Dell APEX
PC-as-a-Service
Flexibility to transform your IT

Hardware
Software
Lifecycle services
Payment solutions
Today’s employees work in an anytime, anywhere environment, relying on their PCs to get work done. So, you need those PCs to be quickly delivered and fully configured for users, wherever they choose to work. And they need minimal disruption to be productive.

This means maintaining performance, security, and reliability over the life of that system. When organizations use Dell APEX PCaaS, they get the benefit of relying on a trusted provider to simplify the daily burden of PC lifecycle management and improve employee experience at the same time.

Dell APEX PCaaS

- **Modern end user experience**
  - Broad portfolio with accelerated technology refreshes

- **IT efficiency with lower costs**
  - Reduce support costs by 30%¹

- **Predictable monthly pricing**
  - Affordability that provides better cash flow

¹ Reductions based on inputs provided by Dell customers. Results may vary. Contact Dell for details.
Get the latest PCs and peripherals with customized software solutions

**Dell displays and peripherals**

Dell PCs, displays, accessories and software come together as one solution to enhance the end user experience. Dell has all the tools to help customers mitigate pain points and be their most productive wherever and however they work.

**The world's most intelligent PCs featuring Dell Optimizer**
