No Better Partner for Your Multi-Cloud Journey

80% of organizations are resorting to deploying data protection solutions from multiple vendors*

Compared to those working with a single data protection vendor, on average, organizations using multiple data protection vendors are likely to experience almost:

- 2x higher downtime related costs*
- 5x higher data loss costs*
- 2x more vulnerable to a cyber incident*

Dell Technologies is Your One Vendor for Proven + Modern Cloud Data Protection

Proven + Modern

- "Cloudy" Experience Everywhere – Agility
- Simplified Operations
- Next Generation Data Protection
- Cost Efficiencies
- Cyber Resilience
- Consistency Across Clouds
