The simple way to contribute to environmental sustainability

When you adopt a lifecycle management solution like Technology Rotation, it can help you with your sustainability targets.

When you choose a Technology Rotation solution from Dell Technologies, you are contributing to the circular economy through these processes:

**Refurbishment & Remarketing**

Up to 95% of hardware is refurbished after data sanitization, gaining a second life by being resold.²

**Responsible Recycling**

The remaining hardware is recycled in adherence with all applicable international, regional, national and local laws and conventions.²

---

**Note:** Offers may not be available or may vary in certain countries. Where available offers may be changed without notice and are subject to product availability, applicable law, credit approval, documentation provided by and acceptable to DFS and may be subject to minimum transaction size. Offers not available for personal, family or household use. Dell Technologies and the Dell Technologies logo are trademarks of Dell Inc. Restrictions and additional requirements may apply to transactions with governmental or public entities. Technology Rotation: At the end of the fair market value ("FMV") contract, the customer may purchase the equipment for the then FMV, renew the contract or return the equipment to DFS.

**Technology Rotation Offer:** Applicable for 36-month FMV contract. The total of customer’s required monthly contract payments (excluding taxes, fees, shipping, or other charges) during the initial term will be less than the original acquisition cost of the products. Offer available for qualifying Dell OptiPlex, Latitude, and Precision systems, and Dell servers. Minimum transaction $1,500; maximum $500,000.

Offers, including those at Dell.com and Dell.ca may vary. Combination with other discounts may limit availability. Offer valid through August 4, 2023 to qualified business end users in the U.S. and Canada.

¹ Based on Dell Internal Analysis, November 2022. Energy intensity reduced by 52%. Measured between FY17 and FY21.
