

# Keep Your Hard Drive Service

Retain control of your PC data and hard drive disposal

## Decide how and when to dispose of your data, on your own terms

As data privacy regulations tighten, organizations are taking greater control of their information. Keep Your Hard Drive (KYHD) service lets companies retain failed drives after repairs, preventing sensitive data from leaving their premises. Even damaged drives can be exploited with advanced recovery tools, making physical custody essential. This service helps businesses stay compliant while protecting their most valuable asset—data.

Keep Your Hard Drive service enables organizations to maintain custody of failed drives after repair, eliminating the standard return requirement. Offered as an add-on for systems with removable, slotted drives\*, KYHD helps safeguard sensitive data by keeping it within the organization's control. Customers must have an active support contract that includes system repairs.

**Keep Your Hard Drive (KYHD) service is available at the time of system purchase or any time before your system experiences a hard drive failure.**

KYHD applies to multiple drive failures in a system.

### Protect

Sensitive data by keeping failed hard drives in your possession.

### Retain

Control by deciding how and when to dispose of failed hard drives.

### Comply

With data privacy rules by safeguarding sensitive information in-house.

### Mitigate

Risks by preventing exposure of confidential data or intellectual property.

For more information, contact your Dell representative.

\*KYHD service is not available on models with a soldered hard drive.
