Graphic designer

Stay inspired with technology designed to let you create and collaborate anywhere.

Design your creative visions

An artist does their best work when their inspiration is the highlight. The Dell Precision 5680 mobile workstation is designed the way an artist would design it. Not only does it look amazing, but you will too while showing your best work to clients.

While the Precision 5680 is great for artists on the go, having a docking station connected to a Dell UltraSharp PremierColor monitor, along with a colorimeter ensures color accuracy and the tools that provide for efficiencies while working at the desk.

Deliver faster time to market, while proving for more flexibility in the design schedule for iterations.

Design your creative visions

The Latitude 9440 is an ultra-premium 2-in-1 that redefines collaboration for media executives. Your device is meticulously crafted using a high-precision CNC machining process with a stunning graphite color and diamond-cut edges that complete the elegant look. The world's smallest commercial PC, your device is easy to take with you everywhere and features a roomy screen with plenty of room for productivity thanks to a 16:10 aspect ratio.

Convenient Zoom conferencing controls are at your fingertips with the world's first Haptic Collaboration Touchpad. Also featuring customizable haptic feedback that you can hear and feel, the Latitude 9440 2-in-1 brings an ultra-premium experience to your work. The world’s first commercial PC with a Zero-Lattice Keyboard features both a comfortable and efficient typing experience, as well as an ultra-premium aesthetic. Mini-LED backlit technology reduces the keyboard's power usage by up to 75% and extends battery life by up to three hours, so you can stay productive whether you’re collaborating in the office or meeting with clients on the go. Stay connected to your team and clients on the world’s most collaborative commercial PC.*
