAT Climate+ Champions, we build trust with third-party validation, that makes it easy for customers and partners to identify our most sustainable products.

Dell PowerEdge 860 CTO

Dell Technologies has the industry's widest portfolio of product types that have achieved the EPEAT Climate+ designation.\*

## How do products attain EPEAT Climate+?

To achieve the Climate+ status, a product must meet all required EPEAT climate criteria. Criteria requirements include:

Public and Third-Party Verifiable Product GHG Disclosures

Energy-Efficient Upstream Manufacturing Processes

Science-Based Greenhouse Gas Reduction Targets

Electricity From Renewable Energy Sources

The following pages contain a list of our currently registered EPEAT Climate+ products.

\*Based on EPEAT Climate+ Designations achieved by Product Type in all applicable countries. EPEAT registered where applicable. EPEAT registration varies by country. See [www.epeat.net](http://www.epeat.net) for registration status and tier levels by country. Data as available in September 2023.
