

Canada's Recycling Laws

Fees as of April 01, 2025

Province Provincial Program Details

Alberta (Alta.) The Province of Alberta passed regulation establishing a funding system for the collection and recycling of designated electronic products. The regulation requires manufacturers to collect an environmental fee for designated electronic devices sold into the Province of Alberta.

Under the current law and regulations, the following Dell-branded and third-party products sold into Alberta will be subject to a provincial environmental fee:

Desktop and server computers, rack servers	\$0.45
Notebook computers	\$0.30
Displays under 30" (including TVs and monitors)	\$1.30
Displays over 30" (including TVs and monitors)	\$2.75
All-in-one computers	\$1.30
Printers (desktop, floor-standing, barcode, etc.)	\$1.65
Home Small Appliances	\$0.40
AV / Telecom / Toys / Music	\$0.55

Details of the program can be found here:
<http://www.albertarecycling.ca>

Detailed product listings and related fees can be found here:
[Electronic-Products-Definitions-and-Fees.pdf](#)

Implementation date: July 1, 2004

British Columbia (B.C.) The Province of British Columbia has passed regulation establishing a funding system for the collection and recycling of designated electronic products. The regulation requires manufacturers to collect a provincial environmental fee for certain electronic devices sold into the Province of British Columbia. Under the regulation, the following Dell-branded and third-party products sold into British Columbia will be subject to an environmental fee:

Desktop computers (includes IT/telecom and data center equipment 10–50 kg)	\$0.70
Portable computers (includes IT/telecom and data center equipment 2–10 kg)	\$0.45
Computer peripherals (includes all gaming peripherals, hard drives, and laptops with no speakers)	\$0.35
Desktop printers (including POS printers)	\$6.50
Floor standing devices (includes IT/telecom >50 kg, floor printers and so on)	\$42.00
Display Devices up to 29"	\$3.00
Display Devices 30" - 45"	\$4.25
Display Devices 46" and up	\$7.50
Personal/portable audio and video devices (includes IT/telecom less than 2 kg, e-readers, magnetic-strip readers, handheld GPS and so on)	\$0.75
Home/non-portable audio and video devices (now includes projectors, musical instruments less than 200 kg/Home theatre in a box (HTB)	\$2.80
Aftermarket vehicle audio and video players	\$2.80

Program details can be found here: <http://www.recyclemyelectronics.ca/bc/>

Detailed product listings and related fees can be found here:
<https://www.recyclemyelectronics.ca/bc/stewards/products-definitions-and-ehf/>

Implementation date: August 1, 2018

British Columbia introduced Packaging Regulation that obligates brand owners and first importers to report amounts sold to British Columbia and remit payment for their safe recycling and disposal. Material includes printed paper and catalogues, corrugated and box board cardboard materials, and other paper packaging as well as plastic packaging. Brand owners are responsible for payment of these materials. Consumers are not being charged related fees. Details can be found here: <https://recyclebc.ca/>

Implementation date: May 2014

British Columbia introduced regulation regarding batteries that obligates brand owners and first importers to pay fees for the collection and safe disposal of these materials. Consumers can drop off their household batteries weighing less than 5 kg each at any of the Call2Recycle collection sites. There is no charge to consumers for recycling.

Program details can be found here:
<http://www.call2recycle.ca/province/>

Implementation date: May 1, 2014

Manitoba (Man.) The Electrical and Electronic Equipment Stewardship Regulation under The Waste Reduction and Prevention Act was registered on February 3, 2010, and gazette on February 13.

To view the regulations, visit
<https://www.recyclemyelectronics.ca/mb/stewards/regulations-and-approved-plan/>

An industry-led stewardship plan was developed to improve Manitobans' access to safe and responsible recycling of waste electronic materials. The program launched on August 1, 2012.

Under the current law and regulations, the following Dell-branded and third-party products sold into Manitoba will be subject to a provincial environmental fee:

Desktop and server computers	\$0.80
All in One Computers	\$1.80
Notebook computers	\$0.45
Peripherals (mouse, keyboard, etc.)	\$0.20
Display Devices up to 29"	\$1.80
Display Devices 30" - 45"	\$3.10
Display Devices 46" and up	\$7.00
Desktop printers/printer combos	\$4.50
Personal/portable audio/video	\$0.45

Home audio/video/Home theatre in a box (HTB)	\$1.25
Vehicle audio/video systems	\$1.25
Non-cellular telephones	\$0.50
Floor printers (single and multi-function models)	\$60.00

For more details and to see a list of products and their Environmental Handling Fees visit <http://recyclemyelectronics.ca/mb/>

Manitoba introduced Packaging Regulation that obligates brand owners and first importers to report amounts sold to Manitoba and remit payment for their safe recycling and disposal. Material includes printed paper and catalogues, corrugated and box board cardboard materials, and other paper packaging as well as plastic packaging. Brand owners are responsible for payment of these materials. Consumers are not being charged related fees.

Program details can be found here: <http://www.stewardshipmanitoba.org/>

Implementation date: March 31, 2010

Manitoba introduced regulation regarding batteries that obligates brand owners and first importers to pay fees for the collection and safe disposal of these materials. Consumers can drop off all household batteries weighing less than 5 kg each at any of the Call2Recycle collection sites. There is no charge to consumers for recycling. Details can be found here: <http://www.call2recycle.ca/province/>

Implementation date: April 1, 2011

Newfoundland & Labrador (N.L.) The Province of Newfoundland and Labrador has passed regulation establishing a funding system for the collection and recycling of designated electronic products. The regulation requires manufacturers to collect a provincial environmental fee for designated electronic devices sold into the Province of Newfoundland and Labrador.

Under the regulation, the following Dell-branded and third-party products sold into Newfoundland and Labrador will be subject to an environmental fee:

Desktop computers (CPU)/Servers	\$0.90
All-in-one computers	\$4.75
Laptops/netbooks	\$0.45
Display Devices up to 29"	\$4.75

Display Devices 30" - 45"	\$7.75
Display Devices 46" and up	\$14.75
Desktop printers/printer combos	\$5.25
Peripherals (mouse, keyboard, gaming etc.)	\$0.25
Non-Cellular Telephones and telephone answering machines	\$0.60
Personal/portable image, audio, and video devices, etc.	\$0.50
Home/non-portable audio and video players/Home theater in a box (HTB)	\$2.50
Aftermarket vehicle audio and video players	\$2.50
External Hard, Optical and Solid-State Drives	\$0.25
Handheld video games	\$0.50
Graphics Tablets No Display	\$0.25
Docking Stations (multi-media, and lapdocs)	\$0.25
GPS non-portable (vehicle and home)	\$2.50
Modems	\$0.25
Portable IT/Telecom less than 2kg	\$0.50

Program details can be found here:

<http://www.recyclemyelectronics.ca/nl/>

Detailed product listings and related fees can be found here:

<http://www.recyclemyelectronics.ca/nl/stewards/products-definitions-and-ehf/>

Implementation date: August 1, 2013

Nova
Scotia
(N.S.)

The Province of Nova Scotia has passed regulation establishing a funding system for the collection and recycling of designated electronic products. The regulation requires manufacturers to collect a provincial environmental fee for designated electronic devices sold into the Province of Nova Scotia.

Under the regulation, the following Dell-branded and third-party products sold into Nova Scotia will be subject to an environmental fee:

Desktop computers (CPU), Servers	\$0.80
----------------------------------	--------

All-in-one computers	\$3.00
Laptops/netbooks	\$0.40
Display Devices up to 29"	\$3.00
Display Devices 30" - 45"	\$5.50
Display Devices 46" and up	\$10.50
Desktop printers/printer combos	\$5.25
Peripherals (mouse, keyboard etc.)	\$0.25
Non-Cellular Telephones and telephone answering machines	\$0.50
Personal/portable image, audio, and video devices	\$0.50
Home/non-portable audio and video players/Home theatre in a box (HTB)	\$2.25
Aftermarket vehicle audio and video players	\$2.25

Program details can be found here: <http://www.recyclemyelectronics.ca/ns/>

Detailed product listings and related fees can be found here:
<http://www.recyclemyelectronics.ca/ns/stewards/products-definitions-and-ehf/>

Implementation date: January 1, 2021

Ontario
(Ont.)

New Ontario Electrical and Electronic Equipment Regulation [Ontario Regulation 522/20](#) made under the Resource Recovery and Circular Economy Act, 2016 filed on September 21, 2020 came into force on January 1, 2021. The Regulation enacts Individual Producer Responsibility, Dell has reviewed the regulation and internalized the cost, no environmental handling fee (Eco Fee) will be passed to the consumer of Dell branded or third-party products sold into Ontario.

Dell contracts with RLG Americas Inc. to fulfill its Producer Responsibility commitments in Ontario. For more information on RLG Americas Inc. please visit their website at <https://www.rlgamericas.com/canada>.

Under the current regulation, the following products sold into Ontario must be reported to RPRA:

Computers

Printers (desktop and floor-standing), including printer cartridges

Video gaming devices

Telephones, including cellular phones

Display Devices

Radios and stereos, including after-market vehicle stereos

Headphones

Speakers

Cameras, including security cameras

Video recorders

Drones with audio or visual recording equipment

Peripherals and cables used to support the function of information technology, telecommunications, and audio-visual equipment, including charging equipment

Parts of information technology, telecommunications, and audio-visual equipment sold separately, such as hard drives

Handheld point-of-sale terminals or devices

Musical instruments and audio recording equipment

EEE includes all components, parts, or peripherals, including batteries that are provided with the equipment to the customer.

Implementation date: April 1, 2009

Ontario introduced Packaging Regulation that obligates brand owners and first importers to report amounts sold to Ontario and remit payment for their safe recycling and disposal. Material includes printed paper and catalogues, corrugated and box board cardboard materials, and other paper packaging as well as plastic packaging. Brand owners are responsible for payment of these materials. Consumers are not being charged related fees. Materials are collected in residential Blue Box Program. Details can be found here: [Home - RPRA](#)

Ontario introduced regulation regarding batteries that obligates brand owners and first importers to pay fees for the collection and safe disposal of these materials. Consumers can drop off all household batteries weighing less than 5 kg each at any of the Call2Recycle collection sites. There is no charge to consumers for recycling. Details can be found here: <http://www.call2recycle.ca/province/>

Implementation date: July 1, 2008

Prince Edward The Province of Prince Edward Island has passed regulation establishing a funding system for the collection and recycling of designated electronic products. The regulation requires

Island (P.E.I.) manufacturers to collect a provincial environmental fee for designated electronic devices sold into the Province of Prince Edward Island. Under the regulation, the following Dell-branded and third-party products sold into Prince Edward Island will be subject to an environmental fee:

Desktop computers (CPU), Servers	\$0.80
All-in-one computers	\$3.00
Laptops/netbooks	\$0.40
Displays (includes TVs and Monitors) <30"	\$3.00
Display Devices 30" - 45"	\$5.50
Display Devices 46" and up	\$10.50
Desktop printers/printer combos	\$5.25
Floor printers (single and multi-function models)	\$60.00
Peripherals (mouse, keyboard etc.)	\$0.25
Non-Cellular Telephones and telephone answering machines	\$0.50
Personal/portable image, audio, and video devices	\$0.50
Home/non-portable audio and video players/Home theater in a box (HTB)	\$2.25
Aftermarket vehicle audio and video players	\$2.25

Program details can be found here: <http://www.recyclemyelectronics.ca/pei>

Detailed product listings and related fees can be found here:

<http://www.recyclemyelectronics.ca/pei/stewards/products-definitions-and-ehf/>

Implementation date: July 1, 2010

Saskatchewan (Sask.) Saskatchewan has passed regulation establishing the collection and recycling of designated electronic products. The regulation requires manufacturers such as Dell Canada Inc. ("Dell") to collect a provincial environmental fee for certain electronic devices sold into the Province of Saskatchewan.

Under the current law and regulations, the following Dell-branded and third-party products sold into Saskatchewan will be subject to a provincial environmental fee:

Desktop computers (CPU)	\$0.80
All-in-one computers	\$3.00
Laptops/netbooks	\$0.45
Display Devices up to 29"	\$1.80
Display Devices 30" - 45"	\$3.10
Display Devices 46" and up	\$7.00
Desktop printers/printer combos	\$4.50
Floor printers (single and multi-function models)	\$60.00
Peripherals (mouse, keyboard etc.)	\$0.20
Personal/portable image, audio, and video devices	\$0.35
Home/non-portable audio and video players/Home theatre in a box (HTB)	\$1.25
Non-Cellular Telephones	\$0.50
Aftermarket vehicle audio and video players	\$1.25
Program details can be found here: http://www.recyclemyelectronics.ca/sk/	

Detailed product listings and related fees can be found here:
<http://www.recyclemyelectronics.ca/sk/stewards/products-definitions-and-ehf/>

Implementation date: February 1, 2007

Saskatchewan introduced packaging regulations under the Household Packaging and Paper Stewardship Program Regulations in February of 2013. The regulation obligates brand owners and first importers to report amounts sold to Saskatchewan and remit payment for their safe recycling and disposal. Material includes printed paper and catalogues, corrugated and box board cardboard materials, and other paper packaging as well as plastic packaging. Brand owners are responsible for payment of these materials. Consumers are not being charged related fees. Details can be found here: www.multimaterialsw.ca

Implementation date: January 2015

Quebec (Que.) The Quebec Regulation “respecting the recovery and reclamation of products by enterprises” was introduced on July 14, 2011 and came into effect July 14, 2012. To enable compliance with the regulations, Dell Canada Inc. has joined EPRA QC or ARPE QC, an approved industry collective program that is managing the responsible recycling of

electronics in that province. For more information on EPRA QC please visit their website at <http://www.recyclemyelectronics.ca/qc>

Under the current regulation, the following products sold into Quebec must be reported to EPRA QC:

Desktop computers (CPU)

All-in-one computers

Laptops/netbooks

Display Devices up to 29"

Display Devices 30" - 45"

Display Devices 46" and up

Desktop printers/printer combos

Floor standing IT Equipment (includes Printers, Copier, Servers, and Routers up to 120kg)

Peripherals (mouse, keyboard etc.)

Non-Cellular Telephones and telephone answering machines

Cellular devices

Personal/portable image, audio, and video devices

Home/non-portable audio and video players/Home theatre in a box (HTB)

The sale of these products triggers an environmental handling fee (eco fee) that is commonly passed to the consumer for payment. Dell Canada Inc. has analyzed the Quebec regulations and determined that the best course of action for our customers and the environment is to pay the fees ourselves, and not to pass along these fees to our retail partners or customers. Dell will instead remit the fees directly to EPRA QC.

In addition, our customers can take advantage of free recycling options at EPRA QC approved depots. A full list of these depots can be found at <http://www.recyclemyelectronics.ca/qc>

Implementation date: October 1, 2012

Quebec introduced Packaging Regulation that obligates brand owners and first importers to report amounts sold to Quebec and remit payment for their safe recycling and disposal. Material includes printed paper and catalogues, corrugated and box board cardboard materials, and other paper packaging as well as plastic packaging. Brand owners are responsible for payment of these materials. Consumers are not being charged related fees.

Program details can be found here:
<http://www.ecoentreprises.qc.ca/companies>

Implementation date: 2005

Quebec introduced regulation regarding batteries that obligates brand owners and first importers to pay fees for the collection and safe disposal of these materials. Consumers can drop off all household batteries weighing less than 5 kg each at any of the Call2Recycle collection sites. There is no charge to consumers for recycling. Details can be found here:
<http://www.call2recycle.ca/province/>

Implementation date: August 1, 2015

New Brunswick (N.B.) The Province of New Brunswick has passed regulation establishing a funding system for the collection and recycling of designated electronic products. The regulation requires manufacturers to collect a provincial environmental fee for designated electronic devices sold into the Province of New Brunswick.

Under the regulation, the following Dell-branded and third-party products sold into New Brunswick will be subject to an environmental fee:

Desktop Computers, Servers	\$0.80
Notebook Computers	\$0.40
All-in-one computers	\$3.00
Displays Devices under 10"	\$0.50
Display Devices (televisions & monitors <30")	\$3.00
Display Devices (televisions & monitors 30"-45")	\$4.50
Display Devices (televisions & monitors >46")	\$9.25
Desktop Printers	\$5.25
Computer Peripherals	\$0.25
Personal/Portable Audio/Video Systems	\$0.50
Home Audio/Video Systems/Home theatre in a box (HTB)	\$2.00
Vehicle Audio/Video Systems (Aftermarket)	\$2.00
Non-Cellular Telephones	\$0.60

Cellular Telephones \$0.11

Program details can be found here:
<http://recyclemyelectronics.ca/nb/>

Detailed product listings and related fees can be found here:
<http://epra.ca/what-is-a-steward/product-definitions-fees-clarification-protocols>

Implementation date: June 1, 2017

Northwest Territories (NT) passed regulation in August of 2015, establishing a funding system for the collection and recycling of designated electronic products. The regulation (N.W.T.) requires manufacturers, distributors, and retailers to collect an environmental fee for designated electronic devices sold into Northwest Territories.

Under the current law and regulations, the following Dell-branded and third-party products sold into Northwest Territories will be subject to a provincial environmental handling fee (EHF):

Desktop and server computers, rack servers	\$10.50
Notebook computers	\$3.00
Displays under 30" (including TVs and monitors)	\$12.25
Displays 30"- 45" (including TVs and monitors)	\$24.50
Displays over 46" (including TVs and monitors)	\$40.00
Printers	\$8.00
All in One Computers	\$12.25

To reduce cost and improve efficiency, the Alberta Recycling Management Authority (Alberta Recycling) has been contracted by the Government of the Northwest Territories to administer the revenue portion of the Electronics Recycling Program and will be the main point of contact for distributors.

Details of the program can be found here:
<http://www.albertarecycling.ca/electronics-recycling-program>

Detailed product listings and related fees can be found here:
<http://www.albertarecycling.ca/electronics-recycling-program>

Implementation date: February 1, 2016

Nunavut No regulatory requirements

Yukon (Y.T.) The Yukon government has established an electronics waste management program under the Environment Act - Regulation to Amend the Designated Materials Regulation (O.I.C. 2003/184), with revision O.I.C. 2016/88 which amends the Designated Materials Regulation and sets out the requirements for the program. The amendment was introduced May 11, 2016. The electronics waste program will be an extended producer responsibility program like those implemented across existing provinces.

To enable compliance with the regulations, Dell Canada Inc. has joined EPRA Yukon, an approved industry collective program that is managing the responsible recycling of electronics in that province together with the Government of Yukon. For more information, please visit their website at <http://recycleyukonelectronics.ca/>

Under the regulation, the following Dell-branded and third-party products sold into Yukon Territory will be subject to an environmental Fee:

Desktop Computers	\$2.80
All-in-one computers	\$14.00
Portable Computers (Laptops, notebook etc.)	\$2.00
Display Devices up to 29"	\$14.00
Display Devices 30" - 45"	\$24.00
Display Devices 46" and up	\$56.00
Desktop printers/printer combos	\$2.50
Computer Peripherals (mouse, keyboard etc.)	\$0.40
Non-Cellular Telephones and answering machines	\$0.90
Cellular devices and pagers	\$0.14
Personal/Portable Audio/Video Playback and/or Recording Systems	\$0.50
Home Audio/Video Playback and/or Recording Systems/Home theatre in a box (HTB)	\$2.20
Aftermarket Vehicle Audio and Video Systems	\$2.20

Program details can be found here:
<http://recycleyukonelectronics.ca/>

Detailed product listings and related fees can be found here:

<http://recycle.yukon.electronics.ca/wp-content/uploads/2018/07/20180716-Clarification-electronic-products-YukonDMR.pdf>

Implementation date: October 1, 2018

For more information, please contact Recycling_Canada@Dell.com.
