10.

Case Description: Enter the product training you would like to enroll in. **Click Submit**

On-demand services training and certification process

Frequently asked questions

- Which partners are eligible to participate?
 - Individual resources from any tiered partner company that can become enabled to deploy services are eligible to participate. This includes partners that are solution providers, distributors and OEM partners. Partner must have also booked product revenue with Dell Technologies in the past four quarters.
- Are there participation allowances by Dell Technologies Partner Program metal tier status?
 - Yes. There are participation allowances by metal tier listed for Gold, Platinum and Titanium partners:
 - Gold tier partners may have a **total** of three (3) individual resources participate **per** company.
 - Platinum tier partners may have a **total** of six (6) individual resources participate **per** company.
 - Titanium tier partners may have a **total** of ten (10) individual resources participate **per** company.
 - Distributors and OEM partners may have a **total** of two (2) individual resources participate **per** company.
- Can I sign up using my personal email address and sign up multiple people at one time?
 - No. In order to participate, each individual resource must complete the training sign-up process and do so using a valid corporate email address associated to the metal tiered partner company.
- Does the training and certification include support delivery enablement?
 - No. The on-demand services training and certification opportunities are exclusively for **deployment** delivery enablement.
- How do I contact the Channel Services Helpdesk?
 - You may open a case with the Channel Services Helpdesk by going to this [link](#). A member of the Channel Services Helpdesk will reach out to you to start the on-demand services deployment training and certification process and help with any issues.

On-demand services training and certification process

Frequently asked questions (continued)

- Am I limited to one fee-waived training and certification?
 - **Yes.** The fee-waived on-demand services learning opportunity is **limited** to one certification/authorization per resource. The training and certification choices are Unity, VxRail **or** DP400. The exam voucher is also for **one** attempt at passing the certification exam.
- What if I don't have an education account with Dell Technologies?
 - The Dell Technologies Channel Services Helpdesk will help you with the sign-up process regardless of whether you are:
 - an existing partner with no education account
 - an existing partner with an education account that hasn't participated in any training and certification for the three eligible products
- Can I use the exam voucher for the associate or specialist exam?
 - Yes. The exam voucher (code) may be used to take **either** the associate or the specialist exam.
- What if I started deployment training for one of these products prior to April 2020?
 - On-Demand services training and certifications started prior to April 1, 2020 are not eligible for the offer.
- What if I start training but don't finish the certification exam by May 31, 2020?
 - The On-Demand services training and certification offer is **only** available until May 31, 2020 and will expire if not completed by that date.
- Is the On-Demand services training opportunity available to partners globally?
 - **Yes.** It is available to partners in all global regions where Dell Technologies products are sold and deployed.
