The simple way to contribute to environmental sustainability

When you adopt a lifecycle management solution like Technology Rotation, it can help you with your sustainability targets.

When you choose a Technology Rotation solution from Dell Technologies, you are contributing to the circular economy through these processes:

**Refurbishment & Remarketing**

- Up to 95% of hardware is refurbished after data sanitization, gaining a second life by being resold.²

**Responsible Recycling**

- The remaining hardware is recycled in adherence with all applicable international, regional, national and local laws and conventions.²
