3 STRATEGIES TO TRANSFORM EMPLOYEE PRODUCTIVITY

The effective deployment of technology is key to a productive workforce.

Workforce Enablement Solutions delivered clear benefits.

**UP TO 27* DAYS**
GAINED PER EMPLOYEE PER YEAR

**UP TO 27* DAYS**
GAINED PER EMPLOYEE PER YEAR

**UP TO 22* DAYS**
GAINED PER EMPLOYEE PER YEAR

**Best-suited Device Experience**
A hardware policy that provides the choice of Dell and Apple devices leveraging Intel® vPro capabilities with rapid configuration.*

**Unified Endpoint Management (UEM)**
An integrated approach to managing mobile devices, PCs, and other workstation technologies with VMware Workspace ONE.*

**Enterprise Collaboration**
Microsoft Office 365 promotes cross-departmental collaboration and facilitates communications between employees in different locations.

“Dell is really an extension of our IT and the savings they provide are tremendous. They do all of the remote support that we cannot do or choose not to do. We are probably saving at least two or three full-time positions on a support desk.”

- Emerging technology manager, professional consulting firm

**The Path to Workforce Productivity**

An effective workforce is critical to the success of any organization. The ability of workers to create and innovate depends on motivation and engagement. IT leaders must maximize the effectiveness of their organization’s workforce by keeping motivation and engagement high.
