

Enterprise SONiC Distribution by Dell Technologies

Empower customers with better performance, simplified design and the flexibility of a single Network Operating System in a multi-vendor ecosystem.

Connecting fabrics **from the edge to the core to the cloud**

Unified network operating system, common toolsets

Avoid vendor lock-in with full control of the technology stack

Better performance and simplified management with User Container Support (UCS)

Full fabric monitoring and visibility with streaming telemetry, from the edge to the core to the cloud

Reduce cycles spent on day-to-day management, increase productivity and **spend more time innovating**

We're taking open source **mainstream**
