The simple way to contribute to environmental sustainability

When you adopt a lifecycle management solution like Technology Rotation, it can help you with your sustainability targets.

When you choose a Technology Rotation solution from Dell Technologies, you are contributing to the circular economy through these processes:

Refurbishment & Remarketing

Up to 95% of hardware is refurbished after data sanitization, gaining a second life by being resold.²

Responsible Recycling

The remaining hardware is recycled in adherence with all applicable international, regional, national and local laws and conventions.²

myDFS – Manage your assets easily in one place

Your online portal provides 24/7 access to everything you need to manage your Dell Financial Services account.
